NOTE.—No Appointments made after the 18th of the Month preceding publication can be inserted in the body of the NAVY LIST until the following List is published.

Officers on the Retired List who have commuted their Retired Pay, and Officers retired on Gratuities, must send annually between 1st January and 31st March a notification to the Secretary of the Admiralty of their being alive, otherwise their names will be removed from the List.

Retired or Honorary Officers of the Royal Naval Reserve must also send annually, between the same dates as mentioned above, a similar notification to the Registrar General of Seamen in order to prevent their names being removed from the List.

The List of Retired Officers of the Royal Naval Reserve now appears at page 723.

Officers of late Royal Naval Artillery Volunteers must send in annually to the Secretary of the Admiralty, between 1st January and 31st March, a notification of their being alive, otherwise their names will be removed from the List.

The List of these Officers appears at page 731.

Officers who succeed to peerages, baronetcies, or courtesy titles should immediately notify the same to the Secretary of the Admiralty, in order that the necessary alterations may be made in the NAVY LIST and in the Official Records of the Admiralty.

The EDITOR of the Navy List will be glad to receive any communications respecting omissions or errors in the List, addressed to him at the ADMIRALTY, LONDON, S.W., and such communications should be marked "On His Majesty's Service."

The NAVY LIST is compiled and published by order of the Lords Commissioners of the Admiralty for the convenience of the Service; but, as errors may occasionally occur, their Lordships must expressly reserve their right to determine the status of any Officer according to the actual circumstances of the case, independently of any Entry in the Navy List.

By command of their Lordships,

EVAN MACGREGOR.

NAVAL AND GREENWICH HOSPITAL PENSIONS.

The attention of Officers on the Retired Lists, desirous of being considered in the awards of Naval and Greenwich Hospital Pensions, is directed to the necessity of applying to the Secretary to the Admiralty for the forms as to services, claims, circumstances, &c., required to be filled up by candidates.

These Pensions are established for the purpose of affording relief to such retired Officers as may be in the opinion of the Admiralty most deserving, provided they have the necessary service, &c., required to render them eligible in accordance with Articles 2127 to 2131 of the King's Regulations and Admiralty Instructions of 1899 (Addenda).

ENGINEER LIEUTENANTS.

NOTE.—As the seniority of certain Engineer Lieutenants of over 8 years' standing as fixed on the 1st April, 1903, in some cases appears to give them a position inferior to that which their seniority as Chief Engineer entitled them, it is to be noted that the relative rank of all such Officers is governed by the date of their advancement to the Chief Engineers' List.

NOTE.—Executive Officers marked * have completed 12 months' training in the Royal Navy and are entitled to the Annual Training Fee of £25 a year in the cases of Commanders and Lieutenants, £20 a year in the case of Sub-Lieutenants, and £10 a year in the cases of Acting Sub-Lieutenants and Midshipmen. Executive Officers will be marked with an additional asterisk (*) in respect of each further period of 12 months' service. Officers marked § have served in the Fleet for one or more short cruises only.

Those marked † have completed and obtained a certificate in either a Gunnery or Torpedo Short Course, whilst those marked ‡ have completed and obtained a certificate in both Gunnery and Torpedo Short Courses.

Executive Officers whose names are printed in italics are liable to removal from the list for non-attendance at drill (Art. 98), or for having left the sea service (Arts. 99 or 100). Engineer Officers whose names are printed in italics are liable to removal from the list for not being employed in accordance with the Regulations (Art. 103) or for failing to report themselves (Art. 104). The above list is issued for the information of Captains of His Majesty's Ships with reference to the provisions of Article 90 of the King's Regulations, under which they are authorised to ascertain whether British Merchant Ships flying the Blue Ensign of His Majesty's Fleet are legally entitled to do so under the Regulations of the Royal Naval Reserve.

The detailed Regulations issued by the Board of Trade lay down the following conditions relative to the wearing of the Blue Ensign:—

(a) If, from any circumstance, the Naval Reserve Officer to whom the warrant was issued is not in command of the ship, then the Blue Ensign is not to be worn.

(b) If the number of persons belonging to the Naval Reserve on board is less than 10, then the Blue Ensign is not to be worn unless it can be shown by the endorsements on the Agreement, or by entries in the Official Log, that the reduction in the number was caused by death, sickness, desertion, joining one of His Majesty's Ships, or by some unavoidable casualty.

(c) If it is found that, although the ship is provided with an Admiralty Warrant, the above-named conditions are not complied with, the Admiralty Warrant should be obtained and transmitted, with a report to the Admiralty.

(d) If it is found that the ship is flying the Blue Ensign without an Admiralty Warrant the Blue Ensign should be seized and the case reported to the Admiralty.

By command of their Lordships,

Admiralty.

EFFECT OF LOSS OF SENIORITY BY SENTENCE OF COURT-MARTIAL.

The sentence of a Court-Martial, placing an officer at the bottom of the list of his rank involves the loss of previous time of service in that rank; so also, when the sentence of a Court-Martial takes away any seniority from an Officer, it thereby affects his Full, Half, and retired pay and gratuity in cases where the same depend upon seniority; and it carries with it the loss of the benefit of the service, included in the seniority forfeited, in cases where the Full, Half, and retired pay and gratuity, depend upon actual service.

In making out this List, the following Directions are to be carefully observed:—

I. The List to be made out in triplicate, for their Lordships the Commander-in-Chief of whose Flag-Ship Officers are to be borne, and the Accountant-General when Officers are entitled to Full-pay Leave otherwise it is to be made out in duplicate, for their Lordships and the Accountant-General.

II. Foreign Service in a Ship commences on the date of leaving England, and ends upon her arrival home, the time employed sitting out at home and dismantling after arrival not being reckoned as Foreign Service. If a Ship returns to England and proceeds again to a Foreign Station, the time in England is not to be reckoned as Foreign Service.

III. The Actual Foreign Service only is to be specified in red ink against each Officer. If the Foreign Service of any Officer falls short of one year it may be entered in black ink, inserting "nil" in the column for "No. of Weeks' Leave." If an Officer has been checked on leave to England during his service, the period should also be stated.

V. An Officer returning to England, if entitled to Full-pay Leave after arrival, is to be borne on the book of the Flag-ship at whichever port is most convenient to him. The name of such Flag-ship should be inserted in the left-hand corner on the other side of this Form before the Officer embarks for passage to England.

VI. The full-pay only of the respective ranks will be allowed while on leave, *excluding* Command Money to Lieutenants and Staff-Commanders in Command, Senior and Gunnery Allowances, and all other additions to Full-pay.

VII. No advance or Payment on Account is to be made by the Paymasters to an Officer while on Full-pay Leave under the Circular; the Pay Tickets are to be forwarded from the Flag-Ship to the Accountant-General, by whom only the time on leave can be investigated, and the amount due paid, when the Officer's leave expires.

VIII. By Orders in Council, it is directed that the leave is only allowed at their Lordships' discretion, on return from Foreign Service, as follows:—

For every complete six months' service abroad, provided the absence has not been less than one year One week

For every month served beyond the last period of six months One day

This scale to extend to a period of five years' absence from England.

2. Cases in which the absence from England is less than one year, or more than five years, will be specially dealt with by their Lordships when circumstances, in their opinion, warrant the extension of some special indulgence to an Officer returning to England after such absence.

RETIRING PENSIONS TO CHIEF GUNNERS, CHIEF BOATSWAINS, CHIEF CARPENTERS, CHIEF ARTIFICER ENGINEERS, GUNNERS, BOATSWAINS, CARPENTERS, ARTIFICER ENGINEERS, AND HEAD WARDMASTERS.

EXTRACT FROM THE REGULATIONS.

They shall be pensioned at 55 years of age, and at any age, if found unfit for service at sea; and they may, by the permission of the Admiralty, be pensioned at their own request, at 50 years of age.

The following shall be the scale of pensions:—

	For each year's Service, above the Rank of Petty Officer.	Addition for each year's Service as Seaman (or Petty Officer), Artisan or Engine-room rating, but the additional time allowed for Service as Seaman-Gunner not to count.	Maximum for Service only.	Minimum for Service only.
Chief Gunner . . .	£ 5 0	£ 1 10	150	No fixed Minimum.
„ Boatswain . . .				
„ Carpenter . . .				
Gunners, Boatswains, Carpenters and Head Wardmasters:—				
Under 10 years . . .	3 10	1 10	120	Under 5 years' service as warrant-officer, 40 <i>l</i> . With 5 years' do. and under 10, 50 <i>l</i> .
With 10 years . . .	4 0	1 10	120	With 10 years' do. and under 15, 75 <i>l</i> . With 15 years' service as warrant-officer, 95 <i>l</i> .
Chief Artificer Engineers: . . .	5 0	*2 10	150	No fixed Minimum.
Artificer Engineers: . . .				
Under 10 years . . .	3 10	*2 10	120	Under 5 years' service as Warrant Officer, 60 <i>l</i> . With 5 years' do. and under 10, 60 <i>l</i> .
With 10 years . . .	4 0	*2 10	120	With 10 years' do. and under 15, 75 <i>l</i> . With 15 years' do. 95 <i>l</i> .

* Time served before promotion will also count at the rate of £1 10*s*. for each year's continuous service prior to being rated Chief Petty Officer, this latter rate to apply also, as regards corresponding service, to the pensions of Artificer Engineers who have risen to that rank from the grade of Boy Artificer.

All such Officers holding appointments in His Majesty's Yards, if not entitled to civil superannuation, shall be allowed to count such service as time towards pension, on the above scale.

In the event of the above-mentioned officers having sustained injuries on duty not nearly equivalent to the loss of a limb, or being disabled by sickness contracted in the service, and not from want of proper care on their own part, an increase of not more than 10*l*. a year may be made to whatever Retiring Allowance may be awarded to them under the foregoing scale, provided they have not already received compensation for the same.

For ruptures and minor injuries received on duty gratuities shall be granted under Article 2112 of the Regulations, at the discretion of the Admiralty, instead of the above increase.

Whenever an application for a pension on account of age, long service, or disability is made by an such Officer who has received a wound or injury in the service, the Captain will direct the Medical Officer to make a report, which he will forward with the application, for the information of the Admiralty, stating clearly the extent to which the injury affects the applicant, and the degree in which it incapacitates him from contributing towards his own support; if the injury was received before the 30th of August, 1870, and no hurt certificate is produced, the applicant's statement should be supported by any documentary evidence that can be produced.

Special Pensions, or gratuities in excess of the foregoing scale for service may, at the discretion of the Admiralty, be awarded when special services have been rendered requiring special reward; and such lower rates of pension as the Admiralty may think proper may be granted to officers who have been guilty of misconduct.

Time during which an officer shall not have maintained a good character in the ships in which he has served shall not be allowed to reckon as service for Pension.

Chief Gunners, Chief Boatswains, Chief Carpenters, Chief Artificer Engineers, Gunners, Boatswains, Carpenters, Artificer Engineers, and Head Wardmasters, in such cases as may be for their advantage may be pensioned on the scale for seamen, their service in the above ranks being allowed to reckon as superior petty time.

All such Officers who have been dismissed from His Majesty's service for what may be considered venial offences in the case of seamen, may, at the discretion of the Admiralty, be allowed Naval Pensions on the seamen's scale, provided they have twenty-one years' service, or are from age or other causes unfit for service as seamen in the Navy.

In such cases the time served as Warrant Officer may be allowed to reckon as superior single petty time under Article 2141 of the King's Regulations.

Rank to Chief Gunners, Chief Boatswains, Chief Carpenters, and Chief Artificer Engineers on Retirement.

1. Chief Gunners and Chief Boatswains, who have served three years in these ranks may be granted the rank of Lieutenant at the discretion of the Admiralty on retirement.

2. Chief Carpenters with not less than three years service as such may be granted the rank of Carpenter Lieutenant at the discretion of the Admiralty, on retirement.

3. Chief Artificer Engineers with not less than three years' service as such may be granted the rank of Engineer Lieutenant, at the discretion of the Admiralty, on retirement.

RETIREMENTS, &c.

GENERAL RULES.—CONDITIONS OF RETIREMENT, &c.

NOTE.—For Tables of Full, Half, and Retired Pay, and Gratuities, see pp. 773, 793.

NAVAL OFFICERS.

I.—General Rules.

1. After the award of retired pay, no increase of such pay to be allowed to any Officer, except as provided in the Regulations for Officers on the Reserved or Retired Lists when called into Active Service in time of war or emergency (see p. 941). The only addition possible will be in the form of Pension.

2. Power is reserved to the Admiralty to suspend at any time and with respect to any rank, the provisions of the Order under which an Officer may at his option retire at an age less than that fixed for compulsory retirement in each rank. It must be understood that optional retirement may be suspended in the case of any individual Officer to whose rank this clause applies without extending the suspension of optional retirement to other Officers of the rank.

The same power exists of suspending the provisions as to voluntary retirements.

3. Retirement from the Active List is not to disqualify any Officer for employment at or under the Admiralty.

4. The sentence of a Court-Martial placing an Officer at the bottom of the list of his rank involves the loss of previous time of service in that rank; so also when the sentence of a Court-Martial takes away any seniority from an Officer, it thereby affects his half or retired pay, or pension, in cases where the same depend upon seniority; and it carries with it the loss of the benefit of the service included in the seniority forfeited, in cases where the half or retired pay, pension, or gratuity, depend upon actual service; but, although the time is forfeited, it is to be considered as service in reference to compulsory removal from the Active List.

5. (a) An Officer who, in the opinion of the Admiralty, by reason of an act or acts of misconduct, or through intemperate or irregular habits of life has become unfit for, or, in the opinion of the Admiralty, is for any reason unworthy of, further employment, may be placed on the Retired or Pension List irrespective of Age or Service, whether he has been tried by Court-Martial or not.

(b) An Officer placed on the Retired List under Clause (a), may be granted such rate of Retired Pay, or such Gratuity, as the Admiralty may think fit, provided that the amount of Retired Pay shall in no case exceed the half-pay to which such Officer was entitled previous to retirement, and that the amount of the Gratuity awarded shall not exceed the commutation value (as assessed by the Pensions Commutation Board) of such half-pay; and shall be less than the amount of Gratuity to which he would have been entitled under ordinary circumstances.

No Officer may, however, be granted Retired Pay in excess of the amount to which he would have been entitled under ordinary circumstances.

(c) An Officer who has had long and good service, but who is not entitled under ordinary Regulations to Retired Pay or Gratuity, in consequence of forfeiture of service by sentence of Court-Martial, may be awarded such Gratuity, not exceeding five hundred pounds (£500) as the Admiralty may think fit.

(d) An Officer dismissed the service by sentence of Court-Martial may be awarded a Compassionate Allowance not exceeding the lowest rate of half pay of his rank; but the granting of such Compassionate Allowance shall be entirely at the discretion of the Admiralty.

No Officer may, however, be awarded a Compassionate Allowance in excess of the Retired Pay to which he would have been entitled, under ordinary circumstances, on retirement.

(e) Sub-Lieutenants and Assistant Paymasters, whether dismissed the Service by Court-Martial or placed on the Retired List under Clause (a), may be awarded gratuities not exceeding 25*l.* for each year's service in these ranks, or 250*l.* in all.

(f) Officers allowed to resign their commissions to avoid trial by Court-Martial may be granted such com-

passionate allowance as the Admiralty may think fit, provided that such allowance shall in no instance exceed one third of the amount of half-pay to which the Officer was entitled at the time of resignation, and provided also that such allowance shall not in any case exceed 100*l.* per annum.

(g) Commissioned Warrant Officers, Warrant Officers, and Officers of Coast Guard other than Commissioned Officers, placed on the Pension List under Clause (a), may be awarded such reduced rates of pension as the Admiralty may in each case determine.

(h) Nothing in these provisions shall prejudice or affect the power of the Admiralty to discharge or dismiss Officers, or shall confer on any person who has been removed from His Majesty's Service any right to half-pay, retired pay, or pension, compassionate allowance, or gratuity.

The expression "an Officer" in these regulations shall, unless the context otherwise requires, include Commissioned Officers, Warrant Officers, and Subordinate Officers of all ranks.

23. The sentence of a Court Martial, placing an Officer at the bottom of the list of his rank, involves the loss of previous time of service in that rank; so also when the sentence of a Court Martial takes away any seniority from an Officer, it thereby affects his full, half, and retired pay and gratuity in cases where the same depend upon seniority; and it carries with it the loss of the benefit of the service, included in the seniority forfeited, in cases where the full, half, and retired pay and gratuity depend upon actual service.

24. An Officer placed upon the retired list is in no case to be replaced on the Active List.

25. An Officer dismissed the Service by sentence of Court Martial for misconduct, or allowed to resign his commission to avoid trial by Court Martial, may, at the discretion of the Admiralty, be granted a compassionate allowance provided that such allowance shall in no case exceed one third of the amount of half pay to which the Officer was entitled at the time of removal, and provided also that such allowance shall not in any case exceed £100 per annum.

(Extract from Order in Council of 15th January, 1878.)

37. "Officers incapacitated by illness, &c., after only short service to be granted instead of temporary half pay as allowed by Order in Council of 4th August 1873. Retired Allowances, by way of Annuity, upon the following conditions, which are the same conditions as those imposed upon Army Officers by the 151 and 152 Articles of the recent Royal Warrant, viz.:-

"An Officer who may become unfit for service in consequence of wounds received in action, or of ill health contracted in and by the performance of military duty, as certified by a Medical Board, may be granted temporary half-pay until he shall recover, and until an opportunity shall occur for his re-employment. Except in the case of wounds received in action, the Officer must, however, have served with a commission in Our Marine Forces for three years, unless he shall have been promoted from the ranks, when one year's service only as a Commissioned Officer shall be required. In special cases in which the circumstances may appear to Us to call for exceptional consideration, it shall be sufficient that the disability shall have been contracted in the service.

"In the case of an Officer placed upon temporary half pay in consequence of injuries caused in and by the service, We may, provided a Medical Board report that the Officer is unfit for further service, place such Officer upon permanent half-pay, after not less than one year upon temporary half-pay. In special cases in which the circumstances may appear to Us to call for exceptional consideration, it shall be sufficient that the disability shall have been contracted in the service.

"But such Retired Allowances, by way of annuity, are only to be granted in special cases, with the consent of the Treasury, and the rates are to be made so as to coincide, as far as may be, with the principle of a pension of 225*l.* a year at 42 years of age."

(Extract from Order in Council of 30th November, 1862.)

38.-(a) An Officer who becomes temporarily unfit for service in consequence of wounds or injuries received while on duty, or ill-health certified by the Medical Director General to have been contracted in the Service, may, if the Admiralty considers the circumstances under which the disability was contracted are not such as to preclude the grant of half pay, be granted half-pay until he recovers, and an opportunity occurs for his re-employment.

"Such Officer shall not, however, remain on half-pay beyond the date to which he would be otherwise subject to retirement, and he shall be subject to retirement as specified in the following clause.

Except in the case of wounds or injuries received on duty, the officer must be of three years' seniority in the Royal Marines.

(b) An Officer, after remaining not less than one year on half-pay, if reported by the Medical Director General to be permanently unfit for further service, may be placed on the retired list, with retired pay according to the scale laid down at page 806, provided he has been upon full pay for a total period of five years in the case of an Officer whose disability has been incurred in and by the Service, and of 12 years in other cases.

(c) An Officer, who entered the Service before 1st April, 1870, shall be allowed a rate of retired pay not less than that which would have been granted to him under the Orders in Council of 2nd February, 1870, and 5th February, 1872; and an Officer who entered after 1st April, 1870, but before 1st July, 1871, may, at the discretion of the Admiralty, be granted a retired allowance under the conditions contained in paragraphs 12 and 18 of the Order in Council of 15th January, 1878.

41. An Officer who has not been in receipt of a Good Service Pension while serving as Deputy Adjutant-General, and whose half or retired pay after vacating the appointment falls short of 950*l.* a year, is to be eligible for the award of a Good Service Pension, subject to the condition that, if the half or retired pay and the Good Service Pension combined be in excess of 950*l.* a year, a reduction is to be made in the half or retired pay proportionate to such excess.

42. Lieutenant-Colonels and Colonels of Marines to be allowed to receive in retired pay together with Good Service Pension a sum not exceeding 600*l.* a year, but should the two together exceed that sum they will be retired on 600*l.* a year, relinquishing the Good Service Pension.

Note.—This does not apply to Colonels Commandant.

- Superintending Clerk, Marine Office.
- Trained Bandmaster.

- Superintending Clerk, Paymaster's Office.
- Schoolmaster, after 13 years' service as such.

A Marine is not as a rule eligible for appointment as Warrant Officer if below the rank of Sergeant, or over 40 years of age; but in cases deserving of special consideration the Lords Commissioners of the Admiralty have power to extend the limit of age for promotion to Warrant rank to 45 years of age (Order in Council 11th August, 1884.)

49. To be retired at the age of 65, or if physically unfit for further service, and to be retired at an earlier age should it be deemed expedient.

50. A Warrant Officer is not to be granted an annuity for meritorious service and distinguished conduct, nor a medal or gratuity for long service and good conduct; but he may retain an annuity he has been granted before promotion for distinguished and meritorious conduct, or for conspicuous gallantry in action; and he may keep and wear his medal for long service and good conduct. He may also receive a special pension with the Victoria Cross.

FLAG OFFICERS.

1851.

B. Her late Majesty, by Her Order in Council of 25th June, 1851, having been graciously pleased to sanction certain arrangements, proposed by the Board of Admiralty, with a view to the general benefit of the Naval Service, and, at the same time, the ultimate reduction of the present charge for half-pay, the Lords Commissioners of the Admiralty hereby give notice of the mode in which the arrangements in question will be carried into effect.

The number of Flag Officers will in future be reduced to 99, exclusive of Admirals of the Fleet; of these 21 to be Admirals, 27 Vice-Admirals and 51 Rear-Admirals: this reduction will be effected as follows, viz.:-

1st. By removing to a Reserved Half-pay List those Officers now on the Active List who have not served for their Flag under the Order in Council of 30th June 1827. These Officers will receive, as at present, the Half-pay of Rear-Admirals, but they will be allowed the same advantage of rising in rank as if they had remained on the Active List.

2nd. By awarding ten Retired Service Pensions, of 150*l.* each, to such Flag Officers as are either above 70 years of age, or are physically incapable of further Active Service, such Officers to be placed on the Reserved List, and the vacancies occasioned by death to be filled up from the Active List. These Pensions will not be held in addition to the Good Service Pension.

1866.

1. Compulsory retirement to be extended to all the Executive Lists.

2. Admirals to be retired on attaining 70 years of age, or when physically unfit for service.

3. Vice-Admirals to be retired on attaining 66 years of age, or when physically unfit for service.

4. Rear-Admirals to be retired on attaining 65 years of age, or when physically unfit for service.

5. Flag Officers, at present on the Active List, who may be retired under these Regulations will retain all the privileges of rising in rank and pay to which they are now entitled; but no Flag Officer who has not hoisted his Flag will be considered eligible for the appointments of Vice and Rear-Admirals of the United Kingdom, or for promotion to the rank of Admiral of the Fleet.

6. The Active Flag List to be reduced to 35:-

Admirals of the Fleet and Admirals . . . 21

(But not to be more than three Admirals of the Fleet at one time.)

Vice-Admirals 22

Rear-Admirals 12

Total 85

This reduction to be made gradually, by only filling up two out of every three vacancies caused by the removal of Flag Officers who accept (Greenwich Pensions and by retirements from age, whether optional or compulsory). Vacancies from all other causes to be filled up as they occur. Vacancies on the List of Flag Officers on Reserved Half-pay in receipt of Service Pensions, and on the List of Flag Officers of Greenwich Hospital, will not be filled up.

7. Flag Officers at present on the Active List, who have hoisted their Flags, or been employed at the Admiralty since their promotion to Flag Rank, are to be allowed to retain their places on the Active List, if they should prefer it, but they may be placed on the Retired List at their own request, with the consent of the Admiralty. Officers coming on the Flag List after this date will be subject to compulsory retirement at the age specified above whether they have served or not.

CAPTAINS.

1847.

The plan of retirement published in the London Gazette of 1st Sept. 1845, and carried out by Order in Council of 24th April 1847, provides:-

1st. That the rank of retired Rear-Admirals shall be given, by Seniority, to such applicants from the 1*st* 1*st* 1*st* Half-pay List as may be willing to accept it, with the pay of 1*l.* 5*s.* per diem, and the corresponding pension to their widows, under the usual restrictions.

2nd. An addition of 7*s.* 6*d.* per day to be given to applicants by Seniority, from the 1*st* 1*st* 1*st* and 10*s.* 6*d.* Half-pay Lists, being Captains of not less than 20 years' standing and 55 years of age. Officers from both Lists to be permitted to assume the title of Retired Rear-Admiral at the period when they would have obtained the Flag by Seniority had they remained upon the Active List, and (under Order in Council of 17 May 1858) to rise to the higher grades on the Flag List, according to the Seniority which they respectively held on the List of Captains. Their widows to be entitled to a pension of 110*l.* per annum, and to the pension of Rear-Admiral's widow when the rank of Retired Rear-Admiral has been attained.

3rd. The vacancies upon the 1*st* 1*st* 1*st* List to be filled up, in turn of Seniority, by Officers then accepting the 18*s.* per diem; but no new admissions to the 1*st* 1*st* 1*st* List to be made until it is reduced below the number of 25, which it is not to exceed afterwards. The permanent Retired List to be reduced to 100, by making one appointment for every two vacancies, the first 25 Officers upon the List receiving 1*l.* 5*s.* per diem, and the remaining 75 1*l.* per diem, with the right of assuming the rank of Retired Rear-Admiral when entitled to it by Seniority.

1851.

The number of Captains on the Active List, will be reduced to a number not permanently exceeding 350, and the reductions shall be effected as follows, viz.:-

1st, as vacancies occur on the Active List of Flag Officers, the Captain first in Seniority, who has served for his Flag, will be promoted; reserving, however, the Sovereign's undoubted right of selection. Those Captains will rise to their Flags, who have not so served, will be placed on the Reserved Half-pay List, rising in rank as at present, but with the Half-pay only of Rear-Admirals.

2nd. By keeping up the Retirement of 1846 to the number of 300, to be effected by permitting Captains who are above 55 years of age, and who have been on the Captains' List for ten years, to be eligible for retirement. The retirement will be so kept up to 200 until the List of Captains shall be reduced to 350; the Retired List then to be diminished by only retiring one in two vacancies until it shall be reduced to 100.

3rd. By observing the rule of promotion, as it is now in force, of promoting one in three vacancies, except in special and individual cases, until the number is reduced to 350.

1860.

All Captains who have attained, or shall hereafter attain, the age of 60, without having served in their present Rank, to be placed on a Retired List, and receive Retired Pay as follows:-

If on 12*s.* 6*d.* 20*s.*

On 14*s.* 6*d.* 21*s.*

Such Officers to assume the Rank and Title of Rear-Admiral at the time they would have obtained their Flag by Seniority, had they remained on the Active List.

Captains who may arrive at the head of the List, with out having served in that Rank, to be placed on the List of Reserved Flag Officers, with the pay of 20*s.* per diem. Captains now on the 14*s.* 6*d.* Half-pay List not to be affected by these arrangements unless by their own desire.

1. The Active List of Captains to be reduced from 350 to 300.

2. 5. A limited number of Captains who may have attained the age of 50, and who are not desirous of further employment, to be allowed, at the discretion of the Board of Admiralty, to retire on the foregoing conditions, and subject to the same proviso. § XV.—UNIFORM.

116. The Officers, Men, and Boys of His Majesty's Fleet and the Royal Marines shall wear such uniform as the Admiralty shall, in pursuance of His Majesty's pleasure, from time to time direct.

2. The descriptions of the various articles of uniform are specified in the Uniform Regulations, and will be published from time to time in the Navy List.

Plain Clothes.

2. Permission may be given to the Officers to wear plain clothes on ordinary leave; but at Reviews, Public Balls, or Entertainments given by Naval or Military Authorities, by Civil Functionaries, or by Military Messes at ports at which their ships may be lying (except Fancy Dress Balls) Officers are to wear the uniform of their rank, as prescribed for the various occasions specified under "Dresses, and occasions on which they are to be worn," and no deviations are to be authorised without special authority previously obtained from the Admiralty.

Knights Grand Cross and Knights Commander will wear thereon, senior to all other decorations, except the Victoria Cross, the miniature badge of the order, or orders, to which they belong, omitting the buckle in the case of the orders of the Bath and of St. Michael and St. George. The precedence of the various orders of Knighthood concerned is as shown in Cl. 10 A. for the companions of those orders.

23. If necessary the bar should extend over the lapel of the coat.

Decorations, &c., may be worn with plain dress.

PRIZES, TESTIMONIALS, &c.

THE BEAUFORT TESTIMONIAL

The Beaufort Testimonial, which was founded in 1860 to commemorate the service of Rear-Admiral Sir Francis Beaufort, K.C.B., who filled the post of Hydrographer of the Navy from 1829 to 1855, consists of some instrument or work of a kind to be practically useful to a Naval Officer.

It is bestowed annually on the Officer who, in qualifying for the rank of Lieutenant, passes at the Royal Naval College the best examination in the subjects laid down in the King's Regulations and Admiralty instructions as comprised in Navigation.

Candidates for the Beaufort Testimonial must signify their intention of competing one month before the time for their examination, and more searching questions will be set them on all subjects.

THE GOODENOUGH MEDAL AND FUND.

The Goodenough Fund—founded in memory of the late Captain James G. Goodenough, C.B., C.M.G., who died on 20th August, 1876, whilst serving as Commodore on the Australian Station, from wounds inflicted with poisoned arrows in an unprovoked attack by natives of Santa Cruz—consists of a sum of about 800l. The interest of this sum is employed annually in providing a Gold Medal, called the Goodenough Medal, which is conferred on the Sub-Lieutenant who, when qualifying for the rank of Lieutenant, passes the best examination of his year in Gunnery, provided he has also taken a first-class certificate in Seamanship. Any balance that remains after payment of expenses is also handed over to him.

THE GILBERT BLANE MEDAL.

In 1830 the late Sir Gilbert Blane, Bart., formerly a member of the Board for sick and wounded seamen, established, with the sanction of the Board of Admiralty, for the encouragement of Naval Medical Science, a fund vested in the Corporation of the Royal College of Surgeons of London, in trust, for the purpose of conferring a gold medal once in every two years on each of the two Medical Officers (Fleet, or Staff Surgeons, or Surgeons) who shall produce the most approved journals of their practice "in the form in which they have been kept from day to day" while in Medical charge of a ship of war in the Royal Navy.

The Presidents of the Colleges of Physicians and of Surgeons, and the Medical Director General of the Navy award the medals biennially for the two best journals sent into office during the preceding period of two years.

CHADWICK NAVAL PRIZE.

A Trust, called the Chadwick Trust, has been created by the will and codicil of the late Sir Edwin Chadwick, K.C.B., that once in every five years the Trustees may present the sum of £100 and a Gold Medal, to be called the "Chadwick Naval or Military Prize," to such Officer of the Naval or Military Medical Services as shall, during the preceding five years, have specially assisted in promoting the health of the men in the Navy or the Army, and shall be nominated for such presentation, in the case of a Naval Officer, by the Director-General of the Medical Department of the Navy.

THE NEWMAN MEMORIAL FUND AND PRIZE.

The Newman Memorial Fund—founded in memory of the late Mr. Edward Newman, R.N., who died whilst serving as Chief Engineer of H.M. Dockyard at Portsmouth—consists of a sum of about 400l. The interest of this sum is employed annually in providing a prize, consisting of books, scientific instruments, &c., which is conferred on the Engineer Student who, on the completion of his training, obtains in the examination for entry in the Royal Navy the highest total number of marks for Practical Engineering, Practical workmanship and knowledge of engine room duties; ability, skill and conduct at work during the period of training.

SHADWELL TESTIMONIAL PRIZE.

The Shadwell Testimonial Prize, founded in 1858, in memory of the late Admiral Sir Charles F. A. Shadwell, K.C.B., who died 1st March 1856, will be known as the "Shadwell Testimonial" and will consist of a Pocket Sextant, or other instrument (as funds will admit), of use in Navigation or Marine Surveying.

It will be bestowed annually on the Officer of a rank not higher than Lieutenant, and who has never been classed as an Assistant Surveyor, who has sent in through his Captain the most creditable plan of an anchorage, or other marine survey, accompanied with sailing directions, recently executed by himself.

The award will be made on the plans received at the Admiralty during each calendar year, by a Committee consisting of the Hydrographer, the Assistant Hydrographer, and Surveying Officer in charge of the Chart Branch at the Admiralty; and they will be empowered to make no award, should they judge the plans received during the year not to be sufficiently meritorious.

In case of co-operation in the production of a plan, a junior officer, who has assisted materially in its construction, may participate in the reward, should the funds be sufficient.

The first award was made on the plans received during 1889.

THE RYDER MEMORIAL FUND AND PRIZE.

The Ryder Memorial Fund—founded in memory of the late *Admiral of the Fleet*, Sir Alfred Phillips Ryder, K.C.B., who died on the 30th April, 1888—consists of a sum of about 1600l. invested in Government securities.

The dividend arising from this sum is employed annually in the provision of a prize of a book or books, to be awarded to the Sub-Lieutenant who, when qualifying for the rank of Lieutenant, passes the best examination in French at the Royal Naval College.

THE COMMANDER EGERTON PRIZE.

This prize was founded in 1901 in memory of the late Commander Frederick Greville Egerton, R.N., who was mortally wounded on the 2nd November, 1899, in the defence of Ladysmith, whilst acting in the execution of his duty.

The dividends arising from a sum of £500 given by the relatives and invested in Government securities, will be employed in providing the prize, to be called "The Commander Egerton Prize," which will be awarded annually, at the discretion of the Admiralty, to the officer who, when qualifying for Gunnery Lieutenant, passes the best examination in practical Gunnery.

Before being examined by the Civil Service Commissioners he will be required to pass the medical examination according to the prescribed regulations, and must have been found physically fit for the Navy; rejection at such examination will finally exclude him from the Navy.

8. The candidate will be required to produce (1) a Registrar's certificate of the date of his birth or a declaration thereof made before a magistrate (a Certificate of Baptism will not be accepted); (2) a certificate of good conduct from the masters of the school or schools at which he may have been educated during the two previous years, or, if educated at home from his tutor or the vergyman of the parish in which he resides; and (3) proofs of good health.

* 200 of the marks to be specifically allotted for excellence in the oral test

Applications for the Reduced Scale must be received at the Admiralty not later than 1st January, 1st May, and 1st September.

Parents or Guardians are further required to make a private allowance of £10 per annum to Cadets from the expiration of their period of training in the "Britannia," until they reach the rank of Acting Sub-Lieutenant.

14. In addition to the annual payments mentioned in the foregoing paragraph, the Parent or Guardian will be charged with the personal expenses incurred by the Cadet for washing, repairing boots and clothes, hair-cutting, pocket-money, &c.

15. The period of training will be four terms; there will be three terms in each year. The first three terms will be spent on board H.M.S. "Britannia," and the fourth on board a sea-going Cruiser. The first term of each year will be approximately from 1st January to 14th April, the second from 15th May to 15th August, and the third from 16th September to 16th December.

The vacations will be four weeks at Christmas, three weeks at Easter, and six weeks at Midsummer.

16. (a) Reports of progress in study will be made to the Admiralty at the end of each term, and an intermediate examination will be held at the end of the first, third and fourth terms.

(b) Cadets who are reported at the end of any term as having made unsatisfactory progress, through idleness or want of attention, will be "warned," and in the event of a second report to the same effect being received, they will be liable to be discharged.

(c) Cadets who fail at the final examination to obtain 45 per cent. of the maxima marks in the Mathematical subjects, including the Theory of Navigation and Nautical Astronomy, or in Seamanship, and 40 per cent. in Charts, Instruments, French, Steam and Drawing combined, will be ordered to be withdrawn.

(d) Reports of conduct will be made to the Admiralty at the end of each term or at any time during the period of training on board, if considered desirable. Cadets who are reported to the Admiralty at any time for unsatisfactory conduct will be "warned," and should they again be reported they will be liable to be discharged. Any Cadet, however, who is reported for unsatisfactory conduct during his final term will be liable to be discharged without being allowed to present himself at the examination for passing out.

Any Cadet who shall at any time appear to their Lordships to be unfit for the Naval Service, for any reason whatever, will be discharged, and it must be understood that this rule will apply to those who are considered unfit from insufficient physical development or weakness of constitution, although no actual organic disease may have been developed.

17. It is to be distinctly understood that the period of training is a time of probation, and the parent or guardian of every Cadet will be required to sign a declaration (on the admission of the Cadet to the "Britannia") to the effect that he shall be immediately withdrawn on the receipt of an official intimation of his being considered unfit for the Navy.

18. Cadets will, on passing out at the end of the fourth term rank according to the amount of sea time they obtain at their final examination, and those who obtain equal amounts of sea time will rank in the order of merit in which they pass out of the "Britannia."

Sea time will be awarded according to the following scale:—

	Mathematics and Navigation.	Extra Subjects.	Seamanship.	Conduct.
1st Class ..	1 month	1 month	1 month	Very Good, 1 month
2nd Class ..	$\frac{1}{2}$ month	$\frac{1}{2}$ month	$\frac{1}{2}$ month	Good, $\frac{1}{2}$ month

19. The parent or guardian of every Cadet will be required to provide outfit under the regulations in force.

20. No pay will be allowed by Government to Cadets in the "Britannia" or Cruiser. The pocket-money allowed to Cadets will be charged to the parents.

21. As only Cadets who are able to swim are permitted to use the boats, the Lords Commissioners of the Admiralty desire to impress upon parents and guardians the importance of Cadets being taught to swim before they join, so as to enable them to obtain the full benefits of use of the boats.

The age on entry having been raised, it is hoped that boys who are members of the Church of England will, if possible, be confirmed before joining the "Britannia."

The demands made upon the time of Cadets owing to the shortened period of training, will render it difficult to prepare such a large number for confirmation with the necessary care.

By Command of their Lordships,
EVAN MACGREGOR.

NAVAL CADETS.—REGULATIONS RESPECTING CADETS DURING TRAINING UNDER THE OLD SYSTEM.

(For the information of Parents and Guardians.)

1. The Naval Cadets who join the "Britannia" are allowed four terms of about 13 weeks each to complete their course of study, at the expiration of which they go up for final examination.

During their first three terms the Cadets will be in the "Britannia"; their fourth term will be spent in a sea-going Cruiser.

2. The terms are from about the following dates:—

14th January to 14th April,

5th May to 5th August,

16th September to 16th December;

and the vacations will be four weeks at Christmas, three weeks at Easter, and six weeks at Midsummer.

3. The friends of the Cadets must be prepared to receive them during all the Vacations.

4. The following payment will be required from the Parents or Guardians of each Cadet while in the "Britannia" or Cruiser, as a contribution towards the cost of his education:—

At the commencement of each term, £25, except in the case of those received at the reduced rate of £10 a year, whose payments will be £13 6s. 8d. only. Claims will be made upon the Parents or Guardians by the Accountant-General of the Navy for these sums as they become due, and the money should be at once remitted.

5. In addition to the above payments, any expenses incurred by a Cadet for clothing, books, washing, &c., as well as the allowance of 1s. a week paid as pocket-money, will be included in the personal account sent to the Parent from the Ship as soon as possible after the end of each term.

In the third and fourth terms the pocket-money may be increased to two shillings at the option, and with the written sanction, of Parents.

Captains of Cadets are paid 1s. and Chief Captains 1s. 6d. a week by the Admiralty for the satisfactory performance of their duties.

6. All travelling expenses for Cadets will be advanced by the Paymasters of the "Britannia," or of her sea-going Cruiser tenders, who will charge the sum to the Cadet's personal account.

7. Since the Cadets have a weekly allowance paid to them as pocket-money, and as an amount is allowed by the Government to pay the expenses attending their amusements, it is requested that their friends do not give them any money except on joining, or on their return from the Vacations, and that the amount should then be reasonable and under no circumstances exceed £1. It is particularly requested that this Regulation be strictly adhered to. Such money as may be required by a Cadet for any special circumstances will be advanced by the Paymaster under the authority of the Captain.

8. Any valuable Gold Watches or Chains brought by Cadets will be taken from them and placed in security until the Cadets return home. Silver Watches may be used.

9. Cadets are to bring their Linen clean, and Clothes and Boots in good order, when they join the ship, and also when they return from leave, and the outfit, as specified on p. 659, must be complete.

10. Cadets are not permitted to open any account with Tradesmen. Parents and Guardians are therefore requested to pay no bills that may be sent them, and to direct their sons' outfitters to supply their sons with no clothes or other articles without first obtaining the consent of the Parent or Guardian.

11. Every Cadet on joining, or returning after the vacations will be required to produce a health certificate—signed by his Parent or Guardian, not earlier than the day before the Cadet's return—to the effect that, so far as is known, he has not for at least three weeks immediately preceding his return been exposed to any infectious disease, or entered any house where such disease has existed. A certificate, drawn up in the necessary Form, will be sent to each Parent, and failure on the part of the Cadet to produce this certificate, duly filled up and signed, on his return to the "Britannia," or on his joining the Cruiser, will entail his not being received on board.

12. All letters relative to the Cadets should be addressed as follows:—"The Commanding Officer, H.M.S. 'Britannia,' Dartmouth."

Parents or Guardians of Cadets must, in all cases of permanent change of residence, communicate the same to the Admiralty and to the Commanding Officer of the "Britannia" without delay. Should the Cadet be in one of the Cruisers at the time the change of address should be communicated to the Commanding Officer of that vessel as well as to the "Britannia."

Private letters for Cadets in the Cruisers should be addressed (at present):—"H.M.S. 'Iris,' Special Service," or "H.M.S. 'Aurora,' Special Service," as the case may be.

13. (a) Reports of progress will be made to the Admiralty at the end of each term.

(b) Cadets who are reported at the end of any term as having made unsatisfactory progress, through idleness or want of attention, will be "warned," and in the event of a second report to the same effect being received, they will be liable to be discharged. Cadets whose progress is unsatisfactory may be put back a term.

(c) Cadets who fail in the final examinations to obtain 45 per cent. of the marks may be ordered to be withdrawn.

(d) Reports of conduct will be made to the Admiralty at the end of each term or at any time during the period of training on board, if considered desirable. Cadets who are reported to the Admiralty at any time for unsatisfactory conduct will be "warned," and should they again be reported, they will be liable to be discharged. Any Cadet, however, who is reported for unsatisfactory conduct during his final term will be liable to be discharged without being allowed to present himself at the final examination for passing out.

(e) Any Cadet who shall at any time appear to their Lordships to be unfit for the Naval Service, for any reason whatever, will be removed from the "Britannia" or Cruisers, and it must be understood that this rule will apply to those who are considered unfit from insufficient physical development or weakness of constitution, although no actual organic disease may have been developed.

14. It is to be distinctly understood that the period of training is a time of probation, and the Parent or Guardian of every Cadet will be required to sign a declaration (on the admission of the Cadet to the "Britannia") to the effect that he shall be immediately withdrawn on the receipt of an official intimation of his being considered unfit for the Navy.

15. The final examination is divided into two parts, of which Part I. is taken at the end of the 3rd term, and Part II. at the end of the 4th term. Cadets receive classes and are allowed sea time on the results of the examination as follows:—

Classes obtained.	Part I. Including marks for Term Work.	Part II.	
		Seamanship and Gunnery	Other Subjects.
1st Class ..	1 month	1 month	1 month
2nd Class ..	$\frac{1}{2}$ month	$\frac{1}{2}$ month	$\frac{1}{2}$ month

REGULATIONS FOR ENTRY OF CADETS FROM "CONWAY" AND "WORCESTER."

NOTE.—These Regulations will remain in force until the last batch of Cadets entered under the Old Scheme passes out in May, 1917.

For Regulations for the entry of Cadets from the "Conway" under the New Scheme, see p. 83.

1. Six Cadetships in the Royal Navy will be granted annually to the "Conway" and "Worcester" training ships of the Mercantile Marine.

2. The Cadetships will be competed for by boys from both ships, and will be awarded irrespective of the ship to which the candidates may belong.

3. Each ship may send up two candidates for each Cadetship offered for competition. The candidates must—

(a.) Be of very good character and conduct, and in all respects fit for entry into His Majesty's Service.

(b.) Have served 4 terms, there being 3 terms a year.

(c.) Be at the time of competition in the first class in school work, and in the first class in seamanship.

(d.) Be not less than 15 years 10 months, nor more than 16 years 10 months old on the 15th January, 15th May, or 15th September following the date of the competitive examination.

4. The examinations will be held three times a year, two Cadetships being offered for competition at each examination.

5. The candidates will be examined on board H.M.S. "Britannia" with the Cadets passing out from the 15th January, 15th May, and 15th September, and the entry into the Royal Navy of those who are successful will take effect from these dates.

6. No candidate will be entered who does not obtain a minimum of 40 per cent. of marks in the mathematical subjects, and 45 per cent. of marks in Seamanship; failure to reach this standard will entail the penalty of exclusion from the Royal Navy. Those who are confirmed as Cadets will be granted one month's time for very good conduct whilst in the "Conway" or "Worcester," and they will also be allowed to count any time to which they may be entitled under the "Britannia" Regulations for their examination in mathematics, extra subjects and seamanship.

7. All candidates will be required to pass the medical examination (for the Navy), according to the prescribed regulations. Rejection at such examination will finally exclude from the Navy.

8. Certificates of the date of birth (or a declaration thereof made before a Magistrate), of the time served in the Training Ship and of ability to swim, will be required.

9. The regulations as to the provision by parents or guardians of outfit and private allowance will be the same as those with respect to other Naval Cadets.

10. Candidates on entry will take rank after the Naval Cadets or Midshipmen, passing out of the "Britannia" with the same number of months' time.

By command of their Lordships.

EXTRACT FROM THE REGULATIONS FOR ENTRY OF CANDIDATES FOR COMMISSIONS IN THE MEDICAL DEPARTMENT OF THE ROYAL NAVY.

Admiralty, 31st October, 1903.

1. Every Candidate for admission into the Medical Department of the Royal Navy must be not under 21 nor over 28 years of age on the day of the commencement of the competitive examination. He must produce an extract from the Register of the date of his birth; or, in default, a declaration made before a Magistrate, from one of his parents or other near relative, stating the date of birth. He must also produce a certificate of moral character, up to date, and a recommendation signed by a Clergyman or Magistrate, to whom he has been for some years personally known, or by the President or Senior Professor of the College at which he was educated.

2. He must be registered, under the Medical Act in force, as qualified to practise Medicine and Surgery in Great Britain and Ireland.

3. He must declare:—

- (1) His age and date and place of birth.
- (2) That he is of pure European descent* and the son either of natural born British subjects, or of parents naturalised in the United Kingdom.
- (3) That he labours under no mental or constitutional disease or weakness, nor any other imperfection or disability which may interfere with the most efficient discharge of the duties of a Medical Officer in any climate.
- (4) That he is ready to engage for general service at home or abroad, as required.
- (5) Whether he holds, or has held, any commission or appointment in the public services.
- (6) That he is registered under the Medical Act in force as duly qualified professionally, and what diplomas, &c., he holds.

4. He must be free from organic or other diseases, and his physical fitness will be determined by a Board of Medical Officers, who are to certify that his vision comes up to the required standard, which will be ascertained by the use of Snellen's Test Types.

* If any doubt should arise on this question the burden of clear proof that he is qualified will rest upon the Candidate himself.

5. The certificates of registration, character, and birth must accompany the declaration, which is to be filled up and returned as soon as possible, addressed as directed.

6. Candidates will be examined by the Examining Board in the following compulsory subjects, and the highest number of marks attainable will be distributed as follows:—

	Marks.
(a) Medicine, materia medica, therapeutics and general hygiene	1,200
(b) Surgery and surgical anatomy	1,200

The examination in Medicine and Surgery will be in part practical and will include, beyond papers, the examination of patients, the examination of pathological specimens, knowledge of bacteriology, the performance of operations on the dead body, and the application of surgical apparatus. The attention of Candidates is especially drawn to the importance of the section of Operative Surgery, as a competent knowledge in this subject is essential in order to qualify for a Commission.

No Candidate shall be considered eligible who shall not have obtained at least one-third of the maximum marks in each of the above compulsory subjects.

7. Candidates may be examined in the following voluntary subjects, for which the maximum number of marks obtainable will be:—

	Marks.
Natural Sciences:—Chemistry (300); Physiology (300); Zoology (300); Botany (300); Geology and Physical Geography (300) ..	600

No Candidate will be allowed to present himself for examination in more than two of these subjects.

French and German (300 each) 600

A number less than one-third of the marks obtainable in each of these voluntary subjects will not be allowed to count in favour of the Candidate who has qualified in the compulsory subjects.

The knowledge of modern languages being considered of great importance, all intending competitors are urged to qualify in French and German.

N.B.—The examination in Chemistry will include the general principles of inorganic and organic chemistry; the preparation and properties of the chief non-metallic and metallic elements and their compounds; the preparation, properties and classification of the more important compounds such as marsh gas, ethylene, acetylene, methyl and ethyl alcohols, glycerin, ether, formic, acetic lactic and oxalic acids; cyanogen and cyanides; carbohydrates; fats; proteids.

The examination in Physiology will comprise the minute structure and functions of the various tissues and organs of the body; the physiology of the blood; the nature of food and the processes of its digestion; the mechanics of the circulation and of respiration; the physiology of nutrition, secretion and excretion; animal heat, the nature of sensation, volition, reflex action, inhibition and influence of the nervous system on other organs and their functions.

The examination in Zoology will include the general principles of biology and a comparison of animals with plants; the distinctive characters of the larger groups of animals—the protozoa, ctenophora, vermes, arthropoda, mollusca, echinodermata, and vertebrata—as illustrated by common types; the elements of embryology; animal parasites.

The examination in Botany will comprise the general principles of the morphology and physiology of low forms of life, e.g., torula, bacteria, spirogyra, moss fern; the general morphology of flowering plants; diagnosis of the important British natural orders; medicinal plants.

The examination in Geology and Physical Geography will be limited to general principles, such as the relations of the earth to the rest of the solar system; nature of the earth's crust and the chief kinds of rocks, general configuration of land and water mountains, plains, islands, rivers, lakes, glaciers and icebergs, ocean currents, tides, winds, storms, dew, rain, climate, volcanoes, earthquakes, distribution of animal and vegetable life.

8. The appointments announced for competition will be filled from the list of qualified Candidates, arranged in order of merit; but, should it at any time be considered expedient to grant Commissions beyond those periodically competed for, the Admiralty have power to admit annually.—

- (a.) Two Candidates—proposed by the governing bodies of Schools of Medicine in the United Kingdom—who have satisfactorily filled the office of House Surgeon in a large Civil Hospital for at least six months.
- (b.) Not more than six Candidates, according to requirements, specially recommended by the governing bodies of such Colonial Universities as may be selected and whose qualifications are recognised by the General Medical Council.

Candidates so proposed are to be approved by the Director-General of the Medical Department of the Navy, and are to be certified by the governing body proposing them as duly qualified according to the regulations in force for the entry of Candidates.

In cases of Colonial nominations, registration of professional qualifications, as required by Clause 2 of these Regulations, may be deferred until after the arrival in England of a Candidate who has been passed on the Station,—but a commission as Surgeon will not be granted until the Certificate of the Registrar of the Medical Council has been produced at the Medical Department of the Navy.

Candidates from schools at home will be required to pass a physical examination in London, which will be arranged for by the Medical Director-General. Colonial Candidates will have to pass a physical and test examination before a Board of Naval Medical Officers on the station.

9. Successful Candidates, immediately after passing the examination, will receive commissions as Surgeons in the Royal Navy, and will undergo a course of practical instruction in Naval Hygiene, &c., at Haslar Hospital.

Three prizes of the approximate value of 10*l* each will be awarded at the close of each session at Haslar to the students who have shown the greatest proficiency.

10. A fee of 1*l*. will have to be paid by each Candidate to entitle him to take part in the competition.

11. Surgeons on entry are only required to provide themselves with a pocket case of instruments, a stethoscope and three clinical thermometers. All other instruments are provided at the public expense.

Every Medical Officer will be required to undergo a post graduate course of three months' duration at a Metropolitan Hospital once in every eight years (should the exigencies of the Service permit), and this as far as possible during his surgeon's, staff surgeon's, and fleet surgeon's period of service. While carrying out this course the Medical Officer will be borne on the books of a ship for full pay, and will be granted lodging and provision allowances and travelling expenses as for service under the Regulations to and from his home or Port. The fees for each course (not exceeding £25) will be paid by the Admiralty on the production of the necessary vouchers at the end of the course. The Medical Officer will be required to produce separate certificates of efficient attendance in the following—

- I. The medical and surgical practice of the hospital.
- II. A course of operative surgery on the dead body.
- III. A course of bacteriology.

IV. A course of ophthalmic surgery, particular attention being paid to the diagnosis of errors of refraction.

V. A practical course of skiagraphy.

Promotion.

The seniority of surgeons on entry will be determined by the sum total of the marks they obtain at the London examination and those at the conclusion of the Haslar course, and their names will then be placed in the Official Navy List, except in the case of Candidates who hold, or are about to hold a post as Resident Medical Officer or Surgical Officer to a recognised civil hospital. These Candidates will retain the position in the list which they obtained on entry, and when their period of service as Resident Officer is over they will join the next Haslar Course and will be required to obtain qualifying marks. Surgeons entered without competition will take seniority next after the last surgeon entered at the same time by competition.

* See Clause 8 of the Regulations for Entry.

The examination for promotion to the rank of Staff Surgeon will be held by the Examining Board, to which a Naval Medical Officer will be attached to conduct the examination in Naval Hygiene. The subjects of examination will be in writing, and will include:—

Medicine.
Surgery.
Pathology.
General Hygiene.
Naval Hygiene.

Earlier promotion to the rank of Staff-Surgeon may be granted to those Surgeons who, before entry, have held the post of House Surgeon to a civil hospital of not less than 100 beds for a period of not less than six months, provided their conduct and professional abilities have been favourably reported on during the time they have served in the Navy. They may be granted from six months' to one year's seniority, according to the time they have held their civil appointments as House Surgeon, but in no case will more than one year's seniority be granted.

This only applies to officers who enter by competition.

A Candidate who at the time of passing the examination for entry into the Medical Branch of the Royal Navy holds or is about to hold an appointment as Resident Medical or Surgical Officer in a recognised civil hospital, may be allowed to serve in such civil appointment provided that the period of such service after the date of entry into the Royal Navy does not exceed one year. Pay from Naval funds will be withheld from Officers while thus serving, but the time concerned will reckon for increase of full and half pay while on the active list, and retired pay or gratuity on retirement or withdrawal, except that no Officer will be allowed to retire on a gratuity until he has completed four years' service exclusive of the time spent as Resident Medical or Surgical Officer. The eligibility of this appointment will also be decided by the Medical Director-General.

The remaining paragraphs refer to the pay, retirement, &c., of officers, information respecting which is to be found in the Navy List, under the Tables of Full and Half Pay, and under the rules for retirement, &c., of officers. Copies of the Regulations will be furnished to Candidates on application.

7. Colonial and Service Candidates will be required to attain in Class I. the same qualifying standard as that expected of the Candidates who attend the competitive Examination.

8. Candidates will be informed by letter from the Civil Service Commission of the result of their Examination: except in the case of the Colonial Candidates residing abroad, who will be informed by telegram from the Admiralty so as to enable them to join the Training College at Devonport as soon as possible after they have been found medically fit.

9. The number of appointments to be made in each year will be fixed by their Lordships. The successful Candidates will be entered as Probationary Engineer Cadets in H.M. Navy, and will be borne on the books of the Depot Ship at Devonport for disciplinary purposes. The full period of training will be for five years, but able and industrious Engineer Cadets may complete the course and pass out at the end of their fourth year.

10. The Parent or Guardian of each Probationary Cadet will be required to pay the sum of 75*l.* per annum.

A limited number of studentships of 35*l.* each per annum will be given to those candidates who are most successful in the examination for entrance to the College, thereby reducing the annual payment in the case of any such student to 40*l.*

These Studentships will be granted only to Candidates who are medically fit and who will bind themselves to compete for commissions at the end of the period of training or to enter the Corps of Naval Constructors.

It will further be at the discretion of the Lords Commissioners of the Admiralty to select from the candidates entered at each yearly examination, a number not to exceed five, being sons of Officers of the Navy, Army, or Royal Marines, or of Civil Servants under the Board of Admiralty, with respect to whom the annual payment will be 25*l.* only. Their Lordships also reserve the power to further reduce this latter sum in the case of sons of Officers killed or drowned, or who have otherwise lost their lives or service. In making their selection, my Lords will have regard solely to the pecuniary circumstances of the Parents or Guardians of the Cadets.

Probationary Cadets paying the full fee of 75*l.* per annum, are under no obligation to enter the Service.

This paragraph only applies to Probationary Cadets examined in March, 1905, or after that date.

11. The payments of fees are to be made in advance, to the Cashier of H.M. Dockyard, at Devonport; in three equal instalments, viz., on 1st January, 1st May, and 1st September.

12. The Parents or Guardians will also be required to provide the Uniform or other Clothing, Washing, and Personal Necessaries of the Cadet. Medical Attendance will be provided by the Admiralty.

13. The Cadets will reside during their course of training in the R.N. Engineering College at Devonport, where they will be boarded free of charge.

14. The weekly pay of Cadets will be as follows provided they are well reported on by the officers:—

First Year	One Shilling	} a week.
Second „	Two Shillings	
Third „	Three „	
Fourth „	Five „	
Fifth „	Eight „	

15. The vacations will be as stated below. Cadets whose conduct and progress have not been satisfactory, will be granted leave for shorter periods, at the discretion of the Commander-in-Chief on submission from the Captain of the College.

Summer	28 working days.
(Approximately from 31 July to 1 Sept.)	
Christmas	18 working days.
Easter	12 „

16. Every Cadet on first joining, or on returning to the College after the vacations, will be required to produce a health certificate—signed by his Parent or Guardian, not earlier than the day before his

return to the College—to the effect that, so far as is known to his Parent or Guardian, he has not for at least three weeks immediately preceding his first joining, or during the vacation, been exposed to any infectious disease, or entered any house where such disease has existed. A certificate, drawn up in the necessary form, will be sent to each Parent, and failure on the part of the Cadet to produce this certificate, duly filled up and signed, on his return to the College, will entail his being isolated until the certificate is received.

17. The Cadets will draw pay while on leave.

When absent on account of injuries or sickness from causes beyond their own control they will not be deprived of pay until such absence amounts to six months in the aggregate during any period of twelve months, at the expiration of which time a special report is to be made to their Lordships.

18. The Cadets will be under the supervision of the Captain of the College and a Staff of Officers acting under the orders of the Commander-in-Chief and will be subject to such rules and regulations as their Lordships may deem necessary.

19. During their course of training, the Cadets will receive instruction according to a prescribed course of theoretical and practical subjects, in addition to the training in the Workshops, and drawing, three months in the aggregate during any period of twelve months of the Dockyard and Factory and on board ships, so as to enable them to acquire the necessary knowledge to qualify them for performing the duties of a Naval Engineer.

While the Cadets are being instructed in Ship-building they will be under the direction of the Chief Constructor.

20. Those Cadets who fail to make satisfactory progress, or are guilty of persistent misconduct, will be discharged.

It is to be distinctly understood that the period of training in the College is a time of probation, and the parent or guardian of every Cadet must understand that it is a condition of such Cadet joining that he shall be immediately withdrawn on the receipt of an official intimation requiring such withdrawal, or in the event of the Cadet not obtaining a Commission at the end of his training. Such a request for withdrawal may be made for reasons of health or physique.

In the event of serious misconduct on the part of Senior Cadets, which may not be of such a nature as to entail dismissal, their appointments as Engineer Sub-Lieutenants will be withheld for such period as may be considered necessary, after passing for this rank, on the completion of their period of training. During this period they will be employed in the Workshops only, and their conduct will be reported to the Admiralty quarterly.

21. The Probationary Engineer Cadets will be examined every summer in the work of the previous year in accordance with the following schedule, which is subject to modifications:—

At the end of the fourth year of training the Cadets will be offered in order of merit, and provided they are recommended by the Captain, such commissions as Engineer Officers as may be available. Those who do not succeed in obtaining commissions will be discharged unless special permission is granted for them to remain for a further period of instruction. Those who are selected for commissions may be retained in the College for a fifth year at the discretion of the College Authorities. Cadets retained for a fifth year will be examined in the papers of the fourth year with such additions and commissions as may be considered necessary.

22. A Cadet who in any year fails to pass a satisfactory standard will be dismissed unless reasons satisfactory to their Lordships are given by the College Authorities for his retention.

23. No Cadet can obtain his commission as Engineer Sub-Lieutenant until he has satisfactorily completed his workmanship course and has passed the Examination held by the Reserve Officers.

24. Cadets showing special fitness may, on the recommendation of the Director of Naval Education, be selected to proceed to the Royal Naval College, Greenwich, for a further course of instruction.

25. The class of certificate awarded to those Cadets who proceed to Greenwich will be determined by the result of their subsequent examinations there.

26. In the case of those Cadets who do not succeed in passing for Greenwich the Order of Merit and class of Certificate will be determined by the sum total of the marks gained when passing the four annual Examinations.

27. The standards of marks required for passing and for certificates are subject to reasonable discretion on the part of the examining authority. Subject to this, the standard for obtaining a Second Class Certificate will be 40 per cent. on the sum total in each Group.

The standard for a Third Class Certificate will be 30 per cent. on the sum total in each Group.

Cadets who obtain Second Class Certificates will be allowed three months' time towards promotion.

Those who obtain Third Class, but succeed in getting 35 per cent. of the total marks of each Group, will be allowed one and a half month's time towards promotion.

First Class Certificates can be gained only after the course at Greenwich; for these six months' time towards promotion will be allowed.

28. Prizes will be given annually to Cadets most highly reported on for their skillful workmanship, and for distinction at the Examinations in Professional and educational subjects.

Prizes will also be given for proficiency in the French language, in which voluntary classes are held and a bonus of marks, not exceeding 100, is given to candidates showing proficiency in that language.

29. Intermediate Examinations will be held in December, at which Cadets will be required to show satisfactory progress.

30. The Final Examination of Cadets in Professional Subjects and knowledge of engine-room duties will be held by the officers of the Reserve in time for Certificates to be forwarded to the Admiralty by the 9th of June. Certificates of proficiency in Practical Workmanship, from the Chief Engineer of the Dockyard, will also be forwarded by the same date.

These practical Certificates from Reserve and Dockyard will be marked Very Creditable, Creditable, or Ordinary, in accordance with the proficiency of the candidates.

Cadets failing to obtain these certificates are liable to dismissal, but they may be allowed to serve such further period, not exceeding one year, as may be determined upon, and again submit themselves for examination.

Cadets who receive Very Creditable Certificates both from the Chief Engineer of the Dockyard and the Reserve Officers will be allowed three months' time towards promotion.

This will be in addition to any time which may be gained under paragraph 27, but subject to the condition that in no case can the total time gained under these Regulations, and by the holding of a First Class Professional Certificate at the Royal Naval College, exceed two years.

31. Cadets will not be entered as Engineer Sub-Lieutenants until they have learned to swim.

32. Cadets who have qualified for the further course of instruction at the Royal Naval College will proceed there on or about the 1st of October following their examination.

In the event of the conduct or qualifications of any Engineer Sub-Lieutenants being reported not satisfactory, his promotion to Engineer Lieutenant will be withheld for six months, or for such other period as may be considered desirable.

33. A few Engineer Sub-Lieutenants may be selected annually from those who take the highest place at the examination at the end of the first session at the Royal Naval College, Greenwich, to pass through a further course of instruction during a second session. On the examination at the end of the second session two or more Engineer Sub-Lieutenants may be selected to pass through a third and final session. Engineer Sub-Lieutenants or Lieutenants who complete three sessions at the College will be considered eligible to fill vacancies occurring in the civil appointments at the Dockyards and at the Admiralty, after they have served for three years in a seagoing ship.

34. The Engineer Sub-Lieutenants who pass the second and third sessions at the Royal Naval College, Greenwich, will be attached during the vacations between the 30th June and 1st October to the Reserves, where they will be employed in sketching Machinery, attending trials of engines, and gaining such professional information as will be most useful to them in connexion with designs of machinery.

35. About two Cadets who have shown special ability during their first or second year of training will be selected annually for appointment as Naval Constructors. Cadets and will, from the date of such selection, pursue the special course of studies prescribed for them at the Royal Naval Engineering College. They will be subject to the special regulations laid down for the Corps as well as to the general regulations prescribed for Cadets studying at the College. (See also Appendix.)

37. Cadets on entry are to be provided with the following articles of Uniform, according to the patterns laid down in the Uniform Regulations, 1901—

9. Assistant Constructors will serve for two years on probation at the minimum salary, but those who obtain not less than 75 per cent. of the marks at the final examination may be recommended for confirmation and may receive an increment at the end of one year's service.

10. Promotion will be by selection in all grades of the Corps, and in this their Lordships will be guided solely by consideration of special fitness for the vacant appointments. To mark this unmistakably, the names of the gentlemen belonging to the Corps will be arranged in alphabetical order in their respective classes. Annual reports on the Assistant Constructors will be made by the Chief Constructors of the Yards and forwarded by the Superintendents to the Admiralty.

*NEW SCHEME OF ENTRY OF NAVAL CADETS WHO ARE CANDIDATES FOR COMMISSIONS AS EXECUTIVE AND ENGINEER OFFICERS OF THE NAVY AND OFFICERS OF THE ROYAL MARINES.

FOR THE INFORMATION OF CANDIDATES.

1. All Officers for the Executive and Engineer Branches of the Royal Navy or for the Royal Marines will enter the Service in future as Naval Cadets under identical conditions, and will be educated and trained together until passing as Sub Lieutenants.

2. Appointments to Naval Cadetships will be made by nomination subject to the numbers passing a qualifying examination. Candidates who fail to pass will not be allowed a second trial.

No nomination will be given to boys whose parents or guardians do not declare for them that they are prepared to enter any one of the three branches of the Service at the termination of their probationary period of service afloat.

As far as possible each Officer will be allowed to choose which Branch of Service he will join, but this must be subject to the proviso that all alike are satisfactorily fitted.

Candidates must be of pure European descent, and the sons either of natural-born British subjects, or of parents naturalized in the United Kingdom. If any doubt arises upon this question, the burden of clear proof that he is qualified will rest upon the Candidate.

3. All nominations of Candidates for Naval Cadetships are made by the First Lord, with the exception of a limited number which are at the disposal of individual members of the Board, and of the Secretaries to the Board of Admiralty.

4. Every candidate desirous of receiving a nomination from the First Lord of the Admiralty will be required to present himself before a Committee which will sit at the Admiralty for the purpose of interviewing candidates shortly before the Qualifying Examination takes place. The fact, however, of a candidate being invited to appear before this Committee is not to be understood as in any degree implying that he will necessarily receive a nomination.

5. The nominations will be made three times a year a few weeks before the date fixed for the examination of Candidates.

6. Candidates will be examined only once, but parents may choose whether they will send up their sons at the earlier or later of the two occasions upon which they will be eligible for nomination, on the distinct understanding that if nominated they are entered for the Qualifying Examination immediately succeeding the interview.

In the case of boys who have received nominations being prevented by illness from taking the Qualifying Examination, their nominations may be postponed till the next examination, if their age permits.

Should they not be able to present themselves for examination within the limits so prescribed, they will be finally excluded from entering the Naval College.

7. The Qualifying Examinations will be held in March, July and December, and the appointments will date from the 15th May, 15th September, 15th January, following, respectively.

8. Candidates for examination in—

March	must be not less than 12 years and 4 months nor more than 13 years of age on the following	..	..	..	15 May
July	do.	do.	do.	..	15 Sept.
Decr.	do.	do.	do.	..	15 Jan.

9. Every Candidate must be in good health, and free from any physical defect of body, impediment of speech, defect of sight or hearing, and also from any predisposition to constitutional or hereditary disease or weakness of any kind, and in all respects well developed and active in proportion to his age. Before undergoing the literary examination he will be required to pass the medical examination according to the prescribed regulations, and must be found physically fit for the Navy.

10. The Qualifying Examination will be in the following subjects:—

(1.) English—(including writing from dictation, simple composition and reproduction of the gist of a short passage twice read aloud to the Candidates.)

(2.) History and Geography, with special reference to the British Empire.

(3.) Arithmetic and Algebra (to Simple Equations).

N.B.—Two-thirds of this paper will be in Arithmetic

(4.) Geometry (to include the subject matter of the First Book of Euclid, or its equivalent, with simple Mensuration. The use of instruments is allowed).

(5.) French or German, with an oral examination, to which importance will be attached.

(6.) Latin (easy passages for translation from Latin into English and from English into Latin, and simple grammatical questions).

* The Regulations as to entry under old scheme, which will remain in force for candidates of the ages of 14½—15½ until November, 1905, are issued separately.

† Applications for nominations should be addressed to the Assistant Private Secretary to the First Lord, and should not be made until the Candidate has reached 11 years of age.

‡ Should any case occur where a candidate's age prevents his nomination being deferred, the Admiralty will consider whether special arrangements can be made for him to be examined by the Head Master of the Royal Naval College, Osborne, at the beginning of the ensuing term if then well enough.

§ This revised Schedule comes into force at the examination in July, 1904.

The list of successful Candidates will be published in alphabetical order.

11. For all Cadets entered under these regulations the payment will be at the rate of £75 per annum for the period under training, to be paid every term in advance to the Cashier of the Bank of England on receipt of claim from the Accountant-General of the Navy. But the Lords Commissioners of the Admiralty reserve the power of selecting from among the Cadets entered at each Examination, a limited number being sons of officers of the Navy, Army, or Marines, or of Civil Officers under the Board of Admiralty, with respect to whom the annual payment will be £40 only. In this selection their Lordships will have regard solely to the pecuniary circumstances of the Cadet.

Applications for the Reduced Scale must be received at the Admiralty not later than 1st January, 1st May, and 1st September.

Parents or guardians are further required to make a private allowance of £50 per annum to Cadets from the expiration of their period of training until they reach the rank of Acting Sub-Lieutenant.

12. In addition to the annual payments mentioned in the foregoing paragraph, the parent or guardian will be charged with the personal expenses incurred by the Cadet for washing, repairing boots and clothes, pocket-money, &c.

13. The period of training in the training establishments will be four years; there will be three terms in each year. The first term of each year will be approximately from 15th January to 15th April, the second from 7th May to 7th August, and the 3rd from 15th September to 15th December.

The vacations will be four weeks at Christmas, three weeks at Easter, and six weeks at Midsummer.

14. It is to be distinctly understood that the period of training is a time of probation, and the parent or guardian of every Cadet will be required to sign a declaration, on the admission of the Cadet, to the effect that he shall be immediately withdrawn on the receipt of an official request for his withdrawal.

The Lords Commissioners of the Admiralty reserve to themselves full discretion to request the withdrawal of any Cadet from the Royal Naval College, if after a sufficient trial he is in their opinion for any reason unsuitable for the Naval Service. This discretion will, as a rule, be exercised at the end of the first year, but the proficiency and progress of the Cadets will be periodically determined, and they may be required, if necessary, to withdraw at a later stage.

15. (a) Reports of progress and conduct will be made to the Admiralty at the end of each year of the Cadet's study.

(b) In all subjects of instruction the principle will be followed of giving merit marks for current work. At the end of each year or training the Cadet's proficiency and progress will be determined, partly by examination, and partly by the marks gained for current work during the year.

(c) Cadets who fail to attain a certain standard, or who, for any reason, are considered unsuitable for the Naval Service, may be required to withdraw at any time.

This rule will apply to those who do not show an aptitude for Naval life, as well as to those who make insufficient progress, or whose constitution is weak, although no disease may have developed.

16. Cadets whose conduct is unsatisfactory may at any time be required to withdraw.

17. Cadets will, on passing out of the training establishments, rank according to the amount of sea time they obtain at their final examination taken in conjunction with the results of their current work during their course of training, and those who obtain equal amounts of sea time will rank in the order of merit in which they pass out of the training establishments.

18. The parent or guardian of every Cadet will be required to provide outfit under the regulations in force.

19. No pay will be allowed by Government to Cadets in the training establishments. The pocket-money allowed to Cadets will be charged to the parents.

20. On leaving the training establishments, Cadets will go to sea. At the end of three years, and after passing the necessary Examinations, Midshipmen will be eligible to pass for Acting Sub-Lieutenant, and, on passing, will be discharged to the Royal Naval College, Greenwich.

21. On the conclusion of their examinations, Sub-Lieutenants will be distributed between the Executive and Engineer Branches of the Navy and the Royal Marines.

By Command of their Lordships,

EVAN MACGREGOR

Admiralty, February, 1904.

CIRCULAR LETTER

No. 140.

Admiralty,

19th December, 1902.

N. 17395.

1902.

NOTE.—The provisions of this circular letter have been modified in certain details by later regulations (see previous page).

My Lords Commissioners of the Admiralty having had under their consideration the present system of the entry, education and training of Executive and Engineer Officers of the Navy and Officers of the Royal Marines have decided to introduce the following changes:—

I.

All the above-mentioned Officers will in the future enter the Service as Naval Cadets under identical conditions between the ages of 12 and 13. Entry will be by nomination and a limited competitive examination. In the nomination of Candidates preference will, other things being equal, be given to those boys whose parents

or guardians declare for them that they are prepared to enter any one of the three branches of the Service at the termination of their probationary period of training afloat. The examination** will include :—

PART I.

1. English (including writing from dictation, simple composition, and reproduction of the gist of a short passage twice read aloud to the Candidates)
2. (a.) History and (b.) Geography—
 - (a.) History (simple questions in English History and growth of the British Empire).
 - (b.) Geography (simple questions, with special reference to the British Empire).
3. French or German (importance will be attached to the oral examination).
4. (a.) Arithmetic and (b.) Algebra—
 - (a.) Arithmetic (Elementary, including Vulgar and Decimal Fractions).
 - (b.) Algebra to Simple Equations, with easy problems.
5. Geometry (to include the subject matter of the First Book of Euclid, or its equivalent in Experimental Geometry and Mensuration. The use of instruments and of Algebraical methods will be allowed).

PART II.

(One only to be taken.)

6. Latin (easy passages for translation from Latin into English and from English into Latin, and simple grammatical questions).
7. A second Modern Language (of which, if not French or German, notice must be previously given, or an advanced examination in the Language selected under Part I.
8. Experimental Science (easy questions with the object of testing practical knowledge and powers of observation).

The list of successful Candidates will be published in alphabetical order.

The Cadets on entry will all receive the same education and training until they have passed for Sub-Lieutenant at the age of 19 to 20. Of this period of training the first four years will be spent in the "Britannia" establishments, the instruction comprising an extension of the former "Britannia" course and a thorough elementary instruction in Physics and Marine Engineering, including the use of tools and machines. Instruction will also be carried out afloat in small vessels attached to the training establishments for that purpose.

2. After four years in the training establishments, all Cadets will go to sea, time gained on passing out counting as at present. The instruction of Midshipmen while serving in sea-going ships will, as regards Seamanship, be given as at present by an Executive Officer deputed by the Captain, and in other respects will, under the general supervision of the Captain, be carried out by the Engineer, Gunnery, Marine, Navigating and Torpedo Lieutenants of the respective ships. They will be examined annually in seamanship, navigation, and pilotage, gunnery, torpedo and engineering. At the end of three years every Midshipman who has passed the standard at the last annual examination and the final examination in seamanship before a board constituted as at present will become an Acting Sub-Lieutenant, and if abroad, will return to England.

3. Acting sub-Lieutenants will go to the R.N. College, Greenwich, for a three months' course in mathematics, navigation and pilotage, followed by an examination, and then to Portsmouth, for a six months' course in gunnery, torpedo and engineering. At the end of the course they will be examined and classed, and on passing will be confirmed as Sub-Lieutenants.

4. On being confirmed as Sub-Lieutenants, these Officers will be distributed between the Executive and Engineer branches of the Navy and the Royal Marines. As far as possible, they will be allowed to choose to which branch or service they will devote themselves, subject to the provision that all alike can be satisfactorily filled, but no Officer will be posted to a branch or service for which he did not volunteer through his Parents or Guardians when asking for a nomination.

5. All Sub-Lieutenants of the Executive Branch will

go to sea for two years; at the end of which time they will be eligible for promotion to Lieutenants, provided they have obtained the necessary certificate of ability to keep watch. Those who have passed exceptionally good examinations will receive accelerated promotion, under the same regulations as at present.

6. Lieutenants with the necessary sea service who are selected to be trained as specialists in gunnery, torpedo, or navigation will go to the R.N. College, Greenwich, for special courses, and an entrance examination will be instituted at Greenwich for these specialists.

Every facility consistent with the requirements of the Service will be given to those Executive Officers who are not specialists to attend voluntary courses at the R.N. College, Greenwich, in Naval History, Mathematics, &c., and to study foreign languages at Greenwich or, preferably, abroad.

7. All Lieutenants entering the Service under the new scheme will be required at any time after attaining five years' seniority, but not before, to pass a qualifying examination, for promotion to the rank of Commander, in the following subjects :—

Court-Martial Procedure.

International Law.

Knowledge of British and Foreign Warships, Guns,

Torpedoes, &c.

Naval History.

Signals.

Strategy.

Tactics and Battle Formations.

8. All Sub-Lieutenants of the Engineering Branch will go to the College at Keyham for a course of professional instruction, at the end of which time they will be eligible for promotion to Lieutenants (E.) under the same conditions as regards accelerated promotion as the Executive Sub-Lieutenants. After leaving Keyham the most promising Officers will be selected to go to Greenwich for a further special course, which will include an opportunity of studying at large civil engineering establishments and institutions, while the remainder will go to sea.

9. Lieutenants (E.) will be eligible for promotion to Commanders (E.), Captains (E.), and Rear-Admirals (E.). Promotion of future Lieutenants (E.) and Commanders (E.) will be by selection, the former, after attaining five years' seniority, being required to pass a qualifying examination for promotion to the rank of Commander (E.).

The pay which Officers of the new Engineering Branch will receive is shown in Table A.

10. All Sub-Lieutenants who after their final examinations enter the Royal Marines will spend the next two years in acquiring military training, partly at the headquarters of Divisions or the Depot and partly at the R.N. College, Greenwich. The training of all these Officers will be extended so as to correspond more closely to the training now received by young Officers, R.M.A. Specially promising Officers of Marines will qualify as Gunnery and Torpedo Lieutenants provided they have kept watch at sea for one year, have passed the first examination and been specially selected and recommended.

11. The future Marine Officers, whether posted to the R.M.A. or R.M.L.I., will all be on one list for seniority and promotion in the Corps. All Marine Officers (up to and including the rank of Captain of Marines) will be available for keeping watch at sea and for general executive duties afloat.

The relative ranks will be adjusted as follows :—

Naval.	Marine.
Lieutenant	Lieutenant over 2 years.
Commander	Captain.
Captain under 3 years	Major.
	Lieutenant Colonel.

The above will hold good only while these Officers are on ships' books, the relative rank when under the Army Act remaining as at present. The pay of future Officers of the Royal Marines is shown in Table B.

12. On being employed with landing parties in Naval Brigades, &c., Naval and Marine Officers will take command of one another according to their seniority in their respective ranks.

** The syllabus of examination will be amplified later.

882 ENTRY AND EXAMINATION OF OFFICERS.

II.

The Transition Stage as regards Entry.

13. The new system of Entry will be introduced at Midsummer 1903.

As Cadets entered under this system will not become effective for service in the Fleet for seven years from the date of entry, the normal number of entries under the existing system will continue as follows:—

- Cadets for 2½ years.
- Engineer Students for 4 years.
- R.M.A. for 5 years.
- R.M.L.I. for 6 years.

The last examination for entry of Cadets under the existing system will be held in November 1905.

14. A portion of the buildings and land at Osborne will be utilised, with His Majesty's gracious permission, for an additional training establishment, to which suitable small vessels will be attached for the instruction of Cadets in engineering and navigation.

III.

Alterations with regard to existing Engineer Officers.

15. It has been decided to make at once the following alterations in rank:—

The Engineer-in-Chief of the Fleet and the Chief Inspectors of Machinery to be styled Engineer Rear-Admirals. The Board reserve power to promote the Engineer-in-Chief to be Engineer Vice Admiral.

Inspectors of Machinery to be styled Engineer Captains;

Fleet Engineers to be styled Engineer Commanders; Staff Engineers, Chief Engineers, and Engineers to be styled Engineer Lieutenants;

Assistant Engineers to be styled Engineer Sub-Lieutenants;

Assistant Engineers for temporary service to be styled Engineer Sub-Lieutenants for temporary service; The rank of Probationary Assistant Engineer to be abolished;

Engineer Students to be styled Engineer Cadets, and the Naval Engineer College is to become the Royal Naval Engineering College.

16. The average period of reaching each rank will be assimilated as far as is possible to that of the Executive Branch. The new scale of pay of existing Engineer Officers will be shown in Table C

IV.

The Existing Marine Officer.

17. The services of the present Marine Officers will be utilised for employment in Gunner and Torpedo duties and harbour work, such as Officer of the Guard, &c., and generally in taking a more active part in the duties of the ship.

They will be eligible for consideration for employment in the Naval Ordnance and Naval Ordnance Store Departments of the Admiralty, and as members of the Ordnance Committee.

The new scale of pay of the existing Marine Officers will be as shown in Table D.

The changes in pay shown in the annexed Tables will take effect from 1st April 1903.

By Command of their Lordships,
EVAN MACGREGOR.

NAVAL CADETS (NEW SYSTEM).

REGULATIONS RESPECTING CADETS WHILE AT THE ROYAL NAVAL COLLEGE AT OSBORNE.

(For the information of Parents and Guardians.)

ADMIRALTY, February 1904.

1. Naval Cadets will undergo a course of instruction in the Training Establishments for a period of four years, of which two years will be at Osborne, and the remainder at Dartmouth; there will be three terms in each year.

Arrangements are made for the conveyance from Portsmouth to Osborne of the Cadets who are joining the College for the first time. Such Cadets should assemble at the Dockyard Gates (near Portsmouth Harbour station) shortly before 3 p.m. on the appointed joining day. Cadets rejoining the College will be expected to make their own arrangements for doing so.

2. The terms are from about the following dates:—

15th January to 15th April,

7th May to 7th August,

15th September to 5th December

and the Vacations are

four weeks at Christmas,

three weeks at Easter, and

six weeks at Midsummer.

3. The friends of the Cadets must be prepared to receive them during all the Vacations.

4. The following payment is required from the Parents or Guardians of each Cadet while in the Training Establishments as a contribution towards the cost of his education:—

At the commencement of each term £25, except in the case of those received at the reduced rate of £40 a year, whose payments will be £13 6s. 6d. only. Claims will be made upon the Parents or Guardians by the Accountant-General of the Navy for these sums as they become due, and the money should be at once remitted.

5. In addition to the above payments, any expenses incurred by a Cadet for clothing, books, washing, &c., as well as the allowance of 1s. a week paid as pocket-money, are included in the personal account sent to the Parent from the college as soon as possible after the end of each term.

6. All travelling expenses for Cadets are advanced by the Paymaster of the College, who will charge the sum to the Cadet's personal account.

7. Since the Cadets have a weekly allowance paid to them as pocket-money, and since an amount is allowed by the Government to pay the expenses attending their amusements, it is requested that their friends do not give them any money except on joining, or on their return from the Vacations, and that the amount should then be reasonable and under no circumstances exceed One Pound. It is particularly requested that this Regulation be strictly adhered to. Such money as may be required by a Cadet for any special circumstances will be advanced by the Paymaster under the authority of the Captain.

8. Any valuable Gold Watches or Chains brought by Cadets will be taken from them and placed in security until the Cadets return home. Silver Watches may be used.

9. Cadets are to bring their Linen clean, and Clothes and Boots in good order, when they join the College, and also when they return from leave, and the outfit, as specified on the next page, must be complete. A list of the clothes left behind will be sent with Cadets when they go on leave.

10. Cadets are not permitted to open accounts with Tradesmen. Parents and Guardians are requested not to allow their sons' outfitters to supply clothes or other articles without their authority.

11. Each Cadet on joining and on returning after the Vacations is required to produce a health certificate—signed by his parent or Guardian, not earlier than the day before the Cadet's return—to the effect that, so far as is known he has not for at least three weeks immediately preceding his return been exposed to any infectious disease, or entered any

house where such disease has existed. A certificate, drawn up in the necessary Form, is sent to each Parent, and failure on the part of the Cadet to produce this certificate, only filled up and signed on his return will entail his not being received.

12. All letters relative to the Cadets should be addressed as follows:—*The Commanding Officer, Royal Naval College, Osborne.*

Parents or Guardians of Cadets must, in all cases of permanent change of residence, communicate the same to the Admiralty and to the Commanding Officer of the College without delay.

13. The course of study includes the following subjects:—

Mathematics with Geometrical Drawing.

Physics and Mechanics with laboratory work.

Engineering, with workshop practice and Mechanical Drawing.

Seamanship

Navigation.

French, with German later.

English Grammar and Composition.

English Literature.

History, including Naval History.

Geography.

Bible Study.

Drill.

A large proportion of the time of the Cadets is given to the practical study of Engineering, in the Workshop and Instructional Steamboats attached to the College.

14. In addition to the lessons which the Cadets receive in the Instructional Steamboats, they are, from time to time, sent out for periods of a week or more in the Training Cruiser attached to the College, in order that they may acquire an early familiarity with the actual working conditions of sea life.

During these cruises a large proportion of time is given to Practical Engineering, Seamanship, and Navigation.

15. The Cadets who are entered in any one term are divided into classes of not more than 16. They are at first assigned to their classes in accordance with the result of the qualifying examination, and will be rearranged at the beginning of each term on the result of the previous term's work and examination, but a Cadet will not be promoted or degraded out of his own term.

16.—(a.) Reports of progress and conduct will be made to the Admiralty at the end of each year of the Cadet's study.

(b.) In all subjects of instruction, the principle will be followed of giving merit marks for current work. At the end of each year of training the Cadet's proficiency and progress will be determined, partly by examination, and partly by the marks gained for current work during the year.

(c.) Cadets who fail to attain a certain standard, or who, for any reason, are considered unsuitable for the Naval Service, may be required to withdraw at any time.

This rule will apply to those who do not show an aptitude for Naval life, as well as to those who make insufficient progress, or whose constitution is weak, although no disease may have developed.

17. Cadets whose conduct is unsatisfactory may at any time be required to withdraw.

18. It is to be distinctly understood that the period of training is a time of probation, and the Parent or Guardian of every Cadet is required to sign a declaration on the admission of the Cadet, to the effect that he shall be immediately withdrawn on the receipt of an official request for his withdrawal.

By Command of their Lordships,

EVAN MACGREGOR.

EVAN MACGREGOR.

PHYSICAL REQUIREMENTS FOR CANDIDATES FOR COMMISSIONS IN THE ROYAL NAVY.

With a view to preventing Candidates who may be physically unfit for His Majesty's Service from incurring the inconvenience and expense of preparing for commissions in the Royal Navy, it is suggested that they undergo examination by the medical adviser of the family, or any other qualified medical practitioner, to whom the following points may be submitted as those upon which Candidates will, previous to entry, be physically examined at the Admiralty.

It is to be understood that this private examination is merely suggested as a guide for intending Candidates and to lessen the chances of disappointment, and that it is by no means intended to take the place of, or to influence in any way, the regular Official Physical Examination.

1. A weak constitution, imperfect development, physical weakness, either hereditary or from chronic disease, wounds, or injuries.

2. Skin disease, unless temporary or trivial.

3. Malformation of the head, deformity from fracture or depression of the bones of the skull, impaired intellect, epilepsy, paralysis, or impediment of speech.

4. Blindness or defective vision, imperfect perception of colours, fistula lachrymalis, or any chronic disease of the eyes or eyelids. Full normal vision is required as determined by Snellen's tests, each eye being separately examined, for all Candidates for appointments in the executive or engineer branches, and for the Royal Marines.* Full normal vision is not required for Candidates for other branches of the Royal Navy, but any defect of vision must be due to errors of refraction which can be corrected to normal by glasses, and each case will be specially considered on its merits.

5. Impaired hearing, or discharge from one or both ears, or any disease of the external middle, or internal ears.

6. Disease of the bones of the nose, or of its cartilages, nasal polypus or disease of the naso-pharynx.

7. Disease of the throat, tongue, palate, or tonsils; many unsound teeth,† unhealthy gums, disease of the glands of the throat or neck, external cicatrices, if at all extensive, and especially if adherent.

8. Functional or organic disease of the heart or blood vessels, deformity or contraction of the chest, phthisis, hæmoptysis, bronchitis, asthma, dyspnoea, aphonia, chronic cough, or any symptom of lung disease or tendency thereto.

9. Undue swelling or distension of the abdomen, obesity, disease or enlargement of the liver, spleen, or kidneys. Rupture, weakness or distension of the abdominal rings; any disease of the bladder or incontinence of urine.

10. The existence of any defect of the genital organs, or of varicocele.

11. Any disease of the stomach or bowels.

12. Paralysis, weakness, impaired motion, or deformity of the upper or lower extremities, from whatever cause; a varicose state of the veins, especially of the leg. Bunions, distortion or malformation of the hands, feet, fingers, or toes.

13. Distortion of the spine, of the bones of the chest or pelvis, from injury or constitutional defect.

No person will be admitted into His Majesty's Service unless he has had small pox, or has been vaccinated. Before joining he must produce a certificate of having been vaccinated since infancy.

It is requested that in the case of a nominated candidate, should the preliminary private examination make it apparent that he is not likely to pass the subsequent official physical examination, the Admiralty may be informed of the fact without delay.

† i.e.—Seven teeth defective or deficient in persons under 17 years of age on the date of entry, ten defective or deficient teeth in persons above the age of 17—a tooth being considered as defective when it cannot be made permanently serviceable by dental repair. Credit is also given for teeth which have not erupted. Candidates must, however, possess some sound opposing molars and incisors. The numbers given above are intended as a general guide, and are not necessarily strictly adhered to, provided the general condition of the teeth is good.

* Under present regulations candidates for the Royal Marines are examined by an Army Medical Board, and must conform to the Army Medical Regulations. When the direct entry of candidates into the Royal Marines ceases, all candidates will come under the above regulations.

ENTRY OF DOCKYARD APPRENTICES.

MEMORANDUM.

The regulations for the Entry of Dockyard Apprentices are under revision and new regulations will come into force after the forthcoming examination (May, 1905).

In future (after May, 1905) there will be only one entrance examination annually, namely in May, and the age of Candidates must be between 14 and 16. There will be no examination in October, 1905. The subjects of the entrance examination will be altered by the omission of Geography (as an *alternative* to Elementary Science) and by the introduction of Freehand Drawing. These changes, detailed notice of which will shortly be given, will apply in the examination of 1906.

The new regulations will also alter the conditions on which apprentices are retained at school after the first year, and various changes will be made in the subjects of study and examination in the Dockyard Schools.

Admiralty, October, 1903.

REGULATIONS FOR THE ENTRY OF APPRENTICES TO THE VARIOUS TRADES IN HIS MAJESTY'S DOCKYARDS AT HOME.

1. Vacancies for appointments as Apprentices to the various trades (including Shipwrights, Engine and Ship Fitters, Boilermakers, Caulkers, Copper-smiths, Founders, Joiners, Painters, Patternmakers, Plumbers, Ropemakers, Sailmakers, Smiths, &c.) in His Majesty's Dockyards at Chatham, Sheerness, Portsmouth, Devonport, Pembroke and Haulbowline are open to public competition, and examinations for these appointments are held in April and October of each year (see par. 6).

2. The Lists of Candidates for these appointments are kept at the Admiralty in London, and by the Superintendents of the Dockyards named in paragraph 1, to whom, or to the Secretary of the Admiralty, all applications must be sent in before the 1st of March or the 1st September in each year.

3. The Candidates, who must be the sons of British subjects, must be not less than Thirteen and a half, nor more than Sixteen years of age on the first day of May or November in the year in which they are examined. Proof of age will be required by the production of a Certificate of Birth. A declaration before a Magistrate, accompanied by a Certificate of Baptism, will be accepted in those cases only in which it is impossible to procure a Certificate of Birth. The Superintendent of the Dockyard is to take particular care that no boy's name on the Dockyard List is forwarded to the Admiralty for examination, unless his age is within the prescribed limits.

4. Candidates, who will be examined at the Dockyards, will be required to satisfy the Superintendents of the Dockyards as regards their age, respectability, good character, and physical fitness, before they can be considered eligible for entry into the Dockyard. Candidates in or near London, and who elect to be examined in London, will be required to satisfy the Admiralty on the points named above. If these conditions are satisfactorily fulfilled, they will then be examined by the Civil Service Commissioners in Educational subjects.

5. Candidates will not be admitted for examination at the Dockyards until they have been pronounced fit for His Majesty's Service by the Medical Officers of the Yard. Candidates in or near London may be examined under the directions of the Medical Director-General of the Navy in London. Candidates must be in good health and of sound constitution, and be free, as far as can be ascertained, from any disease or defect that would unfit them for the duties of an Artificer. Their hearing must be unimpaired; and the sight of both eyes must be sufficiently good for the performance of any work that may be required of them.

As it is possible that some defects may exist in such a minor degree as not to interfere with the efficiency of a Candidate as a Workman, any cases of this kind in which there is any doubt are to be referred for the decision of the Admiralty, full particulars and the opinion of the Medical Examiner being noted on the list furnished. All Candidates must produce Certificates to the satisfaction of the examining Medical Officers that they have been re-vaccinated, or they must be re-vaccinated, before they can be considered eligible for entry into the Dockyard.

6. The educational examinations will be held by the Civil Service Commissioners in London, as well as at the several Dockyards, and will take place in the months of April and October of each year. The exact dates may be ascertained by application to the Secretary, Civil Service Commission, Burlington Gardens, London, W., on or after the 1st of January (for the April Examination) or the 1st July (for the October Examination) in each year. A fee of 2s. will be required from each candidate attending the Examinations.

7. The following will be the subjects of examination and the maximum number of Marks for each subject:—

(1.) Arithmetic	350
(2.) English, including—	
(a) Handwriting,	
(b) Spelling,	
(c) Composition,	
with special reference to grammatical accuracy	400
Candidates may, in addition, select—	
(3.) Geometry and Algebra	300
(4.) Geography, or the elements of Physics and Chemistry	150

Total 1200

8. Candidates must qualify in subjects (1) and (2), and must obtain such an aggregate of marks in the examination as a whole as may indicate in the judgment of the Civil Service Commissioners a competent amount of general proficiency.

9. The paper on Geometry and Algebra will include the substance of the principal portions of the first three books of Euclid, but it is not required that the sequence or method of demonstration should be Euclid's.

Candidates will be expected to make the constructions practically, using instruments. The theoretical portions of the paper will include the substance of Propositions 4-6, 8, 13-18, 19, 26-30, 32-41, 43, 47, 48 of Book I, and Propositions 3, 14-16, 18, 22, 31, 32, 35-37 of Book III. The Theorems of Book II may be treated as illustrations of algebraical identities. Easy deductions and arithmetical illustrations will be included.

Candidates will also be expected to have an elementary knowledge of mensuration. They should be able to calculate the areas of simple surfaces and the volumes of simple solids, such as the Cylinder, Sphere, Wedge, and Cone.

In Algebra questions may be set involving the solution of easy quadratic equations with one unknown quantity.

The paper on the Elements of Physics and Chemistry may include questions on:—

The practical methods of measuring lengths, areas, and volumes. Comparison of scales. Use of squared paper.

Weight. The use of the common balance and spring balance. Experiments with pendulums. Measuring time. The clock and watch.

Simple mechanical devices in common use, such as levers, blocks and tackles.

Determination of density. Pressure of the air. The barometer.

Observations of the effects of heat. The thermometer.

The air: oxygen, nitrogen, hydrogen.

Simple chemical and physical properties of substances in common use, such as water, chalk, lime, salt, coal.

Solution, crystallization, filtration, distillation, combustion.

10. Those Candidates up to the required number who obtain the greatest number of marks in the subjects named in paragraph 7 will be eligible for appointment as Apprentices, and they will be allowed to select their Trades according to their position on the Examination List.

11. Apprentices will be bound by indentures to serve for six years, and no Candidate will be entered unless some relative or friend is able and willing to undertake the duty of the second party to the indenture to the support, &c., of the Apprentice during his apprenticeship.

12. On the expiration of their period of service, Apprentices will receive a certificate of their character and conduct, the progress they have made in their trade, and in the knowledge of the subjects prescribed for Dockyard Apprentices. Should this certificate be in all respects satisfactory, they will, subject to the approval of the Superintendent, be entered for a period of two years as journeymen, and, subject to their good behaviour, will not be discharged during that time.

13. The Pay of Apprentices serving in the Dockyards is as follows:—

	s.	d.
First year	4	0 a week.
Second year	6	0 "
Third year	8	0 "
Fourth year	10	0 "
Fifth year	12	0 "
Sixth year	14	0 "

14. Board Wages will only be allowed to Apprentices in special cases of distress, and when the distress is due to the fathers of such Apprentices having been killed in the Naval Service, or in other service under the Admiralty or having died or been rendered unable to contribute sufficiently towards the support of their families through excruciating injuries received while on duty.

15. Shipwright, Ship Fitter and Engine Fitter Apprentices in their fourth year who have made satisfactory progress in the knowledge of their trades and in their acquirements at school, are to be allowed to attend for two evenings each week in some suitable place in the Yard to be taught ship and machine drawing respectively.

16. Apprentices are to attend the Dockyard School for such periods and to pursue such studies as may from time to time be determined upon. Those entered as a result of the October Examination will not attend School until after the following Midsummer Holidays, when they will join the school with those Apprentices entered as a result of the April Examination.

17. All Apprentices are to attend school in the first year of Apprenticeship, unless they show marked idleness or indifference, in which case they are to be summarily dismissed from the school. Any Apprentice who fails at the end of his first year to obtain 40 per cent. of the maximum marks at the examination in the subjects in which he has received instruction is to be dismissed from the school. Those who attain this standard are to be allowed a second year's course.

The standard for retention in the schools for a third and fourth year is (a) 60 per cent. of the lower division maximum marks as a minimum for a third year's term, and (b) 40 per cent. of the upper division maximum as the minimum for a fourth year's attendance. Any extended attendance at school, however, for either the third or fourth year is to be subject to the joint recommendation of the professional officers concerned and the schoolmaster, with the sanction of the President of the Royal Naval College.

Dockyard Apprentices of all trades are to be considered as equally eligible, from date of entry for admission to the upper school. All Apprentices, irrespective of trade, are furthermore to be interchangeable between the upper and lower schools according to ability, industry, and behaviour exhibited by them.

• Engine Fitter Apprentices.

18. The subjects of examination at the end of the third year will be the same as at the end of the fourth year (see par. 17) except that the professional questions will be of a more elementary character, and drawing will be omitted. In order that a comparison may be drawn between the results obtained by the Shipwright and Engine Fitter Apprentices at this stage, the practical engineering paper for the latter will be assessed at a maximum of 800 marks.

19. The school training of an Apprentice will terminate at the end of his fourth year. The examination at this period of Apprenticeship will be as follows:—

No. 77.—C.

At the Court at Windsor,
The 10th day of November 1886.
Present:

The QUEEN'S most Excellent Majesty in Council.

WHEREAS there was this day read at the Board a Memorial from the Right Honourable the Lords Commissioners of the Admiralty, dated the 5th day of November 1886, in the words following, viz:—

"Whereas we have had under our consideration the question of continuing to grant Pensions to the Widows of Officers of Your Majesty's Navy, and Compassionate Allowances to their children, in cases in which the marriages take place after the retirement of the Officers from the Active List:

"And whereas we are of opinion that the Regulations in regard to the privileges in question should be modified:

"We do therefore beg leave to recommend that Your Majesty will be graciously pleased by Your Order in Council to direct, as regards future marriages of Naval Officers, that the Widows and Children of the Officers in question shall not be eligible for the grant of Pensions and Compassionate Allowances unless the marriages take place during the time Officers are borne on the Active List. This Regulation to apply only to Officers now on the Active List, or who may be placed thereon subsequently to the date thereof, and in no way to affect the claims in respect of Officers already retired."

Her Majesty having taken the said Memorial into consideration, was pleased, by and with the advice of Her Privy Council, to approve of what is therein proposed. And the Right Honourable the Lords Commissioners of the Admiralty are to give the necessary directions herein accordingly.

At the Court at Windsor,
The 10th day of November 1886.
Present:

The QUEEN'S most Excellent Majesty in Council.

WHEREAS there was this day read at the Board a Memorial from the Right Honourable the Lords Commissioners of the Admiralty, dated the 5th day of November 1886, in the words following, viz:—

"Whereas we have had under our consideration the regulations governing the award of Pensions to Widows of Officers of Your Majesty's Navy, and Compassionate Allowances to their children:

"And whereas we are of opinion that time spent by such Officers on the Retired List should not be operative either for creating or for increasing pension rights:

"We do therefore beg leave to recommend that Your Majesty will be graciously pleased by Your Order in Council to direct that Article 7 of the Regulations for the government of Your Majesty's Navy shall be modified so that, as regards future marriages, Service on the Active List only shall reckon as qualifying time for the privileges in question. The alterations in question to apply only in respect of Officers now on the Active List or placed thereon subsequently to the date thereof, and in no way to affect the claims in respect of Officers already retired."

"We would, however, recommend that Your Majesty will be pleased to provide that the special rate of pension applicable to the rank of Paymaster-in-Chief may still be awarded to Widows of those Officers, the rank of Paymaster-in-Chief being only obtainable at the time of their retirement."

Her Majesty having taken the said Memorial into consideration, was pleased, by and with the advice of Her Privy Council, to approve of what is therein proposed. And the Right Honourable the Lords Commissioners of the Admiralty are to give the necessary directions herein accordingly.

PENSIONS AND GRATUITIES TO THE RELATIVES OF OFFICERS.

1. Widows of Officers of the Royal Navy, and the Royal Marines, may be allowed Pensions, and their Children Compassionate Allowances, at the rates specified in the table given before, and subject to the following regulations:

2. All applications for Pensions, and for Compassionate Allowances, must be addressed to the Secretary of the Admiralty for the decision of the Board.

3. The Pensions of all Widows shall commence from the day following that on which their Husbands died, provided application be made by the Widow within Twelve Months from the same, otherwise from the time only of such application.

4. Her late Majesty's Orders in Council increasing Rates of Pension, or Compassionate Allowances, are not retrospective in their operation, and only affect the families of such officers as may be on the Active List at the date of such Orders in Council, or subsequently thereto.

5. If the claim of a Widow to Pension shall not be established *before her death*, the amount of pension to which she would have been entitled if living shall not be allowed to her representatives.

6. The Pensions authorized by these Regulations cannot be claimed as a *Right*:—they are granted as rewards for good and faithful service rendered by deceased Officers;—they will only be conferred on persons deserving the Public Bounty:—the *ordinary* Pension will not be granted to Widows whose private incomes may exceed the confidential scale which may from time to time be fixed by the Admiralty as the limit for each Rank of Officer, and the Pensions are liable to be discontinued altogether, in case of any misconduct rendering the individuals receiving them unworthy of the Public Bounty.

7. A Widow shall not be eligible to be placed on the Pension List under any of the following circumstances:—

i. If her husband married after the age of 60 years, except Chief Gunners, Boatswains and Carpenters, and Warrant Officers pensioned before 1st October 1875, in whose case the limit of age is 50.

ii. If her husband, being capable of service, had, at his own solicitation, been excused from serving, when called upon, provided that he was officially warned that his Widow would thereby forfeit the Pension; or if her husband had been placed on permanent Half-Pay, or on the Retired List, on account of misconduct.

iii. If her husband had been guilty of any fraudulent misapplication of the public money.

iv. If her husband had been guilty of Bigamy; or if she had been living at the time of her husband's death in a disreputable state of separation.

v. If her husband died in the service of a Foreign state, unless serving with the permission of the Admiralty.

vi. If she had not been married Twelve Months to the Officer by whose right she claims the Pension, unless the said Officer was killed or drowned in an immediate act of duty. The Admiralty may, however, grant the Pension in cases of Officers dying before the expiration of Twelve Months from the time of their marriage, but only if satisfactory evidence is produced to show that the marriage did not take place under any circumstances which would imply that there was any fraud in the transaction, or any improper intention of obtaining the Pension for the Widow; and

provided it be clearly shown that the Officer was in good health when he married, and that the disease which occasioned his death was not brought on by any misconduct, or by any circumstances over which he had control.

vii. If she shall receive any other Pension, Provision, or Allowance from the Government on account of her husband's services in a Naval or Military capacity; but Widows in receipt of Pensions from the Civil List are not deprived of their Naval Pensions on account thereof, and Widows who, in consequence of second marriage, may be eligible for either a Navy or an Army Pension, may elect to receive that which is most advantageous to them.

viii. If her private income exceeds the confidential scale fixed by the Admiralty as the limit for the rank last held by her husband; observing that the Widows of Commanders retired with the rank of Captain, Lieutenants retired with the rank of Commander, and so on, may enjoy the private income applicable to the higher rank without forfeiting their Pensions thereby.

ix. If the marriage took place subsequent to the Officer commencing his Retired Pay, or if the Officer, after having commuted, removed his name from the List of the Navy, although the marriage may have taken place before such commutation.

Note.—Widows of Officers married after partial commutation will only be granted a proportion of the pension for which they would otherwise have been eligible.

x. If marriage took place after the Officer was removed from the Active List. This regulation to be only applicable to Officers who retired after 10th November 1866.

xi. If her husband, being a Medical Officer, should retire or withdraw upon a gratuity.

8. The Pensions of Widows whose private incomes may, after their Pensions have been awarded, increase beyond the limit fixed from time to time by the Admiralty for the rank last held by their husbands, shall be suspended as long as their private incomes exceed such limit; but may be restored again in the event of their private incomes decreasing within the limit.

9. The Widows of Commissioned Officers (except Chaplains) who shall have married after the 10th November 1866, are only entitled to the Pensions of their respective classes, in the event of their Husbands having ten complete years' seniority as Commissioned Officers on the Active List, except the Husband be killed in action, or lose his life in the execution of the Service. If, however, the Officer had five years' seniority on the Active List, was in good health when he married, and it be clearly shown that the disease which occasioned his death was not brought on by any misconduct, or by any circumstances over which the Officer himself had control, the Admiralty may award Pensions in such cases as they think proper.

The restrictions as to service on the Active List will not apply to Officers retired before the 10th November 1866, such Officers being allowed to count their time as Commissioned Officers on the Active, Retired, or Retired Lists as qualifying for eligibility for pension to their widows.

COMPASSIONATE ALLOWANCES TO CHILDREN, &c. 907

The Widow of a Commissioned Warrant Officer, Divisional Chief Officer of Coast Guard, or Chief Officer of an R.N.R. Vessel, is only entitled to the rate applicable to those ranks should her husband have had one year's service in the rank, or should his death have been attributable to the Service; otherwise the rate applicable to Warrant Officers or to Chief Officers of Coast Guard Stations will be awarded.

The Widow of a Warrant Officer or Chief Officer of a Coast Guard Station with less than one year's service at the time, if any, in the land, is entitled to the rate, is not eligible for a Pension unless the death is attributable to the Service.

The Widow of a Head Schoolmaster who has been killed in action, or who has died of wounds received in action within 2 years of such wounds having been received, or who has died from illness brought on by fatigue, privation, or exposure incident to active operations before an enemy, within 2 years of his having been first certified to be ill, or who shall have completed not less than one year's continuous service as Warrant Officer at the time of his death, shall be granted a Pension, provided the marriage took place before the Officer attained the age of 45 years, and the Widow be certified as being left in necessitous circumstances, and subject to the conditions laid down for the Pensions of other Officers' Widows, so far as they apply.

10. The Widow of a Chaplain shall not receive a Pension unless her Husband's name was in the List at the time of his death, and unless she shall have been married during or prior to her Husband's service in the Navy, nor unless her Husband shall have served One Year on Full-Pay subsequent to their marriage, and shall have served Three Years on Full-Pay.

If, however, he had completed Ten Years' Service on Full-Pay, a Pension may be granted although no portion of such service shall have been subsequent to their marriage, provided the Widow is otherwise eligible, and provided as regards Officers retired after 10th November 1866, that the marriage took place before the Officer left the Active List.

11. In all cases of a Widow re-marrying, since 31st December, 1890, her Pension shall be suspended from the date of her re-marriage; but, in the event of her again becoming a Widow, her Pension may be restored, upon proof being adduced to the Admiralty that her private income does not exceed the limit fixed from time to time by the Admiralty for the rank last held by her husband, and that she is otherwise deserving the Public Bounty, but it will be again liable to suspension during future re-marriage.

If a Widow, in consequence of re-marriage, either before or after the 31st December, 1890, with a Naval or Marine Officer, becomes again eligible for a Pension from naval funds, she may either revert to her first Pension, or be granted the Pension for which her second marriage rendered her eligible whichever is most to her advantage.

13. Every Officer, whether on Full, Half, or Retired Pay, shall, in order to facilitate the decision upon the claim of his Family, after his decease, to the benefit of these Regulations, notify his marriage within one month of its taking place, to the Admiralty, according to the Form given.

14. With respect to marriages contracted in Scotland, none will be admitted, for the purposes of these Regulations, which cannot be proved either by an extract of the Register of the Kirk Session, or other legal record of the place in which the marriage shall have been celebrated, or by an acknowledgment of a Marriage to be transmitted to the Admiralty, made and subscribed by the parties themselves in Scotland, in presence of a Magistrate, according to the Form given or a Decree of Declaration of Marriage.

15. The Widows of Officers on the Reserved and Retired Lists are only eligible for the Pension appli-

cable to the rank and seniority of their husbands at the date when they were slain in the Active List, except in the case of (1.) Captains who were advanced to the rank of Flag Officer while on the Retired List, and who were Retired or Married before the 10th November 1866, when as Widows are pensioned as the Widows of Flag Officers, and (2.) Chief Gunners, Chief Boat-swains, and Chief Carpenters of one year's seniority, retired after 1st April 1866, with the honorary or relative rank of Lieutenant, whose Widows are pensioned as the Widows of Junior Lieutenants.

The Widows of Paymasters in Chief, who attain that rank on retirement will be awarded the same rate of Pension as Widows of Paymasters in Chief on the Active List.

The same rate may also be awarded to the widows of Fleet Paymasters who are still on the Active List, provided that at the time of their death they have reached the age for optional retirement, and were eligible by service for, and would in the ordinary course have been granted, the rank of Paymaster-in-Chief on retirement.

16. Widows of Marine Officers.

(a) Officers retired before 29 June 1862.

The General Rules for the grant of Pensions to the Widows of Naval Officers are applicable to the cases of Widows of Marine Officers, except where otherwise stated in these Regulations.

In computing the period on the list of Commissioned Officers necessary to render Widows eligible for Pensions, in the case of Marine Officers who have been promoted from the ranks, three years in the ranks shall be reckoned to reckon as two years in commission towards such qualifying period; and if under that rule the time is still insufficient, the Admiralty may, at their discretion, award a Pension notwithstanding, provided the actual service in all ranks amounts to the period required in the cases of other Officers.

The Widows of Marine Officers who held Brevet or Honorary Rank on the Active List shall be granted the Pension applicable to that rank. The Widows of Marine Officers who were given an Honorary rank on or after retirement shall only be entitled to the Pension applicable to the substantive rank of the Officer when last on the Active List.

(b) Officers retired after 29 June 1862.

The Widows of Marine Officers retired after 29th June 1862, will be pensioned under the rules governing the award of Pensions to Widows of Officers of His Majesty's Army.

The Widow of a Warrant Officer who has been killed in action, or who has died of wounds received in action within 12 months of such wounds having been received, or who has died from illness brought on by fatigue, privation, or exposure incident to active operations before an enemy within six months of his having been first certified to be ill, or who shall have completed not less than five years' continuous service as Warrant Officer at the time of his death shall, provided the Marriage took place before the Warrant Officer attained the age of 45 years, be granted a pension of £20 a year, if the Widow be certified as being left in necessitous circumstances, and subject to the conditions laid down for the pensions of Officers' Widows, so far as they apply.

17. *Widows and Children of Officers killed in Action.*—Gratuities, under the following regulations, shall be allowed, as His Majesty's Royal Bounty, to the Widows and Orphans of such of the Officers mentioned in Article 1, as may be slain in the King's Service, in flight with the enemy, pirates, or smugglers, or in encounters with the Ships of friends by mistake, or in quelling disturbances on shore or afloat; and persons dying of their wounds within six months shall be considered as persons slain, viz.:—

1. To a Widow, a Gratuity equal to a year's Full-Pay of the rank which her husband held at the time of his death.

2. To each Orphan (who shall not be married, nor be of the age of twenty-one at the time of the father's death), one-third of the Gratuity to the Widow's posthumous children shall be considered as orphans.

908 COMPASSIONATE ALLOWANCES TO CHILDREN, &c.

In the calculation of these Gratuities, the Officer's Command Money and other Full-Pay allowances, except Table Money, shall be included.

18. In the case of an Officer killed in action, or dying from wounds received in action within six months, and not leaving a Widow, but leaving a Daughter or Daughters only, an annual Allowance, equal to the ordinary rate of Widow's Pension may, under special circumstances, be granted, instead of the Compassionate Allowance, to such Daughter or Daughters collectively. Such Allowances may be continued until the Daughter, or the last survivor of them, in case there be more than one, may become disqualified by marriage or otherwise.

19. *Children of Officers.*—(1) Allowances on the Compassionate List to the legitimate Children of deceased Commissioned Officers, may be given in those cases in which the rank of the Officer would render his Widow eligible to be placed on the Pension List; provided it be shown that the Children have no other Allowance, Pension, or Provision from the Government (except in the case of Boys under the age of eighteen who may be serving as Subordinate Officers in the Navy), and that their pecuniary circumstances, and those of their family, are so limited that they actually require assistance from the Compassionate Fund.

(2) When a Medical Officer retires, or withdraws, on a gratuity, his children will have no claim to compassionate allowance.

21. The Allowances granted to the *Sons* of Officers may be continued until they attain the *Age of Eighteen* or are otherwise previously provided for; and those to the *Daughters* may be continued until they marry, or attain the *Age of Twenty-one*, whichever shall first happen, and no longer; except in very special cases, in which it shall be shown that such Sons or Daughters are afflicted with any mental or bodily infirmity, rendering them incapable of making any exertion for their own support; and that they are still in distressed circumstances, the allowance may be continued, or revived should any break of continuity from under age have occurred.

These allowances may also be awarded in those special cases where the Sons and Daughters of Officers who were not in receipt of allowances when under age, are rendered incapable of making adequate exertion for their own support through infirmity, dating from a period before the father's death, and before the Sons and Daughters reached the age at which in ordinary circumstances Compassionate Allowances would cease.

22. Children who are being educated at the expense of Greenwich Hospital may be granted the minimum Compassionate Allowances applicable to their Father's rank, provided real poverty is proved to exist.

23. All persons alluded to in Article 21 who are in receipt of 30*l.* a-year from other sources, or whose Mothers have been refused Pensions on account of private income, are considered ineligible for Compassionate Allowances under ordinary circumstances.

24. In the event of a Widow re-marrying, her Children by the first marriage are still eligible for Compassionate Allowances, provided they are otherwise qualified to receive them.

25. Compassionate Allowances are granted for the year commencing 1st January, but are not payable till after the following 1st April.

26. Children who were born after their Fathers commuted their Retired Pay are not eligible to be placed on the Compassionate List. Children born after partial commutation will only be granted a proportion of the Allowances for which they would otherwise have been eligible.

27. The aggregate amount of the Allowances to the Family of any Officer shall not exceed, in ordinary cases, the amount of the Half-Pay of his Rank and Seniority at the time of his death. In the case of an Officer whose death is attributable to the Service, the aggregate amount of the Allowances to his Family shall not exceed 100*l.* a year more than the amount of the Half-Pay of his Rank and Seniority at the time of his death.

28. *Mothers.*—When an Officer is killed in action, or killed or drowned on duty, or dies of wounds or injuries received on duty within six months after being injured, and leaves no Widow nor legitimate child, but leaves a Mother who is a Widow in distressed circumstances, and who was dependent upon him, the Mother shall receive a Pension equal to the ordinary rate of Widow's Pension attached to the rank which her Son held at the time of his death; but if such Mother shall herself be in the receipt of a Pension as an Officer's Widow, or shall have any other provision of any kind from the public, in that case no Allowance will be made to her on account of her Son, unless she gives up the other Pension or Allowance, and the pension given to a Mother on account of her Son will be forfeited on re-marriage, and will not be restored in the event of her again becoming a Widow.

29. *Sisters.*—Sisters of Officers are not eligible for any Allowance, unless under very special and extraordinary circumstances. The Allowance will not exceed that which would be given to a Mother, and will not be given in any case unless the Officer shall have been killed in action, or killed or drowned on duty, or shall die of wounds or injuries received on duty within six months after being injured, and shall have left no Widow, legitimate Child, nor Mother, nor unless the Sister shall be an Orphan, having no surviving Brother, and shall have been dependent for support upon the Officer killed. Every Pension so granted will cease when the person receiving it shall marry, or be in any other manner sufficiently provided for.

30. If there be no ordinary rate of Pension attached to the rank of the Officer, such Pension may be granted as the Admiralty may see fit, in the cases of both Mothers and Sisters, under the circumstances stated in Articles 28 and 29.

GOOD SERVICE PENSIONS.

The following are the established Good Service Pensions for Naval and Marine Officers:—

Flag Officers, 10 Pensions of £300 a year each, two of which may be held by Vice-Admirals, and two by Rear-Admirals qualified for promotion.

Captains, R.N.	12	Pensions of £150 a year each
Medical Officers	3	" " £150 "
General Officers	6	" " £200 "
Colonels and Lieutenant-Colonels.	2	" " £300 "

These Pensions shall not be held in addition to any other Pensions, unless it shall be a Pension conferred for wounds or injuries received in the Service.

Only Captains, Royal Navy, and Colonels and Lieutenant-Colonels, Royal Marines, on the *Active List* shall be eligible for the award of Good Service Pensions; but such Pensions may be granted to Flag Officers on the Retired List, Medical Officers, and to General Officers of Marines, whether on the Active, Reserved or Retired List; provided in the cases of Flag Officers that retirement has taken place after attaining Flag Rank, and that the Retired Pay together with the Good Service Pension shall not exceed the half-pay of an Admiral of the Fleet.

Good Service Pensions shall be awarded to Flag Officers and Captains for distinguished service at sea, and in determining their claims, preference shall be given, in cases of special gallantry, to officers who have commanded ships in action against the enemy.

Flag Officers and General Officers of Royal Marines in receipt of these Pensions shall be allowed to retain them after being retired; but, in the case of Flag Officers, if the Retired Pay and Good Service Pension together exceed the half-pay of an Admiral of the Fleet, the Retired Pay shall be reduced so as to make the two together equal to that amount.

Captains, Royal Navy, shall forfeit their Good Service Pensions on promotion to be Flag Officers on the Active List or on retirement, but in the case of Captains retained on active full pay after retirement the Good Service Pension shall cease only with full pay.

No Captain will be allowed to receive any addition to his retired pay on account of a Good Service Pension held by him upon retirement, except in case of retirement for ill-health caused by the Service. In such cases Officers will receive, at the discretion of their Lordships, an addition ranging from a minimum of 50% to a maximum of 150%, and the increase over the minimum will be at the rate of 15% for each

year's service in excess of 20 years. In no case, however, will the retired pay of a Captain be allowed to exceed 600% a year.

Colonels and Lieutenant-Colonels, Royal Marines, shall forfeit their Good Service Pensions on promotion to be General Officers on the Active List.

Captains retired from that rank who held a Good Service Pension before the 9th December, 1903, shall be allowed to receive, in Retired Pay together with Good Service Pension, a sum not exceeding 600% a year; but, should the two together exceed that sum, they will be retired on 600%, relinquishing their Good Service Pension.

Lieutenant-Colonels and Colonels of Marines to be allowed to receive in Retired Pay together with Good Service Pension a sum not exceeding 600% a year, but should the two together exceed that sum they will be retired on 600% a year relinquishing the Good Service Pension.

Should any Flag Officers holding a Good Service Pension be in receipt of, or become entitled to a Civil Pension, exceeding the value of his Good Service Pension, the latter Pension shall be suspended so long as he receives such Civil Pension; and the vacancy thus occasioned may be filled up; but, as a rule, it is not intended that more than one such supernumerary Pension shall be in existence at the same time.

A Captain shall be allowed to draw his Good Service Pension irrespective of the receipt of Full or Half Pay or Civil Salary.

A Flag Officer shall give up his Good Service Pension if he become Governor of Greenwich Hospital or Naval Aide-de-Camp to His Majesty.

A Naval Aide-de-Camp to His Majesty deriving emolument from his office shall not be allowed to hold any Pension, unless it be a Pension conferred for wounds or injuries received in the Service.

An Admiral of the Fleet on the Active List shall not be allowed to hold any Pension, unless it be a Pension conferred for wounds or injuries received in the Service.

An officer promoted to the rank of Admiral of the Fleet on the Retired List under the provisions of the Order in Council of 22nd of February 1870, Section X, para. 7, shall in consideration of the rank not carrying increase of Retired Pay, be allowed to retain the Good Service Pension, or if not in possession of one shall be eligible for it.

Age Pensions are given to Naval Pensioners only (i.e., to Seamen, Marines, Coast Guard Naval Pensioners, Yard Craftsmen, and Riggers of Dockyard).

Age Pensions are given only to Life Pensioners.

2. The remainder of their outfit need not be provided until they are appointed to one of H.M. ships for 12 months' training.

VI.—Correspondence.

(39.) All letters from Royal Naval Reserve Officers (when not serving in H.M. Ships), in connection with the Reserve, are to be addressed to the Registrar-General of Shipping and Seamen, Carlisle Place, Westminster, London, S.W., who will forward to the Admiral Commanding Coast Guard and Reserves, with remarks, such as require his decision or that of the Admiralty.

Warrant Engineers should address their communications to the Registrar of Naval Reserve by whom they are paid their retainers.

2. Officers serving in H.M. Ships and those undergoing drill in Drill Ships are to address their letters through the Commanding Officers of such Ships.

3. Officers are always to state their rank after their signature.

4. Separate letters are to be written on separate subjects.

VII.—Drill.

(40.) Officers of the Military Branch on the Active List of the Royal Naval Reserve (except Commanders) will be required to undergo in each year a course of 28 days' drill and gunnery instruction on board one of the District Drill Ships.

The annual drill required is for each calendar year, i.e., the period between the 1st January and 31st December.

2. A drill certificate (Form C. 103) will be given to each Officer of the Naval Reserve on completion of his drill, by the Naval Officer superintending the drill, who will also report to the Registrar General on Form R.V. 22, each completed period of seven days' drill.

3. Officers of the Royal Naval Reserve will not be allowed to drill while suspended from the Reserve under Clause 1 of Art. 97.

(41.) Officers of the Royal Naval Reserve should, if possible, take their drill in 28 consecutive days. If however, they cannot do so, it may be taken in periods, for which they can attend, but no Officer should be allowed to drill for less than seven consecutive days, and 28 days' drill should be completed in each year.

(42.) Officers who are in arrears of drill owing to the exigencies of their employment will be permitted to make good one year's arrears. They may also take drill for the current year, and if necessary they may take one year's drill in advance, but no Officer may perform more than 56 days' drill in one year.

(43.) If owing to the nature of their employment, Officers are unable to perform their drill at home, they may be permitted to do so in any of His Majesty's Ships abroad commanded by a Captain or

Commander, permission being first obtained from the Commander-in-Chief of the station or, in his absence, from the Senior Naval Officer at the port, who is to satisfy himself that the reasons given by the Officer, as to his difficulty in performing drill at home, are sufficient.

(44.) On a special report being made on Form C. 107 to the Admiral Commanding Coast Guard and Reserves by the Naval Officer superintending the drill, to the effect that an Officer is competent to instruct and drill men of the Reserve, then such Officer will only be required to undergo seven days' test drill each year, and if such test drill is performed to the satisfaction of the superintending Naval Officer the further 21 days will be dispensed with; but if the seven days' test drill is not satisfactory, the further 21 days' drill must be performed.

2. The Form C. 107 is to be made out in triplicate, one copy to be sent to the Admiral Commanding Coast Guard and Reserves, one copy to the Registrar-General, and a third copy to be handed to the Officer.

(45.) Officers who pass the test may be considered to have put in drill for three years, viz.:—

1 year in arrears,

1 year current,

1 year in advance.

It will, however, remain optional to them to perform within the limit of 56 days in a year such amount of drill, whether in arrears or in advance, as they desire.

(46.) Service on board one of His Majesty's Ships in Commission shall be reckoned for all purposes as equivalent to the annual test drill required from Officers of the Royal Naval Reserve, provided a satisfactory Certificate for Service is obtained; but it will only be reckoned as the ordinary annual drill for those Officers who have not previously passed the test.

(47.) Officers of the Reserve will, when they wish to attend at drill, proceed to the District or Drill Ship at one of the ports named below, and produce their commissions or appointments to the Commanding Officer. They are not required to apply previously at any Mercantile Marine Office.

2. The Commanding Officer will enquire what has been the nature of their recent employment, and the Commissioned Officer of the Reserve will be permitted to perform drill who has been serving in the Mercantile Marine in a capacity below that of Master or Mate, without the special sanction of the Admiral Commanding Coast Guard and Reserves. Midshipmen of the Reserve will not be allowed on drill if they have been employed at sea other than as Mate, Apprentice or Midshipman, without special sanction, Vide Article 97 (2).

(48.) Officers can attend drill on board any of the Drill Ships at the following ports:—

Aberdeen; Bristol; Dundee; Harwich; Holyhead; Inverness (winter months only); Kingstown, Ireland; Leith; Liverpool; London, W.I. Docks; Shields; Southampton; and Queenstown, Ireland.

2. The Drill Ships whose headquarters are respectively at Queensferry, Harwich, Southampton (Holyhead, Kingstown and Queenstown are sea-going ships), and are constantly cruising in the Districts to which they are attached. They also take part in the summer manoeuvres. Officers wishing to drill in any of these ships should first communicate by letter with the Registrar General of Seamen, as to whether they can be received on board.

3. It may occasionally happen unavoidably that an Officer who has been informed that he can be received for drill finds, on arrival, that the sea Drill ship is absent from her Station, or is about to leave it, or she may leave before the Officer has completed his drill. In such cases, the Officer's travelling expenses will be allowed to the nearest R.N.R. Battery, but Railway Passes should be issued.

(19.) In special cases only, Officers may be allowed to perform their drill at one of the Royal Naval Reserve Batteries, provided a licence first obtained in writing from the Admiralty Commanding Coastguard and Reserves by application through the Registrar-General of Seamen, the *actual rank* being fully stated; but this permission cannot be conveniently accorded to Officers of Senior rank and standing in the Reserve, nor to those Officers who require Test Certificates for the purposes of the Training Regulations Art. 69. It is expected that such Officers will put in their drill in the Drill Ships, where there is a staff of Officers of suitable rank and position to supervise and report on the result of the drills.

2. When, however, permission is given to Officers who are qualifying for Test Certificates, Lieutenant Officers are to personally examine the candidates as to proficiency before signing the form of Test Certificate, which is in all cases to bear the signature of the Battery Officer as well.

(50.) The drill will comprise heavy gun, rifle, pistol and cutlass exercise.

(51.) The Rules laid down with regard to the drill required of Officers of the Royal Naval Reserve may be relaxed in such cases as may seem requisite to the Lords Commissioners of the Admiralty, on special application being made through the Registrar-General of Seamen.

2. The hours of drill and instruction for Officers are, as a rule, to be the same as those laid down for men of the Royal Naval Reserve. In the case of Officers, however, who represent to the Commanding Officer of a Drill Ship that they do not find it possible to attend during the whole of the day, owing to their being required to fulfil engagements to their employers which they cannot give up, or for other business reasons of an imperative nature, 3½ hours actually spent at drill or under instruction on any one day may be allowed to count as a day's drill.

3. It is left to Officers in Command of Drill Ships to make arrangements to carry out the above when necessary; and the names of those Officers who avail themselves of it are to be recorded, and it is to be distinctly understood that the privilege is only to be exceptionally accorded to Officers under the above circumstances.

(52.) Officers whilst attending annual drill on board a District Drill Ship will live on shore and receive the following allowances in lieu of lodging and subsistence, viz:—

	<i>s. d.</i>
Lieutenants and Acting Lieutenants	10 6 a day.
Sub-Lieutenants and Acting Sub-Lieutenants	7 0 "
Midshipmen	5 0 "

2. Officers who are injured at drill are entitled to be paid these allowances until cured or discharged to pension.

3. In the cases of Officers performing their drills on 1st and H.M. Ships abroad these allowances are provided for by Article 917, Chapter XXV., of the King's Regulations and Admiralty Instructions. The drills are to be reported monthly on Form C. 145 to the Registrar-General of Shipping and Seamen.

4. The allowances will be paid on the completion of each week's drill by the Paymaster of the Drill Ship.

Note.—Officers are not to be paid for any days on which they have been absent from drill on account of sickness.

VIII.—Service in the Royal Navy when called out by Royal Proclamation.

(53.) Officers of the Royal Naval Reserve will be called out for actual service by Royal Proclamation, and they will be liable to serve during the continuance

of any national emergency or until they may be regularly discharged by the direction of the Lords Commissioners of the Admiralty.

(54.) Upon the issue of a Royal Proclamation signifying His Majesty's pleasure to require the Officers of the Royal Naval Reserve to serve in the Navy, the Admiralty will take immediate steps to make the same known, and it is the duty of every Officer to at once communicate his then address, and his probable movements for the next three months, to the Registrar-General of Shipping and Seamen, Carlisle Place, Westminster, London, S.W.

2. The Admiralty will, after reference to the Officers' Register kept by the Registrar-General give notice to each Officer whom they may think fit to call upon to join at a place and time to be fixed by such notice.

3. Reasonable expenses incurred in proceeding to requisition will be allowed.

(55.) Officers of the Royal Naval Reserve, when called upon for active service or employed in the Fleet, will be attached to such ship or other service as the Lords Commissioners of the Admiralty may direct.

Warrant Engineers, R.N.R., when so serving, will be considered in all respects as Warrant Officers of His Majesty's Fleet.

(56.) Officers serving abroad when the Royal Naval Reserves are called out, will receive notice thereof from the British Consul at the first Port they may call at, where a Consul resides.

2. They are then to report themselves on board the first British Ship of War they may meet; or, failing that, by letter, to the Registrar-General on arrival in England.

(57.) Under circumstances of emergency Commanders-in-Chief of Stations abroad are empowered to grant acting Commissions to Officers of the Mercantile Marine, and to exercise the same powers of appointment, &c., as are vested in the Lords Commissioners of the Admiralty.

(58.) Officers who, when on active service in the Fleet, shall have greatly distinguished themselves in action with the enemy or who may, by the character or length of that service, obtain the special approbation of the Lords Commissioners of the Admiralty, will be eligible to receive Commissions as Officers in the Royal Navy of the same grade as that with which they may rank at the time. They will then be considered in all respects as Officers on the permanent strength of the Navy.

(59.) Officers who, whilst on active service, shall have been employed in action with the enemy, may be granted Medals and Decorations the same as awarded to Officers of their corresponding rank in the Royal Navy.

IX.—Voluntary Service and Training in the Royal Navy.

(60.) All applications for voluntary service must be made through the Registrar-General of Shipping and Seamen.

(61.) The Lords Commissioners of the Admiralty will consider applications from Officers who, in addition to their Annual Drill, volunteer for temporary service in the Royal Navy, either for some special duty, such as a cruise in an Exercising Squadron, or for a course of instruction in Gunnery or Torpedo on board one of the Gunnery or Torpedo School Ships, but Lieutenants and Sub-Lieutenants cannot be allowed to go through Gunnery or Torpedo courses, except for re-qualifying, who are over 40 and 34 years of age respectively; and Midshipmen cannot be appointed for these courses except as Acting Sub-Lieutenants if duly qualified under Article 62.

2. The short courses of Gunnery and Torpedo will each be of two months' duration; but the Gunnery

Course will be divided into two periods of one month each, so that Officers can be appointed to this course under Article 70 every month, except during the Summer Manœuvres and in December.

(62.) Applications will also be considered from Lieutenants and Sub-Lieutenants under 40 and 34 years of age respectively, and Midshipmen possessing a First Mate's Provisional Certificate of Competency who wish to volunteer to go through a Naval training in Navigating or other duties in the Fleet for a period of 12 months. No Officer will be appointed for 12 months' Naval Training unless he has been through short courses of Gunnery and Torpedo, and been recommended by the Captains of the Gunnery and Torpedo Schools on the completion of the courses, as a desirable Officer to undergo Naval Training.

2. Time served in the Gunnery or Torpedo Establishments by Officers appointed to undergo a course of instruction will not count as part of the 12 months' naval training.

3. Officers of the Royal Naval Reserve who undergo the Short Courses of Instruction in Gunnery and Torpedo, prior to their appointment to one of H.M. Ships for 12 months' training, are to be discharged to the books of the Depot ship on completing the courses and are to be continued thereon on full pay until—

(a) They are appointed for 12 months' training.

(b) They are informed that they will be appointed later on, there being no vacancies at the time.

(c) They are informed that they will not be appointed for 12 months' training.

The period during which Officers are borne upon the books of the Depot will not count as part of their 12 months' training.

4. The period of 12 months' Naval Training will count from the date of appointment, and will include time on passage to or from the ship to which the Officer is appointed. Officers are to be discharged to the shore as soon as they have completed the term of their appointment, and if serving in a ship abroad they are to be sent home in sufficient time for this purpose.

5. Officers undergoing courses which are suspended prior to and during the summer manœuvres are to be retained on the books of the ship to which they are appointed for these courses, and granted leave of absence pending their resumption, but they will be lent to H.M. Ships for the period of the manœuvres, if their services are required.

(63.) Officers must obtain the Test Certificate in Gunnery before they can be permitted to volunteer for service under the two preceding clauses; but exception may be made in the cases of those who volunteer only for the short course.

(63a) Senior Engineers, Engineers, and Assistant Engineers may apply for a course of instruction at one of the Home Dockyard Reserves at Chatham, Portsmouth, or Devonport as convenient to the Service. Officers who are selected will receive instruction in the working of the machinery and boilers of Torpedo Boats and Torpedo Boat Destroyers; attend trials of the machinery of H.M. Ships at the port to which they are attached, and watch the progress of work on machinery under construction or repair at the Dockyard.

2. The course will last about three months, and while undergoing instruction in the Dockyard, Officers will be treated as to discipline, in the same manner as R.N.R. Officers undergoing drill in a Drill Ship or at a Battery, and will be required to conform to the Regulations of the Reserve to which they are attached. They will receive the same rate of pay that they would receive if called out by Proclamation *see* Article 72), and the following allowances:—

Senior Engrs. { Lodging allowance 3s. 6d. per diem
Provision allowance 1s. 6d. "
Engineers. { Messing allowance 2s. 6d. "

Assistant { Lodging allowance 2s. 6d. per diem.
Engineers. { Provision allowance 1s. 6d. "
Messing allowance 1s. 6d. "
They will not be required to join a Naval Mess.

3. A distinguishing mark will be placed in the Navy List against the names of Officers who have undergone this course of instruction.

4. The courses will commence on the first Tuesday in February, the first Tuesday in June, and the first Tuesday in October in each year, and candidates should make their applications through the Registrar-General of Seamen in sufficient time to allow of the necessary arrangements being made for the attendance of the selected candidates on the opening day.

5. Officers undergoing the course of instruction will not be required to provide themselves with uniform, but may wear the uniform of their rank at their own option.

6. Reasonable travelling expenses will be allowed, in accordance with the conditions stated in Art. 75.

(63b) Warrant Engineers will be required to undergo three months' training on board one of His Majesty's Ships during the first three years of every five years' service, such training to be either continuous or in periods of not less than one month's duration. As far as practicable they will be allowed to select their own time for this training, provided that at least one month be in the first year of every five years' service. The training will be recorded in their Training and Receipt Books.

Reasonable travelling expenses to or from port of embarkation will be allowed. When under training, they will be considered in all respects as Warrant Officers of His Majesty's Fleet.

(64.) Executive Officers who do not possess a Certificate of Competency granted upon examination subsequent to 31st August 1894, will be required to produce a Certificate that they have passed the Board of Trade vision and colour tests as established in 1894, before appointment for service in the Royal Navy, whether for 12 months' training, Summer Manœuvres of the Fleet, or for short courses of Gunnery and Torpedo instruction.

(65.) Officers when employed in the Fleet, whether on voluntary service in time of peace or when called out by Royal Proclamation, may, with the consent of the Lords Commissioners of H.M. Treasury, be granted temporary acting appointments in ranks higher than those held by them in the Reserve, or higher than those for which they are eligible at the time under the Regulations, i.e., a Sub-Lieutenant may be appointed Acting Lieutenant and a Midshipman as Acting Sub-Lieutenant, and the Acting Officers shall be entitled to the rank and other privileges of their corresponding ranks in the Royal Navy. Such acting appointments shall cease at the pleasure of the Lords Commissioners of the Admiralty, and the Officers will then revert to their original rank on the list.

2. Sub-Lieutenants will not, however, be appointed for short courses of Gunnery or Torpedo, as Acting Lieutenants, unless they at the same time volunteer for 12 months' training, or have already performed such training, and they will not be appointed for 12 months' training or for Manœuvres with the rank of Acting Lieutenant, unless they are over 25 years of age, except under very exceptional circumstances. Should a Sub-Lieutenant reach that age or seniority, during the 12 months' training, he may, at the discretion of the Admiralty, be given a new appointment in the higher rank from the date he became qualified, provided he makes application for it at the time and is recommended by the Captain under whom he is serving.

(66.) Officers of the Royal Naval Reserve who have gone through the 12 months' Naval training referred to in the preceding articles, and who volunteer for

further service in the Fleet, are eligible for employment in Her Majesty's ships of the Royal Navy at the discretion of the Lords Commissioners of the Admiralty, for periods of one, two, or three years. (See Paragraph 13, Article 62.)

2. Officers should state in their applications the period of temporary service for which they are desirous of serving, or serving that the number of appointments made will depend upon the requirements of the Fleet.

(67.) Officers whilst embarked for voluntary service, or for Naval training, will be subject to the Naval Discipline Act, and when so serving will be considered for the purposes of that Act in all respects as Officers of His Majesty's ships.

2. It must be understood that in any case in which an Officer proves himself unsatisfactory as regards conduct or capacity, he will be liable to be discharged from his ship or from the Reserve by order of the Admiralty, at any time during the voluntary service or 12 months' training.

(67A.) The following action is to be taken when officers are discharged from His Majesty's ships on completion of period of 12 months' training:—

A. *If discharged at home.* The Captain of the ship will forward:—

(a) One Copy of the Naval Training Certificate to the Secretary of the Admiralty, and another copy to the Registrar-General of Shipping and Seamen.

(b) Report of Officers' address on Form S. 227 to the Secretary of the Admiralty and Registrar-General.

(c) A Copy of Certificate of Service (Form S. 450) to the Admiral Commanding Coast Guard and Reserves in accordance with Article 606 of the Admiralty Instructions.

The Officer will forward:—

(d) Claim for repayment of travelling expenses (Form S. 52) to the Accountant-General of the Navy, Admiralty, London, S.W., on Form S. 542, and the address to which the money is to be forwarded should be noted thereon, together with the information required by Clause D of Article 75.

B. *If discharged abroad, and sent home by Merchant Steamer:*—

(a) On arrival in England the Officer will report by letter to the Secretary of the Admiralty the date of his arrival, the name of the ship in which he took passage, and his private address. He will enclose therein:—

One Copy of his Training Certificate (if he has completed his first period of 12 months' training).

Pay Ticket Form S. 43.

Claim for Travelling Expenses Form S. 542.

Messing Certificate in Steamer Form S. 454.

(b) A similar letter as at (a) to be sent to the Registrar-General with one copy of Training Certificate.

(c) The Captain of the Ship of War from which he has been sent home will forward Form S. 227 (address) and S. 450 (Copy of Certificate of Service) as directed in A. (a) and (c).

2. When the proficiency of an officer is noted on his Training Certificate as "Fair," the Captain is to state whether he considers he has given such general satisfaction as to entitle him to the Training Fee.

X.—Annual Allowances to Trained Officers.

(68.) At the expiration of the 12 months' training in the Royal Navy, provided the Officers have given general satisfaction as regards conduct and proficiency in Gunnery and Torpedo or Navigating duties, they will be granted Certificates, and will become entitled

to the following Annual Allowances under the designation of "Training Fee," viz:—

Commanders and Lieutenants	25s. a year.
Sub-Lieutenants	20s. "
Acting Sub-Lieutenants and Midshipmen	15s. "

2. When Officers who have become entitled to the training fee of one rank are promoted to higher rank (not acting) they will become entitled to the training fee of the rank to which they may successively be promoted.

3. The higher training fee of £25 will not be given to Officers who served for their twelve months' training in the rank of Midshipman or Acting Sub-Lieutenant, until they have, subsequently, as Sub-Lieutenant or Lieutenant, passed a satisfactory two months' qualifying course on board one of the Gunnery ships.

This clause will govern the cases of Officers promoted to the rank of Lieutenant on and after the 16th May 1901.

(69.) An Officer on completing his training and obtaining the necessary Certificate is entitled to the training fee for the current calendar year without any drill for that year, and the rate of fee to be paid will be determined by the rank (not acting) held by the Officer on the date of completing his training.

2. In each subsequent calendar year so long as he remains on the Active List the Officer will be paid his training fee on the production of a Test Certificate for Drill performed in the year or in the previous year, and he may be paid at any time after the 1st January of the year. The rate of fee to be paid on such Test Certificate will be determined by the rank (not acting) held by the Officer on 1st January. (Fide Articles 44, 45 and 46.) The production of Test Certificate will not be required in the case of Commanders.

3. Officers undergoing further service in the Fleet under Article 606 will not be paid a training fee in respect of the periods during which they are so employed. The training fees to be stopped will be those to which they would otherwise be entitled on each 1st January that they are temporarily employed in the Fleet.

4. In cases where the Admiralty are satisfied that owing to active employment in his profession, or to long service abroad, an Officer has been unable to put in his drill with annual regularity, he will, on obtaining a Test Certificate within four years from the termination of the year in which he last obtained a Test Certificate, be allowed to draw his training fees for back years.

5. If he fails to perform his drill and obtain a Test Certificate within such period, all training fees for that period, not already earned by a Test Certificate, will be forfeited, and he will, if he eventually obtains a Test Certificate, only be entitled to draw his fee for the then current year.

(70.) Lieutenants and Sub-Lieutenants who are in receipt of Training Fees are expected to go through a re-qualifying Gunnery Course of one month's duration in one of the Gunnery Schools at intervals of about 4 years.

2. Commanders will be required to re-qualify in Gunnery and Torpedo within five years after promotion. Should they not have re-qualified within six years they will be liable to have their remaining fee stopped unless they can give satisfactory reasons for their failure to comply with the regulations.

3. They will be liable to have those fees stopped unless they go through this course within six years or can show satisfactory reasons for not doing so.

(71.) Applications for payment of training fees, accompanied by the Naval Training Certificate or Test Certificate, should be made by the Officer to the

Registrar-General. The Registrar-General will issue a Certificate that the fee is due, and payment will be made by the Board of Trade.

Applications for payment of fees upon Test Certificates must not be made prior to the 1st January of the year for which the fees are payable.

(71a.) The Annual Retainer for Warrant Officers will be £15 a year, payable up to the age of fifty, subject to the conditions as to training, &c., having been complied with. At the age of fifty a Deferred Pension Certificate will be granted and training will cease.

The Retainer will be paid by a Registrar of Naval Reserve at any Mercantile Marine Office, in four quarterly instalments of 23 15s. each, and payment will be recorded in their Training and Receipt Books.

The Retainer will be due from the date of Warrant, but in the case of direct entries, payment will be deferred until the first month's training has been completed. The first, second and third month's training in every five years' service will respectively entitle the Warrant Engineer to four, eight and the full twenty quarterly Retainers for five years' service as they fall due.

In the case of promoted Warrant Engineers, the first quarterly payment at the higher rate will be made for the quarter in which promotion is dated.

XI.—Pay and Allowances for service in the Navy.

(72.) Officers of the Reserve when called out by Royal Proclamation for active service in the Royal Navy, will receive the same pay and allowances and share in prize money with Officers of the corresponding rank in the Royal Navy; and they will, whilst on service, be treated in the same manner in every respect.

2. Officers of the Engineer's Department will receive special rates of pay, viz.:—

Senior Engineers	20s. a day or 365l. for 365 days.
Engineers	17s. " 310l. 5s. "
Assistant Engineers 11s.	" 200l. 15s. "
Warrant Engineers 8s. 6d.	" 155l. "

If placed in charge of the engines of a small vessel Warrant Engineers will receive charge pay in addition.

3. Midshipmen will receive the rate of pay formerly allowed to Navigating Midshipmen, viz.:—

Midshipmen under 17 years of age	3s. a day or 54l. 15s. for 365 days.
Midshipmen above 17 years of age, and of two years' seniority 4s.	" 73l. "

4. Midshipmen are to have the option of receiving tuition from the Naval Instructor or not, and if they elect to receive it they will be required to pay the usual charge at the rate of 5s. a year.

(73.) Officers will, when called out for actual service in the Royal Navy, be granted allowances for equipment at the following rates:—

Commanders	£ 50
Lieutenants	40
Sub-Lieutenants	30
Senior Engineers and Engineers	40
Assistant Engineers	30
Warrant Engineers	25
Midshipmen	20

2. Officers who volunteer for 12 months' naval training under Article 62 will be granted half these allowances for equipment.

3. When embarked for three months' training, Warrant Engineers will receive from a Registrar of Naval Reserve an allowance of £10, but this allowance will not be paid more than once in five years.

Payment of the allowance will be recorded in their Training and Receipt Books. If necessary, a Chief Petty Officer's Chest for stowing the Uniform will be issued on loan on board the ship in which embarked. The following items of Uniform are required by Warrant Engineers while under training:—

- 1 uniform double-breasted jacket, with waistcoat and trousers, all of blue cloth.
- 1 uniform double-breasted jacket, with waistcoat and trousers, all of blue serge.
- 2 uniform blue cloth caps, with ladge and bands complete.
- 3 black silk or satin ties, 1½ to 2½ in. in width.
- 1 pair uniform boots.
- White shirts, collars, and cap covers.

(74.) Officers employed in lieu of Lieutenants, Royal Navy, under Article 66, will be granted equipment fees according to the following scale for each year of service:—

If employed in the same rank as that in which they underwent 12 months' training	£ 5
If in a rank one grade higher than that in which they underwent 12 months' training	10
If in a rank two grades higher than that in which they underwent 12 months' training	15

(74a.) Payment of allowance for equipment will be authorised by the Admiralty on application to the Accountant-General of the Navy. The application should be made by the Officer entitled to such allowance or by the Officer Commanding the ship which he may have joined.

(75.) Naval Reserve Officers appointed for service in the Navy (either for short courses of Gunnery and Torpedo, Naval Manœuvres, 12 months' training, or for a further period of service) will be allowed travelling expenses actually incurred in proceeding to and from their respective ships, and subsistence allowances at the rates authorised for Officers by the King's Regulations, subject to the following conditions:—

- (a.) In the case of an Officer belonging to a Shipping Company or Firm at the time of appointment, the expenses claimed are not to be greater than the cost of proceeding from or to the Port in the United Kingdom from which the vessels of his Company or Firm usually sail.
- (b.) In the case of an Officer unattached at the time of appointment, the expenses claimed are not to be greater than the cost of proceeding from or to the Port in the United Kingdom at which he was discharged from his last vessel.
- (c.) Railway passes are to be issued to Officers on completion of their service in the Navy on all occasions where it is possible.
- (d.) The name and address of the Shipping Company or Firm to which an Officer belongs, and the Port from which the vessels of the Company or Firm usually sail, or, if unattached, the name of the vessel in which he last served and the Port of Discharge, are to be stated on the requisition for pass, and also on any application for repayment of travelling expenses.

(76.) Officers while undergoing voluntary service or training in the Royal Navy under Articles (61), (62) and (66) will receive the same rate of pay and allowances as if called out by Royal Proclamation.

(77.) Officers who have been granted acting appointments to higher rank when serving in the Fleet, shall

receive the pay and allowances attached to the superior rank, so long as they hold the acting appointments.

(79.) Officers who are in possession of the Certificate for Naval Training as qualifying them for navigating duties ashore, when so employed in the Fleet, receive navigating allowances in addition to their pay, at the following rates, viz.:—

	s. d.
Lieutenants	4 0 a day.
Sub-Lieutenants	3 6 "

(79.) Officers who have not undergone the 12 months Naval training, but who are selected for navigating duties, will receive extra pay at the rate of 4s. or 2s. 6d. a day. To qualify a Lieutenant for the higher rate of 4s. a day he must hold an Extra Master's Certificate, and produce a certificate from the Registrar-General of Shipping and Seamen to the effect that he has, as Master or First or Second Mate, or partly as one and partly as the other, been responsible for the navigation of a Steam Ship of more than 150 tons or a Sailing Ship of 1,000 tons gross tonnage for a period of at least three years, and that he has never, during the time he has held a Certificate of Competency under the Merchant Shipping Acts, been found blameable by a Naval or other competent Court for any accident to any vessel in which he has served.

(80.) To qualify a Lieutenant or Sub-Lieutenant for the lower rate of 2s. 6d. a day he must possess a Certificate of Competency as Master, and produce a certificate from the Registrar-General of Shipping and Seamen that he has, as Master or as First or Second Mate, or partly as one and partly as the other, been responsible for the navigation of a Steam Ship of over 150 tons or a Sailing Vessel of 1,000 tons gross tonnage for at least one year, and that he has never, during the time he has held any Certificate of Competency under the Merchant Shipping Acts, been found blameable by a Naval or other competent Court for any accident to any vessel in which he has served.

(81.) Officers of the Royal Naval Reserve who obtain First-class Certificates in either Gunnery or Torpedo whilst undergoing the courses of instruction referred to in Article 81 may, at the discretion of the Lords Commissioners of the Admiralty, be appointed to ships, not bearing a Gunnery or Torpedo Lieutenant, for gunnery or torpedo duties, according to the subject or subjects in which First-class Certificates have been obtained, and while so employed will receive one shilling a day in addition to their pay.

(82.) Nothing contained in these Regulations will prevent the Admiralty in time of emergency from employing Officers on navigating or other special duties consistent with their rank, who may not be qualified under the conditions required by the Regulations if in any special case such employment would appear to be to the advantage of the Service; and in all such cases the Officers will receive the emoluments attached to the duties on which they may be employed.

(83.) All Officers called out or undergoing voluntary service or training will mess with Officers of their respective rank in the Royal Navy, and will be granted the following allowances (for allowances whilst attending annual drill, see Article 52) as contributions towards mess expenses:—

	s. d.
Officers of Ward Room rank	3 0 a day.
Officers of Gun Room rank	1 0 "

The above allowances are payable only for the period during which Officers pay mess subscriptions.

Officers of Gun Room rank if compelled to mess in the Ward Room on account of there being no Gun Room, will receive the Allowance payable under Article 705 of the Admiralty Instructions.

(84.) Officers who attend at Naval Ports for courses of instruction, but are obliged, owing to the absence of accommodation, to make their own arrangements instead of contributing to a mess, are to be paid the same allowances as contributions towards mess expenses as if they paid mess contributions.

They are also to be paid allowances for lodgings and fuel in proportion to provisions under Admiralty Instructions Articles 1352 and 1357.

(84.) Cases of Officers of the Royal Naval Reserve who receive hurts or wounds in the service are provided for under the Regulations for Pensions, Article 106. Those Officers, however, who contract illness whilst serving in the Royal Navy shall receive pay up to the time of their discharge, or if abroad, until their arrival in England; but they may be granted full pay after arrival in England at the discretion of the Admiralty if considered unfit to contribute to their own support, such period not to exceed four months from the date of arrival, or of discharge from Hospital, as the case may be, provided such illness is not caused by any misconduct on their part.

2. Should their cases require hospital treatment on arrival in England they will be received into a Naval Hospital.

3. Officers sent to hospital during the time they are undergoing instruction in Gunnery or Torpedo may be retained on full pay for a period not exceeding 60 days.

XII.—Promotion.

(85.) Officers of the lower ranks on the Active List will, if qualified by the Regulations, be eligible for promotion to the higher ranks, at the discretion of the Lords Commissioners of the Admiralty.

2. All applications for promotion should be addressed to the Registrar-General of Shipping and Seamen, as soon as Officers are in all respects qualified for the same.

3. The date of seniority of Officers promoted will be the date on which their promotion was approved by their Lordships, unless directions are given to the contrary.

(85a.) A Lieutenant will be eligible for promotion to the rank of Commander, provided he—

(a) has been through 12 months' Naval Training and received very good reports for conduct and ability;

(b) has held command of a British ocean-going passenger steamer of not less than 4,000 tons gross for 3 years;

(c) has 10 years' seniority as a Lieutenant R.N.R.

2. The Admiralty reserve to themselves the power of promoting Officers to the rank of Commander R.N.R., if considered deserving of the advancement on account of specially good service, although they may not have all the necessary qualifications as defined above.

(86.) A Sub-Lieutenant who has undergone 12 months' training in the Royal Navy in that rank (confirmed) and has received the qualifying certificate for training and very good certificates for conduct and ability, will be eligible for promotion provided he—

1.—(a.) is over 25 years of age;

(b.) possess an extra Master's certificate for foreign-going steamships; and

(c.) obtained certificates not lower than second-class for gunnery and torpedo,

or
II.—(a.) has one year's service as First Mate, or two years as Second Mate or First and Second Mate combined, in a British ocean-going passenger steamer, or if the steamer be over 5,000 tons gross, one year's service as Second Mate, or two years' service as Third Mate, or Second and Third Mate combined, and

(b.) possesses an ordinary Master's certificate for foreign-going steamships.

NOTE.—Although under Clause 1 it is an essential qualification that a Sub-Lieutenant, Royal Naval Reserve, should do his 12 months' Naval training in the *confirmed* rank, yet, in order not to entirely debar officers with exceptionally good service and certificates in the Mercantile Marine and Royal Navy from receiving their promotion if otherwise eligible, the Admiralty reserve to themselves the right to promote such officers who have undergone 12 months' Naval training as *Acting* Sub-Lieutenants and who come under the above exceptional conditions.

2. Other Sub-Lieutenants will be eligible for promotion provided they—

I.—(a.) have one year's service in that rank in command of a British steam ship of 1,500 tons, or a sailing ship of 1,000 tons gross tonnage, and

(b.) obtained a test certificate in gunnery,

II.—(a.) have two years' service in that rank as First Mate of a British ocean-going passenger steamer.

(b.) possess an ordinary Master's certificate, and

(c.) have obtained a test certificate in gunnery.

(87.) Engineers and Assistant-Engineers will be eligible for promotion to the rank above them as soon as they possess the qualifications required under Articles 10 and 11 for first appointment to that rank.

(87.) A Midshipman who has undergone 12 months' training in the Royal Navy with a qualifying Certificate for training and a very good Certificate for conduct will be eligible for promotion to the rank of Sub-Lieutenant if he has five years' service in the Royal Naval Reserve including service in the Navy provided a First Mate's Certificate of competency is obtained.

(88.) A Midshipman who has not undergone 12 months' training in the Royal Navy will, after 6 years in the Royal Naval Reserve, be eligible for appointment as Acting Sub-Lieutenant, provided a First Mate's Provisional Certificate of competency is obtained, and that he possesses a Test Certificate in Gunnery, and he will be eligible for confirmation of rank as a Sub-Lieutenant on obtaining an ordinary Master's Certificate or provisional certificate of competency as Master.

2. Midshipmen who attain to the qualifications required for direct entry as Sub-Lieutenant under Article 8, may be promoted to that rank if of five years' seniority and considered in all respects deserving of promotion.

(89.) Sub-Lieutenants who go through a complete short course in both Gunnery and Torpedo Training Ships may reckon such service as equivalent to six months' time as First Mate of a British Ocean-going passenger Steamer towards qualifying time for promotion, provided they have obtained very good Certificates for conduct during such service and the qualifying Certificate for their training.

2. Service in His Majesty's Navy to count for purposes of promotion as service in the rank held by the Officer in the Mercantile Marine at the time of his appointment, except in cases already provided for.

(90.) Officers of the Royal Naval Reserve serving in armed Colonial vessels in actual Colonial service, or serving under any British Protectorate in any armed vessel belonging to, or employed in the service of the Protectorate, are allowed to reckon such service from 1st January 1899 for promotion in the Royal Naval Reserve.

2. Service on board war vessels belonging to the British Central African Protectorate, prior to the 1st January 1899, is also allowed to count for such promotion.

(91.) Executive Officers who do not possess a Certificate of Competency granted upon examination subsequent to 31st August 1894, will be required to produce a Certificate that they have passed the Board of Trade vision and colour tests as established in 1894, before promotion to a higher rank.

(92.) Officers of the Reserve who shall have displayed zeal in promoting the efficiency of the Reserve will be favourably considered for promotion, either on the Active List or with retired rank when placed on the Retired List.

XIII.—Retirement and Removal.

(93.) Officers on the Active List of the Royal Naval Reserve, when not called out, will be permitted to tender the resignation of their Commissions or appointments at the discretion of the Lords Commissioners of the Admiralty.

2. Applications to resign should be addressed to the Registrar-General of Shipping and Seamen.

(94.) Officers who are physically unfit for the Service will be placed on the Retired List.

(95.) The age for compulsory retirement from the Active List of Officers of the Royal Naval Reserve holding commissions as under on the 8th February, 1896, is for—

Commanders (who were Lieutenants on 8th February, 1896)	55
Lieutenants	55
Sub-Lieutenants	50
Senior Engineers, Engineers, and Assistant Engineers	55

2. The age for compulsory retirement from the Active List of Officers of the Royal Naval Reserve who join after the 8th February 1896, or come on to the Lists by promotion after that date, will be for—

Commanders (who became Lieutenants after 8th February, 1896)	50
Lieutenants	45
Sub-Lieutenants	45
Senior Engineers, Engineers, and Assistant Engineers	55

The age for the compulsory retirement of Senior Engineers, Engineers, and Assistant Engineers promoted to these ranks after 7th March, 1901, will be 45 years.

(96.) Officers on retirement from the Active List will be granted retired rank at the discretion of the Lords Commissioners of the Admiralty.

(97.) An Officer of the Royal Naval Reserve will be liable to forfeit his Commission at the discretion of the Lords Commissioners of the Admiralty for any offence against the rules, discipline, or character of His Majesty's service, or upon his Certificate of Competency under the provisions of the "Merchant Shipping Act" 1894, being suspended or cancelled. Should an Officer's Certificate of Competency be suspended, and he be allowed to retain his Commission in the Reserve, he will in any case be considered as suspended from the Reserve, and will not be allowed to drill until his Certificate of Competency is restored to him.

2. Officers will be liable to forfeit their Commissions or Appointments in the Reserve if they accept a position in the Mercantile Marine below that of Master, Mate, Apprentice, or Midshipman, unless they require additional sea service to meet the requirements of the Regulations relating to the examinations of Masters and Mates. (Vide Article 47.)

98. The names of Officers who fall during four consecutive years to report themselves as required by Article 15, or to perform a reasonable amount of drill, having regard to the requirements of Articles 40 and 41,

will be removed from the List, unless in the latter case the Admiralty see fit to dispense with the rule as to drill in any particular instance.

Officers who fail to comply with the regulations regarding drill (Chapter VII), and become liable to removal from the List, will, prior to removal, have their names printed in italics in the Navy List. Such officers should therefore forward, without delay any explanation they may have to offer for their non-compliance. If the explanation is accepted, they will be required to complete at least four weeks drill, and obtain a test certificate before their liability to removal ceases. In deserving cases they may be placed on the Retired List at the discretion of the Admiralty.

2. The names of retired naval sub-lieutenants who fail to qualify for confirmation within four years from the date of their appointment will be removed from the List.

(99.) The names of Commanders, Lieutenants and Sub-Lieutenants who have withdrawn from the Mercantile Marine, and who are considered by the Lords Commissioners of the Admiralty as having given up the sea service as a profession, and at the expiration of four years from the date of their last employment at sea be called upon to resign their commissions, but their Lordships may at their discretion grant retired rank to such Officers having regard to the length of their service, and any special claims.

Service in H.M. Ships under Article 61 will not exempt Officers from retirement or removal under this clause.

(100.) The names of Midshipmen who have given up the sea service will be removed from the list after three years from the date of their last employment at sea.

(101.) The names of Midshipmen on the list on the 8th February 1890 who fail to obtain the Acting Sub-Lieutenant's appointment referred to in Article 88, before attaining nine years' seniority, will be removed from the list.

2. The names of Midshipmen who enter after the 8th February 1890, and who fail to obtain the rank of Sub-Lieutenant, or to be appointed Acting Sub-Lieutenant under Articles 87 and 88, before attaining the age of 25, will be removed from the list.

3. The names of Probationary Midshipmen who fail to qualify for confirmation within four years from the date of their appointment will be removed from the List.

(102.) The Acting Sub-Lieutenant's appointment referred to in Article 88, is not to be held for a period exceeding five years. The names of Officers failing to become within this period qualified for confirmation will be removed from the list.

(103.) Engineer Officers who have given up the sea service as a profession, and who are not employed as Engineers in other responsible Engineering positions connected with Marine Engineering will be called upon to resign their commissions at the expiration of 4 years from the date of their last employment, but, at the discretion of the Admiralty, they may be placed on the Retired List, subject to conditions specified in Articles 22, 23, and 24.

2. Engineer Officers will be liable to forfeit their commissions if they accept employment either afloat or ashore, such as that of Workman in a Dockyard or private firm, which is not consistent with the position of an Officer in His Majesty's Service.

(104.) The names of Engineer Officers who fail to report themselves as required by Article 15 for four consecutive years will be removed from the list.

(104a.) No Warrant Engineer will be retained in the Reserve who fails to undergo Naval Training, or who for four years remains unemployed as an Engineer or in kindred capacity, or who, in the opinion of the Admiralty, becomes unfit for sea service or in other respects unsuitable.

XIV.—Pensions.

(105.) Officers who may receive hurts or wounds whilst on active service in the Royal Navy, or whilst under-

going drill, will receive the same pensions and allowances as when Officers in the Royal Navy would be entitled under similar circumstances.

(106a.) At the age of 60 a Life Pension of £15 a year will be granted to all those Warrant Engineers who have served 20 years in the Reserve before attaining the age of 50, subject also to the conditions as to training, &c., having been complied with.

2. A. who cannot complete 20 years before attaining the age of 50 will be entitled for proportionate part of Pension, e.g., 15 years' service would qualify for three-fourths full Pension, 10 years for one-half.

The Pension will also be given, either permanently or temporarily, to any holder of a Deferred Pension Certificate, who, before the age of 60, may be promoted upon medical examination to be wholly and permanently incapacitated from exerting his livelihood, provided that such incapacity is not due to his own fault, negligence or misconduct.

(106.) Officers while holding acting appointments of higher rank will receive all the advantages attached to the superior rank in cases of hurts and wounds.

(107.) Widows and children (if any) of Officers who, whilst on actual service, may be killed in action, or die from accident resulting from the performance of their duty, will receive the same pensions and compassionate allowances as the widows and children of Naval Officers of corresponding rank would be entitled to under similar circumstances.

XV.—Warrant to fly the Blue Ensign.

(108.) An Admiralty Warrant authorising the Blue Ensign to be worn by a British Merchant Vessel commanded by an Officer holding a Commission in the Royal Naval Reserve, will be issued to such Officer subject to the following conditions:—

(a.) Ten of the crew must be Officers and men belonging to the Royal Naval Reserve (the men being Seamen or Firemen entitled to be absent on leave, i.e., who are not in arrears with their drill).

Probationers (not exceeding two in any one ship), men holding Naval Reserve Deferred Pension Certificates, Royal Fleet Reserve men, and Naval Pensioners, may also be included in the number specified.

(b.) The Officer commanding the Merchant Vessel must be in possession of the Warrant before he can hoist the Blue Ensign, and the fact that he holds such Warrant must be noted on the Ship's Articles of Agreement.

(c.) The Warrant must be produced at the desire of the Commanding Officer of any one of His Majesty's ships, or of any British Consul, or Customs Officer, in British possession abroad.

2. An Officer commanding a Merchant Vessel failing to fulfil the above conditions, unless such failure be due to circumstances over which he has no control, will no longer be entitled to hoist the Blue Ensign.

(109.) Officers desirous of obtaining the Admiralty Warrant under the above conditions should apply to the Registrar of Naval Reserves at any Mercantile Marine Office on Form R.V. 40, which can be obtained from the Registrar, and which, when duly completed, will be forwarded by that Official to the Registrar-General of Shipping and Seamen.

XVI.—Crews of Hired Vessels.

The Lords Commissioners of the Admiralty have power to grant temporary acting commissions and acting appointments in the Royal Naval Reserve to Officers who volunteer to serve in hired vessels in time of emergency or otherwise.

Repeal.

All previous Rules, Orders, and Regulations made in pursuance of the Act 36 & 27 Vict., cap. 69, are hereby repealed, but this repeal does not affect the validity of anything already done, or any right, title, obligation, or liability already accrued thereunder.

ORDERS, MEDALS, &c.—RULES AND STATUTES.

QUALIFICATIONS FOR THE ORDER OF THE BATH.

Extract from Supplementary Statutes of 24th June 1861.

It is ordained that the Military Division of the Third class, or Companions, may be increased to six hundred and ninety, and shall not, except under special and temporary exigencies, exceed that number; and that no person shall be nominated thereto who doth not actually hold at the time of his nomination a Commission in our Army or Marines, or in our Indian Military Forces, of or above the rank of Major, or a Commission in our Navy, or in our Indian Naval Forces, of or above the rank of Commander, or a Commission of equivalent or higher rank in the Commissariat Service of our Army, or Indian Military Forces, or in the Medical Service of our Army, Navy, or Indian Military and Naval Forces; nor shall any person be admitted into this Division unless his services have been marked by the especial mention of his name in despatches, as having distinguished himself by his valour and conduct in action against the enemy, in the

command of a ship of war, or of our troops, or at the head of a Military Department, or as having by some Active Service, under his immediate conduct and direction, contributed to the success of any such action; provided, nevertheless, and We do hereby declare that this last-mentioned regulation shall not be applicable to Commissariat and Medical Officers, and instead thereof, We further declare, that no Commissariat or Medical Officer shall be competent to be an ordinary member of the Military Division of the Second and Third Classes of the said Order unless it shall appear to us that by his meritorious services in actual war, in providing for the wants of our Army, or of our Indian Military Forces, or in taking care of the sick and wounded Officers, Soldiers, and Seamen of our Army and Navy, or of our Indian Military and Naval Forces, he has deserved such distinction.

REGULATIONS RESPECTING FOREIGN ORDERS.

Under the Regulations dated August 1885 and June 1898, as modified by subsequent Orders.

1. No Subject of His Majesty shall accept a Foreign Order from the Sovereign of any foreign country, or wear the Insignia thereof, without having previously obtained His Majesty's permission to that effect, signified by a Warrant under His Royal Sign-Manual.

2. "Unless the Foreign Decoration shall have been conferred in consequence of active and distinguished Service, either at Sea or in the Field, such permission will not be given to any Subject of His Majesty, except in the following cases, if recommended specially by the Secretary of State for Foreign Affairs:—

"(a) The Chief of a Complimentary Mission from His Majesty.

"(b) A Military or Naval Attaché on the termination of his Appointment.

"(c) Any person, not at the time in the Service of His Majesty, who has rendered valuable service to the Sovereign bestowing the order outside His Majesty's Dominions, or in an Embassy or Legation of that Sovereign in this country."

2a. When a Foreign Decoration is conferred upon a Naval or Military Attaché on the termination of his appointment, he shall only wear it when in the presence of the King, or other Members of the Royal Family, or of the Foreign Sovereign bestowing the Order, or where the recipient shall meet at any public function, in full uniform, an Officer of the Country to which the Decoration belongs.

3. The intention of a Foreign Sovereign to confer upon a British Subject the Insignia of an Order, must be notified to His Majesty's Principal Secretary of State for Foreign Affairs, either through the British Minister accredited to the Court of such Foreign Sovereign, or through His Minister accredited at the Court of His Majesty.

4. If the service for which it is proposed to confer the Order has been performed during War, the Notification required by the preceding Clause must be made not later than two years after the exchange of the Ratifications of a Treaty of Peace.

If the service has been performed in time of Peace the Notification must be made within two years after the date of such service.

5. After such Notification shall have been received, His Majesty's Principal Secretary of State for Foreign Affairs shall, if the case comes within the conditions prescribed by the present Regulations, and arises from Naval or Military Services before the Enemy, refer it to His Majesty's Principal Secretary of State for the War Department, previously to taking His Majesty's pleasure thereupon, in order to ascertain whether there be any objection to His Majesty's permission being granted.

A similar reference shall also be made to the Commander-in-Chief, if the application relates to an Officer in the Army, or to the Lords of the Admiralty, if it relates to an Officer in the Navy.

6. When His Majesty's Principal Secretary of State for Foreign Affairs shall have taken the King's pleasure on any such application, and shall have obtained His Majesty's permission for the person in whose favour it has been made to accept the Foreign Order, and wear the Insignia thereof, he shall signify the same to His Majesty's Principal Secretary of State for the Home Department, in order that he may cause the Warrant required by Clause 1 to be prepared for the Royal Sign-Manual.

When such Warrant shall have been signed by the King, a notification thereof shall be inserted in the "Gazette," stating the service for which the Foreign Order has been conferred.

7. The Warrant signifying His Majesty's permission may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms.

8. Every such Warrant as aforesaid shall contain a Clause providing that His Majesty's license and permission does not authorize the assumption of any style, appellation, rank, precedence, or privilege appertaining to a Knight Bachelor of His Majesty's Realm.

9. When a British subject has received the Royal permission to accept a Foreign Order, he will at any future time be allowed to accept the Decoration of a Higher Class of the same Order, to which he may have become eligible by increase of rank in the Foreign Service, or in the service of his own country; or any other distinctive mark of honour strictly consequent upon the acceptance of the original Order, and commensurate to every person upon whom such Order is conferred.

10. The preceding Clause shall not be taken to apply to Decorations of the Guelphic Order, which were bestowed on British Subjects by His Majesty's predecessors, King George IV. and King William IV., on whose heads the Crowns of Great Britain and of Hanover were united.

Decorations so bestowed cannot properly be considered as rewards granted by a Foreign Sovereign for services rendered according to the purport of Clause 2 of these Regulations. They must be rather considered as personal favours bestowed on British Subjects by British Sovereigns, and as having no reference to services rendered to the Foreign Crown of Hanover.

REGULATIONS RESPECTING FOREIGN MEDALS.

1. Applications for permission to accept and wear Medals which, not being the Decoration of any Foreign Order, are conferred by a Foreign Sovereign on British Subjects in the Army or Navy, should be addressed to the Commander-in-Chief, or the Lords of the Admiralty, as the case may be, who, if they see fit, may submit the same for His Majesty's sanction; upon obtaining which they may grant such permission without other formality.

2. Any other British subject, having obtained His Majesty's permission, at liberty to accept and wear a Foreign Medal, not being the Decoration of a Foreign Order.

3. No permission is necessary for accepting a Foreign Medal, if such Medal is not to be worn.

THE VICTORIA CROSS.

VICTORIA B.

Whereas, We, taking into Our Royal consideration that there exists no means of adequately rewarding the individual gallant services either of Officers of the lower grades in Our Naval and Military Service, or of Warrant and Petty Officers, Seamen, and Marines, in our Navy, and Non-Commissioned Officers and Soldiers in Our Army; and whereas the Third Class of Our Most Honourable Order of the Bath is limited, except in very rare cases, to the higher ranks of both services, and the granting of medals, both in Our Navy and Army, is only awarded for long service or meritorious conduct, rather than in bravery in action or distinction before an enemy, such cases alone excepted where a general medal is granted for a particular action or campaign, or a clasp added to the medal for some especial engagement, in both of which cases all share equally in the boon and those who by their valour have particularly distinguished themselves remain undistinguished from their comrades. Now, for the purpose of attaining an end so desirable as that of rewarding individual instances of merit and valour, We have instituted and created, and by these presents, for Us, Our Heirs and Successors, institute and create a New Naval and Military Decoration, which We desire should be highly prized and eagerly sought after by the Officers and Men of Our Naval and Military Services, and are graciously pleased to make, ordain, and establish the following rules and ordinances for the government of the same, which shall from henceforth be inviolably observed and kept.

Firstly.—It is ordained, that the distinction should be styled and designated "the Victoria Cross," and shall consist of a Maltese Cross of Bronze, with our Royal Crest in the centre, and underneath which an escroll bearing this inscription "For Valour."

Secondly.—It is ordained that the Cross shall be suspended from the left breast by a blue riband for the Navy, and by a red riband for the Army.

Thirdly.—It is ordained, that the names of those upon whom We may be pleased to confer the Decoration shall be published in the "London Gazette," and a registry thereof kept in the office of Our Secretary of State for War.

Fourthly.—It is ordained, that anyone who, after having received the Cross, shall again perform an act of bravery, which, if he had not received such Cross, would have entitled him to it, such further act shall be recorded by a Bar attached to the riband by which the Cross is suspended, and for every additional act of bravery an additional Bar may be added.

Fifthly.—It is ordained, that the Cross shall only be awarded to those Officers or men who have served Us in the presence of the enemy, and shall have then performed some signal act of valour, or devotion to their country.

Sixthly.—It is ordained, with a view to place all persons on a perfectly equal footing in relation to eligibility for the Decoration, that neither rank, nor long service, nor wounds, nor any other circumstance or condition whatever, save the merit of conspicuous bravery, shall be held to establish a sufficient claim to the honour.

Seventhly.—It is ordained, that the Decoration may be conferred on the spot where the act to be rewarded by the grant of such Decoration has been performed, under the following circumstances:—

I. When the Fleet or Army, in which such act has been performed is under the eye and command of an Admiral or General Officer commanding the Force.

II. Where the Naval or Military force is under the eye and command of an Admiral or Commodore commanding a squadron or detached naval force, or of a General commanding a corps, or division or brigade on a distant and detached service, when such Admiral, Commodore, or General Officer shall have the power of conferring the Decoration on the spot, subject to confirmation by Us.

Eighthly.—It is ordained, where such act shall not have been performed in sight of a Commanding Officer as aforesaid, then the claimant for the honour shall prove the act to the satisfaction of the Captain or Officer commanding his ship, or to the Officer commanding the regiment to which the claimant belongs, and such Captain or such Commanding Officer shall report the same through the usual channel to the Admiral or Commodore

commanding the force employed on the service, or to the Officer commanding the forces in the field, who shall call for such description and attestation of the act as he may think requisite, and on approval shall recommend the grant of the Decoration.

Ninthly.—It is ordained, that every person selected for the Cross, under rule seven, shall be publicly decorated before the Naval or Military force or body to which he belongs, and with which the act of bravery for which he is to be rewarded shall have been performed, and his name shall be recorded in a General Order, together with the cause of his especial distinction.

Tenthly.—It is ordained that every person selected under rule eight shall receive his Decoration as soon as possible, and his name shall likewise appear in a General Order as above required, such General Order to be issued by the Naval or Military Commander of the Forces employed on the service.

Eleventhly.—It is ordained that the General Orders above referred to, shall from time to time be transmitted to Our Secretary of State for War, to be laid before Us, and shall be by him registered.

Twelfthly.—It is ordained that as cases may arise not falling within the rules above specified, or in which a claim, though well founded, may not have been established on the spot, We will, on the joint submission of Our Secretary of State for War and of Our Commander-in-Chief of Our Army, or on that of Our Lord High Admiral or Lords Commissioners of the Admiralty, in the case of the Navy, confer the Decoration, but never without conclusive proof of the performance of the act of bravery for which the claim is made.

Thirteenthly.—It is ordained that, in the event of a gallant and daring act having been performed by a squadron, ship's company, a detached body of Seamen and Marines not under fifty in number, or by a brigade, regiment, troop, or company, in which the Admiral, General, or other Officer commanding such forces, may deem that all are equally brave and distinguished, and that no special selection can be made by them; then, in such case the Admiral, General, or other Officer commanding, may direct, that for any such body of Seamen or Marines, or for every troop or company of Soldiers, one Officer shall be selected by the Officers engaged for the Decoration and in like manner one Petty

Officer or Non-Commissioned Officer shall be selected by the Petty Officers and Non-Commissioned Officers engaged; and two Seamen or Private Soldiers or Marines, shall be selected by the Seamen, or Private Soldiers, or Marines, engaged respectively, for the Decoration; and the names of those selected shall be transmitted by the Senior Officer in command of the Naval force, brigade, regiment, troop, or company, to the Admiral or General Officer commanding, who shall in due manner confer the Decoration as if the acts were done under his own eye.

*Fourteenthly.—It is ordained that every Warrant Officer, Petty Officer, Seaman, or Marine, or Non-commissioned Officer or Soldier, who shall have received the Cross shall, from the date of the act by which the Decoration has been gained, be entitled to a Special Pension of Ten Pounds a year, and each additional Bar conferred under rule four on such Warrant or Petty Officers, or Non-commissioned Officers or Men, shall carry with it an Additional Pension of Five Pounds per annum.

Fifteenthly.—In order to make such additional provision as shall effectually preserve pure this most honourable distinction, it is ordained, that if any person on whom such distinction shall be conferred, be convicted of treason, cowardice, felony, or of any infamous crime, or if he be accused of any such offence and doth not after a reasonable time surrender himself to be tried for the same, his name shall forthwith be erased from the registry of individuals upon whom the said Decoration shall have been conferred by an especial Warrant under Our Royal Sign Manual, and the Pension conferred under rule fourteen shall cease and determine from the date of such Warrant. It is hereby further declared that We, Our Heirs and Successors, shall be the sole judges of the circumstance demanding such expulsion; moreover, We shall at all times have power to restore such persons as may at any time have been expelled, both to the enjoyment of the Decoration and Pension.

Given at our Court at Buckingham Palace, this twenty-ninth of January, in the nineteenth year of Our reign and in the year of Our Lord one thousand eight hundred and fifty-six.

By Her Majesty's Command,

PANMURE

*Under Her late Majesty's Order in Council, of the 2nd of February, 1899, their Lordships are authorised to increase the ordinary Victoria Cross Annuity of Ten Pounds, by a sum not exceeding Forty Pounds a year, in any case in which a Warrant Officer, Petty Officer, Seaman or Marine, who has earned the Victoria Cross, may be found by them to be, from old age or infirmity, not due to his own fault, in poor circumstances, and unable to earn a living; provided that the Annuity, together with any Pensions of which he may be in receipt from Public Funds, shall not exceed Fifty Pounds a year.

QUALIFICATIONS FOR THE VICTORIA CROSS.

Whereas doubts have arisen as to the qualification required for the decoration of the Victoria Cross; And whereas the description of such qualification in our warrant of 29th January 1856 is not uniform:

Our will and pleasure is that the qualification shall be "conspicuous bravery or devotion to the country in the presence of the enemy;" and that our warrant of 29th January 1856 shall be read and interpreted accordingly.

It is Our further will and pleasure that officers and men of our auxiliary and reserve forces (Naval and Military) shall be eligible for the decoration of the Victoria Cross under the conditions of Our said warrant, as amended by this Our warrant.

Given At Our Court at Osborne, this 27th day of April 1861, in the 44th year of Our reign.

THE ROYAL RED CROSS.

VICTORIA R.

WHEREAS We have been pleased to take into Our consideration the services rendered by certain persons in nursing the sick and wounded of Our Army and Navy, and have resolved specially to recognise individual instances of special devotion in such service; Now, for the purpose of attaining this end, We have instituted, constituted, and created, and by these presents for Us, Our Heirs and Successors, do institute, constitute, and create a decoration, to be designated as hereinafter prescribed; and We are pleased to make ordain, and establish the following rules and ordinances for the government of the same, which shall from henceforth be invariably observed and kept:

First.—The decoration shall be styled and designated "The Royal Red Cross," and shall consist of a cross enamelled crimson, edged with gold, having on the Arms thereof the words Faith, Hope, Charity, with the date of the institution of the decoration; the centre having thereon Our E.M.V.

On the reverse side Our Royal and Imperial Cipher and Crown shall be shown in relief on the centre.

Secondly.—The cross shall be attached to a dark blue ribbon edged red, of one inch in width, tied in a bow and worn on the left shoulder.

Thirdly.—The decoration may be worn by the Queen Regnant, the Queen Consort, or the Queen Dowager of the United Kingdom of Great Britain and Ireland; and it shall be competent for Us, Our Heirs and Successors, to confer the decoration upon any of the Princesses of the Royal Family of Great Britain and Ireland; also upon the Queens or Princesses of Foreign Countries who may have specially exerted themselves for the nursing of the sick and wounded of Foreign Armies and Navies.

Fourthly.—It shall be competent for Us, Our Heirs and Successors, to confer the decoration upon any ladies, whether subjects of foreign persons, who may

be recommended to Our notice by Our Secretary of State for War for special exertions in providing for the nursing of sick and wounded soldiers and sailors of Our Army and Navy.

Fifthly.—It shall be competent for Us, Our Heirs and Successors, to confer this decoration upon any Nursing Sisters, or other persons engaged in nursing duties whether subjects or foreign persons, who may be recommended to Our notice by Our Secretary of State for War, or the case may be, by the First Lord of the Admiralty through Our said Secretary of State, for special devotion and competency which they may have displayed in their nursing duties with Our Army in the Field, or in Our Naval and Military Hospitals.

Sixthly.—The names of those upon whom we may be pleased to confer the decoration shall be published in the London Gazette, and a copy thereof kept in the office of Our Secretary of State for War.

Lastly.—In order to make such additional provision as shall effectually preserve pure this honourable distinction, it is ordained that if any person on whom such distinction shall be conferred shall by her conduct become unworthy of it, her name shall be erased, by an order under Our Sign Manual, from the register of those upon whom the said decoration shall have been conferred.

And it is hereby declared that We, Our Heirs and Successors, shall be the sole judges of the conduct which may require the erasure from the register of the name of the offending person; and that it shall at all times be competent for Us, Our Heirs and Successors, to restore the name if such restoration should be justified by the circumstances of the case.

Given at Our Court at Windsor, this eleventh day of December, one thousand eight hundred and ninety-seven, in the sixty-first year of Our Reign.

MEDALS, ANNUITIES AND GRATUITIES FOR CONSPICUOUS GALLANTRY IN ACTION.

By Order in Council, dated the 7th July, 1874, a Silver Medal has been established for such Petty Officers and Seamen of the Royal Navy, and Non-commissioned Officers and Privates of Royal Marines, as may at any time distinguish themselves by acts of conspicuous gallantry in action with the enemy.

This Medal may, at the discretion of the Lords Commissioners of the Admiralty, be accompanied by the grant of an annuity (not exceeding £20) in the cases of Chief and First-class Petty Officers of the Navy and Sergeants of Royal Marines, provided the amount authorised from time to time for such annuities by the Lords Commissioners of His Majesty's Treasury, is not exceeded.

As these rewards are intended for such men only as shall have rendered themselves individually conspicuous by some special act of pre-eminent gallantry in action with the enemy, great care is to be taken that the cases of the men recommended come strictly within the spirit of the Order in Council; and that the case of each man be accompanied by a full statement of the grounds on which his claim to this distinction is founded.

By Order in Council of 22nd February 1886, the grant of an Annuity may be extended at the discretion of the Lords Commissioners of the Admiralty to all recipients of this Medal, whatever their rank or rating may have been when the Medal was awarded, on their promotion to Chief or First-class Petty Officers of the Navy, or Sergeants of Royal Marines.

By Order in Council of 20th May, 1903, a Seaman or Marine holding a Conspicuous Gallantry Medal unaccompanied by an Annuity may be awarded, at the discretion of the Admiralty, a gratuity of £20 on discharge at the completion of his term of active service or on being invalided from the service, or on promotion to a commission.

A Seaman, or Marine who has been awarded the Distinguished Conduct Medal for service under the War Office may be awarded, at the discretion of the Admiralty, a gratuity of the same amount, when similarly discharged from the service or promoted to commissioned rank, except when such seaman or marine may be in possession of the Naval Conspicuous Gallantry Medal accompanied by an Annuity.

DISTINGUISHED SERVICE ORDER.

VICTORIA R. & I.

VICTORIA, by the Grace of God, of the United Kingdom of Great Britain and Ireland, Queen, Defender of the Faith, Empress of India, to all to whom these presents shall come greeting:

Whereas We have taken into Our Royal consideration that the means of adequately rewarding the distinguished services of Officers in Our Naval and Military Services who have been honourably mentioned in Despatches are limited; now for the purpose of attaining an end so desirable as that of rewarding individuals instances of meritorious or distinguished service in war, We have instituted and created by these presents, for Us, Our Heirs and Successors, do institute and create a new Naval and Military Order of Distinction—to be designated as hereinafter described—which We are desirous should be highly prized by the Officers of Our Naval and Military Services, and We are graciously pleased to make, ordain, and establish the following rules and ordinances for the government of the same, which shall henceforth be inviolably observed and kept;

Firstly. It is ordained, that this Order shall henceforth be styled and designated the "Distinguished Service Order."

Secondly. It is ordained that the Order shall consist of the Sovereign, and of such members or Companions as We, Our Heirs or Successors, shall appoint.

Thirdly. It is ordained that We, Our Heirs and Successors, Kings and Queens Regnant of the United Kingdom of Great Britain and Ireland, Emperors and Empresses of India, are and for ever shall be Sovereigns of this Order.

Fourthly. It is ordained that no person shall be eligible for this distinction who doth not actually hold, at the time of his nomination, a Commission in Our Navy, in Our Land Forces, or Marines, or Our Indian or Colonial Naval or Military Forces, or a Commission in one of the Departments of Our Navy or Army, the holder of which is entitled to Honorary or relative Navy or Army rank, nor shall any person be nominated unless his services shall have been marked by the especial mention of his name, by the Admiral or Senior Naval Officer Commanding a Squadron or detached Naval Force, or by the Commander-in-Chief of the Forces in the Field, in Despatches for meritorious or distinguished service in the Field, or before the enemy.

Fifthly. It is ordained that Foreign Officers who have been associated in Naval and Military operations with Our Forces shall be eligible to be Honorary Members of this Order.

Sixthly. It is ordained that when We, Our Heirs and Successors, shall be pleased to appoint any person to be a Member of this Order, such appointment shall be made by Warrant under our Sign Manual, and countersigned by one of Our Principal Secretaries of State.

Seventhly. It is ordained that the decoration of this Order shall be and shall be worn as is herein-after set forth.

Eighthly. It is ordained that an Officer shall be appointed to this Order, that is to say, a Secretary and Registrar.

Ninthly. It is ordained that the Secretary and Registrar of this Order shall be appointed by Us, Our Heirs and Successors, and shall have the custody of the archives of the Order. He shall attend to the Service of the Order, and shall execute such directions as he may receive from Our Principal Secretary of State for War.

Tenthly. It is ordained that this Order shall rank next to and immediately after Our Order of the Indian Empire, and that the Companions thereof shall in all places and assemblies whatsoever have place and precedence next to and immediately after the Companions of Our said Order of the Indian Empire, and shall rank among themselves according to the dates of their respective denominations.

Eleventhly. It is ordained that the Badge of the Order, which shall consist of a gold cross, enamelled white, edged gold, having on one side thereof in the centre, within a wreath of laurel enamelled green, the Imperial Crown in gold, upon a red enamelled ground, and on the reverse, within a similar wreath and on a similar red ground, Our Imperial and Royal Cypher V.R.I., shall be suspended from the left breast by a red riband edged blue, of one inch in width.

Twelfthly. It is ordained that the names of those upon whom We may be pleased to confer the decoration shall be published in the London Gazette, and a registry thereof kept in the office of Our Secretary of State for War.

Lastly. We reserve to Ourselves, Our Heirs, and Successors, full power of annulling, altering, abrogating, augmenting, interpreting, or dispensing with these Regulations or any part thereof by a notification under the Sign Manual of the Sovereign of the Order.

Given at Our Court at Balmoral, the sixth day of September, in the fifth year of Our reign, and in the year of Our Lord one thousand eight hundred and eighty-six.

By Her Majesty's Command,

W. H. SMITH.

EDWARD R. & I.

EDWARD, by the Grace of God, of the United Kingdom of Great Britain and Ireland, and of the British Dominions beyond the Seas, King, Defender of the Faith, Emperor of India, Sovereign of the Distinguished Service Order, to all to whom these presents shall come, greeting.

Whereas Her late Majesty, Our Beloved Mother, Queen Victoria, by a Warrant under Her Royal Sign Manual, countersigned by one of Her Principal Secretaries of State, and bearing date at Her Court at Balmoral the sixth day of September, one thousand eight hundred and eighty-six, in the fifth year of Her reign, did institute and create a new naval and military order of distinction, to be styled and designated the "Distinguished Service Order."

And whereas by the said Royal Warrant it was, among other things, ordained that the said Order should rank next to, and immediately after, Our Order of the Indian Empire, and that the badge of the Order should have on the reverse Her late Majesty's Imperial and Royal Cypher, V.R.I.

And whereas We have thought fit to signify Our Royal Will and Pleasure that the said Order shall rank next to, and immediately after, Our Royal Victorian Order, and that the badge shall have on the reverse Our Imperial and Royal Cypher, E.R.I.

Now, therefore, We do, by these presents for Us, Our Heirs and Successors, ordain and appoint: firstly, that the Distinguished Service Order shall rank next to, and immediately after, Our Royal Victorian Order, and that the Companions thereof shall, in all places and assemblies whatsoever, have place and precedence next to, and immediately after, the members of Our said Royal Victorian Order, and shall rank among themselves according to the dates of their respective nominations. Secondly, that the badge of the order, which shall consist of a gold cross, enamelled white, edged gold, having on one side thereof in the centre, within a wreath of laurel, enamelled green, the Imperial Crown in gold, upon a red enamelled ground, and on the reverse, within a similar wreath, and on a similar red ground, Our Imperial and Royal Cypher, E.R.I., shall be suspended from the left breast by a red riband, edged blue, of one inch in width.

Given at Our Court at St. James's, this twenty-fourth day of July, in the second year of Our reign, and in the year of Our Lord one thousand eight hundred and two.

By His Majesty's Command,

JOHN BRODRICK

Present:

The KING'S Most Excellent Majesty in Council.

WHEREAS there was this day read at the Board a Memorial from the Right Honourable the Lords Commissioners of the Admiralty, dated the 10th day of June, 1861, in the words following, viz:—

"We beg leave to recommend that Your Majesty will be graciously pleased by Your Order in Council to institute a Decoration to be designated the Conspicuous Service Cross, and to consist of a Silver Cross, with the reverse side plain, but having on the obverse side in the centre Your Majesty's Imperial and Royal Cypher, E.R.I., surmounted by the Imperial Crown.

"We would beg leave to recommend to Your Majesty that this Decoration be awarded for

meritorious or distinguished services before the King performed by Warrant Officers, or Acting Warrant Officers, or by subordinate Officers of Your Majesty's Fleet; and that no person shall be nominated thereto unless his services shall have been marked by the especial mention of his name in despatches by the Admiral or Senior Naval or Military Officer Commanding the Squadron or detached Force.

His Majesty, having taken the said Memorial into consideration, was pleased, by and with the advice of His Privy Council, to approve of what is therein proposed. And the Right Honourable the Lords Commissioners of the Admiralty are to give the necessary Directions hereinafter accordingly.

A. W. FITZROY.

THE ALBERT MEDAL.

WARRANT extending the two DECORATIONS styled respectively "THE ALBERT MEDAL OF THE FIRST CLASS" and "THE ALBERT MEDAL OF THE SECOND CLASS" to cases of Gallantry in Saving Life on Land.

VICTORIA R.

VICTORIA, by the Grace of God, of the United Kingdom of Great Britain and Ireland, Queen, Defender of the Faith, &c., to all to whom these presents shall come, greeting:

WHEREAS a Warrant was given under Our Royal Sign Manual, bearing date the 7th of March 1856, in the 24th year of Our reign, instituting a new decoration to be styled "The Albert Medal;" and such Warrant was in the terms following, that is to say:—

"VICTORIA R.

"Victoria, by the Grace of God, of the United Kingdom of Great Britain and Ireland, Queen, Defender of the Faith, &c., to all to whom these presents shall come, greeting:

"Whereas We, taking into Our Royal consideration that great loss of life is sustained by reason of shipwrecks and other perils of the sea; and taking also into consideration the many daring and heroic actions performed by mariners and others to prevent such loss and to save the lives of those who are in danger of perishing by reason of wrecks and perils of the sea; and taking also into consideration the expediency of distinguishing such efforts by some mark of the Royal favour.

"Now for the purpose of attaining an end so desirable as that of rewarding such actions as aforesaid, We have instituted and created, and by these presents for Us, Our heirs and successors, institute and create, a new Decoration which We are desirous should be highly prized and eagerly sought after, and are graciously pleased to make, ordain, and establish the following rules and ordinances for the government of the same, which shall from henceforth be inviolably observed and kept.

"First.—It is ordained that the distinction shall be styled *The Albert Medal*; and shall consist of a gold oval-shaped badge or decoration enamelled in dark blue, with a Monogram composed of the letters V. and A., interlaced with an Anchor erect in gold, surrounded with a Garter in bronze, inscribed in raised letters of gold, 'For Gallantry in Saving Life at Sea,' and surmounted by a representation of the Crown of His Royal Highness the lamented Prince Consort, and suspended from a dark blue ribbon of five-eighths of an inch in width with two white longitudinal stripes.

"Secondly.—It is ordained, that the Medal shall be suspended from the left breast.

"Thirdly.—It is ordained, that the names of those upon whom We are pleased to confer the Decoration shall be published in the London Gazette, and a registry thereof kept in the Office of the Board of Trade.

"Fourthly.—It is ordained, that anyone who, after having received the Medal, again performs an act which, if he had not received such Medal, would have entitled him to it, such further act shall be recorded by a bar attached to the ribbon by which the Medal is suspended; and for every such additional act an additional bar may be added.

"Fifthly.—It is ordained, that the Medal shall only be awarded to those, who, after the date of this instrument, have, in saving or endeavouring to save the lives of others from shipwreck or other peril of the sea, endangered their own lives, and that such award shall be made only on a recommendation to Us by the President of the Board of Trade.

"Sixthly.—In order to make such additional provision as shall effectually preserve pure this most honourable distinction, it is ordained, that if any person on whom such distinction is conferred be guilty of any crime or disgraceful conduct which in Our judgment disqualifies him for the said Decoration, his name shall forthwith be erased from the registry of individuals upon whom the said Decoration shall have been conferred by an especial Warrant under Our Royal Sign Manual, and his Medal shall be forfeited. And every person to whom the said Medal is given, shall, before receiving the same, enter into an engagement to return the same if his name shall be so erased as aforesaid under this regulation. It is hereby further declared, that We, Our heirs and successors, shall be the sole judges of the circumstance demanding such expulsion. Moreover, We shall at all times have power to restore such persons as may at any time have been expelled to the enjoyment of the Decoration."

And whereas a Warrant was given under Our Royal Sign Manual, bearing date the 12th day of April 1867, in the 30th year of Our reign, intitled a Warrant revoking a Warrant dated the 7th day of March 1856, instituting a new Decoration to be styled *The Albert Medal*, and instituting in lieu thereof two new Decorations, to be styled respectively *The Albert Medal of the First Class*, and *The Albert Medal of the Second Class*:

And whereas the Warrant of the 12th day of April 1867, after reciting the said Warrant of the 7th day of March 1856, proceeded as follows:

"And whereas it has been represented to Us, that mariners and others perform many acts in preventing loss of life from shipwreck and other perils of the sea,

that are not of a character sufficiently daring and heroic to bring them under Our Warrant, above cited, and are yet worthy of some distinguishing mark of Our Royal favour. And whereas We, taking into our consideration that it is expedient to reward such mariners and others who perform heroic actions to prevent loss of life from shipwreck and other perils of the sea, are pleased, in place of the Decoration created by Our Warrant of the 7th March 1866, to institute and create two Decorations, which We are desirous should be highly prized and eagerly sought after, and are graciously pleased to make, ordain, and establish the following Rules and Ordinances for the government of the same, which shall from henceforth be invariably observed and kept.

First.—It is ordained, that one of the said two Decorations shall be styled '*The Albert Medal of the First Class*,' and shall consist of a gold oval-shaped Badge or Decoration, enamelled in bronze, with a Monogram composed of the letters V. and A., interlaced with an Anchor erect in gold, surrounded with a Garter in bronze, inscribed in raised letters of gold. For Gallantry in Saving Life at Sea, and surmounted by a representation of the Crown of His Royal Highness the lamented Prince Consort, and suspended from a dark blue riband of an inch and three-eighths in width with four white longitudinal stripes.

Secondly.—It is ordained, that the other of the two Distinctions shall be styled '*The Albert Medal of the Second Class*,' and shall consist of the like-shaped enamelled Badge, save and except in this Class it shall be entirely worked in bronze, instead of gold and bronze, and suspended from a dark blue riband of five-eighths of an inch in width, with two white longitudinal stripes.

It is ordained that each Medal shall be suspended from the left breast.

Thirdly.—It is ordained that the names of those upon whom We may be pleased to confer either of these Decorations shall be published in the '*London Gazette*,' and a registry thereof kept in the Office of the Board of Trade.

Fourthly.—It is ordained, that anyone who, after having received either of the Medals, again performs an act which, if he had not received such Medal, would have entitled him to it, such further act shall be recorded by a bar attached to the riband by which the Medal is suspended; and for every such additional act an additional bar may be added.

Fifthly.—It is ordained, that the Medals shall only be awarded to those who, after the date of the said Warrant of the 7th March 1866, have in saving or endeavouring to save the lives of others from shipwreck or other peril of the sea, endangered their own lives, and that such award shall be made only on a recommendation to Us by the President of the Board of Trade.

Sixthly.—It is ordained, that '*The Albert Medal of the First Class*' shall be confined to cases of extreme and heroic daring, and that '*The Albert Medal of the Second Class*' should be given in cases which, though falling within the cases contemplated by this Warrant, are not sufficiently distinguished to deserve '*The Albert Medal of the First Class*.'

Seventhly.—In order to make such additional provision as shall effectually preserve pure this most honourable Distinction, it is ordained, that if any person on whom such Distinction is conferred be guilty of any crime or disgraceful conduct which in Our judgment disqualifies him for the said Decorations, his name shall forthwith be erased from the registry of individuals upon whom the said Decoration shall have been conferred by an especial Warrant under Our Royal Sign Manual, and his Medal shall be forfeited. And every person to whom the said Medal is given shall, before receiving the same, enter into an engagement to return the same if his name shall be so erased as aforesaid under this regulation. It is hereby further declared, that We, Our heirs and successors, shall be the sole judges of the circumstance demanding such expulsion. Moreover, We shall at all times have power to restore such persons as may at any time have been expelled to the enjoyment of the Decoration.

And whereas it has been represented to Us, that many heroic acts are performed on land within Our dominions in preventing loss of life from accidents in mines, on railways, and at fires, and other perils on shore:—

"And whereas, We, taking into Our consideration that it is expedient to reward such of Our faithful

subjects and others who perform such heroic acts are graciously pleased to extend the two Decorations styled respectively '*The Albert Medal of the First Class*' and '*The Albert Medal of the Second Class*' to cases of Gallantry in saving life on land; and for the exclusive government of the same, when conferred in such cases, but not otherwise, We are pleased to make, ordain, and establish the following Rules and Ordinances which shall from henceforth be invariably observed and kept.

First.—It is ordained that '*The Albert Medal of the First Class*,' when conferred for Gallantry in saving life on land, shall consist of a gold oval-shaped Badge or Decoration, enamelled in crimson, with a Monogram composed of the letters V. and A., erect in gold, surrounded with a Garter in bronze, inscribed in raised letters of gold, "For Gallantry in Saving Life on Land," and surmounted by a representation of the Crown of His Royal Highness the lamented Prince Consort, and suspended from a crimson riband of an inch and three-eighths in width, with four white longitudinal stripes.

Secondly.—It is ordained, that '*The Albert Medal of the Second Class*,' when conferred for Gallantry in saving life on land shall consist of the like Badge, save and except that it shall be entirely worked in bronze instead of gold and bronze, and shall be suspended from a crimson riband of five-eighths of an inch in width, with two white longitudinal stripes.

Thirdly.—It is ordained, that each Medal shall be suspended from the left breast.

Fourthly.—It is ordained, that the names of those upon whom We may be pleased to confer either of these Decorations shall be published in the '*London Gazette*,' and a register thereof kept in the Office of one of Our Principal Secretaries of State.

Fifthly.—It is ordained, that anyone who, after having received either of the Medals, again performs an act which, if he had not received such Medal, would have entitled him to it, such further act shall be recorded by a bar attached to the riband by which the Medal is suspended; and for every such additional act an additional bar may be added.

Sixthly.—It is ordained that the Medals shall only be awarded to those who, in saving or endeavouring to save the lives of others from accidents in mines, on railways, or at fires, or other peril within Our dominions, other than perils of the sea, have endangered their own lives, and that such award shall be made only on a recommendation to Us by the First Lord of Our Treasury.

Seventhly.—It is ordained, that '*The Albert Medal of the First Class*' for Gallantry in Saving Life on Land shall be confined to cases of extreme and heroic daring, and that '*The Albert Medal of the Second Class*' for Gallantry in Saving Life on Land shall be given in cases which, though falling within the cases contemplated by this Warrant, are not sufficiently distinguished to deserve '*The Albert Medal of the First Class*.'

Eighthly.—In order to make such additional provision as shall effectually preserve pure these most honourable Decorations, it is ordained, that if any person on whom either of such Decorations is conferred be guilty of any crime or disgraceful conduct which in Our judgment disqualifies him for the same, his name shall, by an especial Warrant under Our Royal Sign Manual, be forthwith erased from the register of those upon whom the said Decoration shall have been conferred, and his Medal shall be forfeited. And every person to whom the said Medal is given shall, before receiving the same, enter into an engagement to return the same if his name shall be so erased as aforesaid under this regulation. It is hereby further declared that We, Our heirs and successors, shall be the sole judges of the circumstance demanding such expulsion. Moreover, We shall at all times have power to order that any person who may at any time have been expelled shall be restored to the enjoyment of the Decoration.

Provided always that the preliminary steps and inquiry concerning the award of either Albert Medal inscribed "For Gallantry in Saving Life at Sea," shall if the award be to anyone belonging to the Royal Navy or to the Royal Marines, be with the Lords Commissioners of the Admiralty, and in other cases with the President of the Board of Trade.

Secondly.—It is ordained that a Registry of the names of those persons belonging to the Royal Navy or the Royal Marines upon whom We may be pleased to confer either Albert Medal inscribed "For Gallantry in Saving Life at Sea," shall be kept in the Office of the Lords Commissioners of the Admiralty.

Given at Our Court at St. James's, the twelfth day of March, one thousand eight hundred and ninety one, in the fifty-fourth year of Our reign.

GOOD CONDUCT MEDALS AND GRATUITIES.

Extracts from the King's Regulations and Admiralty Instructions.

SEAMEN.

718. Men holding any of the ratings specified as eligible for these awards in Appendix VI., who entered the service prior to the 1st of January 1880, may be recommended for the Good Conduct Medal and Gratuity, under the following rules. Pensioners who return to the service within five years of their being pensioned may be recommended for the Medal, but not for the gratuity.

2. To entitle a man to a Medal—

- (a.) He must have served for 10 years with continuous Very Good character, and must never previously have been awarded a character below Very Good, unless for a period not exceeding one year in his first five years reckoning for pension.
- (b.) He must have been recommended for it on his Certificate for the three consecutive years immediately preceding his application.
- (c.) He must be recommended for it by the Captain under whom he is serving when he becomes eligible.

3. To entitle a man to a Gratuity—

- (a.) He must have served for 15 years with continuous Very Good character, and must never previously have been awarded a character below Very Good, unless for a period not exceeding one year in his first five years reckoning for pension.
- (b.) He must have been awarded the Medal and have never forfeited it.
- (c.) He must have been recommended for the Gratuity on his Certificate for the three consecutive years immediately preceding his application.
- (d.) He must have been continuously awarded a character above Good since he received the Medal until pensioned.
- (e.) He must be recommended for it by the Captain under whom he is serving when his pension is applied for.

4. After a man has been awarded seven years of such continuous Very Good character as will under these Regulations count towards the Medal, and should his character continue to be Very Good, the Captain will add to the character of Very Good given on his Certificate, whenever he is required to record it, the letters M. R. (Medal Recommended) should he consider him deserving thereof from his invariable Very Good conduct and Exemplary manner of performing his duties. After 12 years of such Very Good character, the Captain will in like manner add the letters G. R. (Gratuity Recommended).

5. Exemplary is in all cases to be considered as equivalent to Very Good for Medal and Gratuity purposes.

6. Should the Captain see fit to withhold the required recommendations he will record fully his reason in the Conduct Book.

No service can reckon for Medal or Gratuity which does not also reckon for pension.

7. A break in service, not due to desertion, dismissal, imprisonment, or misconduct on the man's part, will not be considered as breaking the continuity of his Very Good character, or of recommendations for Medal or Gratuity, provided that he rejoins within five years, or, if invalided, so soon as the state of his health permits.

8. Desertion, reduction to the second class for conduct, imprisonment, or the award of character less than Good during any portion of the time which reckons for pension, shall render a man absolutely ineligible for Medal or Gratuity, except as provided for in clauses 10, 11, and 12.

10. Imprisonment by the Civil Power shall not prejudice a man's claim to Medal or Gratuity, unless it shall have been so directed by the Admiralty, if the man were serving at home at the time, or, if abroad, by the Commander-in-Chief.

11. In order not entirely to exclude from the honour of a Medal a man who may have committed himself in the early years of his service reckoning for Pension, but who may have since become a Very Good character, the Admiralty will consider (with reference to the grant of a Medal without Gratuity) the case of any man who can show 15 years of continuous Very Good character, and who has been recommended as prescribed in Clause 2, (c), of this Article, notwithstanding anything he may have done, or any character which may have been awarded to him, except Bad or Indifferent, in his previous service.

12. The Admiralty will also consider the case of any man who would be excluded under the foregoing Regulations, but who may be specially recommended on account of his having shown highly Exemplary conduct in action, or otherwise; in such cases, however, a Gratuity will not be awarded.

13. The scale for Gratuities shall be as follows:—

Chief Petty Officers, having served as £	
Chief and First Class Petty Officers for not less than 10 years.. ..	20
First Class Petty Officers, having served as such for not less than 10 years ..	15
Second Class Petty Officers, having served as such for not less than seven years..	10
Leading Seamen, having served as such for not less than five years.. ..	7
Able Seamen, and others	5

Gratuities will not be given to men who serve after being pensioned.

14. In cases where the man recommended may not have served the full period to entitle him to the Gratuity applicable to his rating, he shall receive such lower rate, with reference to his combined service in several capacities, as in the opinion of the Admiralty, it may be proper to award him.

15. Names of men recommended for Medals and Gratuities are to be transmitted to the Admiralty, on the established form by the Commanders-in-Chief and Senior Officers at Home and Abroad, and the District Captains of Coast Guard, so soon as the men become eligible for them, and when the approval of the Admiralty has been received, the Medals when possible, are to be presented before the Ship's Company by the Captain of the ship. A complete history of Badges, showing the dates of award, deprivation, and restoration, must be given on the copies of certificate sent into Office.

16. Should the man's conduct not have been satisfactory pending the presentation of the Medal, it is to be withheld, and the particulars of the case reported to the Admiralty.

17. It must be distinctly understood that Medals are only granted on the condition that the recipients continue to serve for Long-Service Pension, unless invalidated, and that, in the event of a man who has been granted a Medal declining to go on serving to complete such time, he shall surrender the Medal on his discharge, unless he has completed fifteen years of service, reckoning for pension, in which case he may retain it.

18. If it be desired that men who have received Medals should also be given Gratuities, separate application must be made for the latter on the men being recommended for Pension.

19. In the case of men in the Service before the 1st of July 1876, previous Very Good character will be allowed to reckon for Medal and Gratuity, provided their conduct had been such as to render them deserving thereof under these Regulations.

20. Between the 1st of July 1876 and 30th June 1880 inclusive, Exemplary character only will reckon towards Medals and Gratuities, and not Very Good.

21. If a man die after the award of his medal, any gratuity to which he may be entitled will be paid to his widow, or next of kin if dependent on him, provided he shall have completed time for Long Service Pension.

22. These Regulations apply to the Coast Guard Afloat and on Shore.

719. A Good Conduct Medal will be awarded to any man holding one of the ratings specified as eligible for the award in Appendix VI., who entered after the 31st of December, 1884, provided he serves for 15 years with continuous Very Good character, subject to the conditions stated in Clause 2, and provided he has been recommended for the award by his Captain, on his Certificate, for the three consecutive years immediately preceding his application, and is also recommended by the Captain under whom he is serving when he becomes eligible.

This applies to all boys who were under training, and to all boys who were under the age of 18, on the 31st December 1884.

3. Desertion and Reduction to the Second Class for Conduct (except one reduction within the first five years of a man's time, provided restoration takes place, within eight months, in consequence of continued good conduct for six months from the date of reduction, under the provisions of Clause 9 of Article 741) will render a man absolutely ineligible for the award of a Good Conduct Medal, except as provided for in the following Clause.

8. While 15 consecutive years of Very Good character, with previous character not inferior to Good, in service reckoning for Pension, will thus be necessary to entitle a man to a Good Conduct Medal, the Admiralty will nevertheless consider any recommendation which may be made, under special circumstances, on behalf of a man who can show 15 years of continuous Very Good character, although he may be disqualified under Clause 2 for the award of a Medal under the ordinary Regulations.

4. After a man eligible for a Good Conduct Medal under Clause 1 has been awarded 12 years of such continuous Very Good character as, under these Regulations, will count towards the Medal, and should his character continue to be Very Good, the Captain, if he considers him deserving thereof, is to enter in the column provided for the purpose whenever he is required to assess the man's character on his Certificate under Article 765 the letters M. G. R. (Medal and Gratuity Recommended) in the case of a Continuous Service Man, and the letters M. R. (Medal Recommended) in the case of a Non-Continuous Service man. When the assessment is entered on the Conduct Sheet, and not on the Certificate, the letters M. G. R. or M. R. are to be entered thereon.

5. Clauses 6 to 10, and 15 to 18, inclusive of Article 718, are applicable to men who enter after the 31st of December 1884.

6. From the date of the award or restoration of a Medal a Continuous Service Man, provided his character be maintained, will commence earning a Gratuity at the rate of £1 a year, not to be paid until

pensioned, unless he is invalided in the meantime when he will be paid the proportion due, viz.:—

If discharged after 1 year from date of award or restoration of Medal				£
"	"	2 years	"	1
"	"	3 years	"	2
and so on.				

To this will be added for each year's service in the following ratings after the date of the award of the Medal:—

	£	s.	d.
Chief and 1st Class Petty Officer ..	2	0	0
2nd Class Petty Officer ..	1	0	0
Leading Seaman ..	0	10	0
until the maximum is reached, which will be, for a—			

	£	s.	d.
Chief and 1st Class Petty Officer ..	15	0	0
2nd Class Petty Officer ..	10	0	0
Leading Seaman ..	7	10	0
Able Seaman ..	5	0	0

7. Should a man be deprived of his Medal, he will lose all claim to Gratuity, but in the event of the Medal being restored before he is pensioned, not more than the lowest scale of Gratuity, viz., 5s., will be awarded.

8. Should a man be awarded the character of Good, instead of Very Good, after the grant of a Medal, the period of service during which the character of Good is awarded will not count for increase of Gratuity, notwithstanding that the Medal has not been taken away.

9. In cases where men who have completed time for pension re-engage for a further period of five or seven years, and are not at the time of re-engaging entitled to the maximum Gratuity, such further service may count towards it, provided they in all respects comply with the regulations.

10. Should a man be invalided after having been awarded the Medal, and before completion of the full time for pension, he will be awarded the amount of Gratuity to which he may be then entitled by service.

11. Should a man die after the award of his medal, any Gratuity to which he may be entitled will be paid to his widow, or next of kin if dependent upon him.

12. Any man voluntarily quitting the Service before being entitled to a pension will not be entitled to a Gratuity.

13. The foregoing regulations for the award of Good Conduct Medals and Gratuities apply to the Coast Guard Afloat and on Shore.

IV. GOOD CONDUCT MEDALS AND GRATUITIES—MARINES.

1221. Marines afloat or ashore, below the rank of Warrant Officer, entered prior to the 1st of January 1885, may be recommended for the Good Conduct Medal and gratuity under the following rules:—For prisoners who return to the Service within five years of their being pensioned may be recommended for the Medal, but not for the Gratuity.

2. To entitle a Marine to the Medal—

- He must have served for ten years with continuous Very Good character, and must never previously have been awarded a character below Very Good, unless for a period not exceeding one year in his first five years reckoning for pension, provided the character for that year be not below Good.
- He must have been recommended for it on his Certificate for the three consecutive years immediately preceding his application;
- He must be recommended for it by the Captain or Commandant under whom he is serving when he becomes eligible.

A. To entitle a Marine to the Gratuity—

- a. He must have served for 15 years with continuous Very Good character, and must never previously have been awarded a character below Very Good, unless for a period not exceeding one year in his first five years reckoning for Pension provided the character for that year be not below Good;
 - b. He must have been awarded the Medal and have never forfeited it;
 - c. He must have been recommended for the gratuity on his Certificate for the three consecutive years immediately preceding his application;
 - d. He must have been continuously awarded a character above Good from the time he received the Medal until pensioned;
 - e. He must be recommended for it by the Captain or Commandant under whom he is serving when his Pension is applied for.
4. After a Marine has been awarded seven years of such continuous Very Good character as under these regulations will count towards the Medal, and should his character continue to be Very Good, the Captain or the Commandant should here consider him deserving thereof from his invariably Very Good Conduct and Exemplary manner of performing his duties, will add to the Very Good given on his Certificate, whenever he is required to record the Marine's character, the letters M.R. (Medal recommended), and after 12 years of such Very Good character, the Captain or the Commandant will, in like manner, add the letters G.R. (Gratuity recommended).
5. Whenever Exemplary is awarded it shall in all cases be understood as being equivalent to Very Good for Medal and Gratuity purposes. (See clause 17).
6. Whenever the Captain sees fit to withhold the required recommendation, he will record fully his reasons in the Conduct Book, and a copy of this record is to be attached to the next quarterly return. In the case of Marines on shore, the Commandant will do so in the corresponding record at the Divisional Head Quarters.
7. No service can reckon for Medal or Gratuity which does not also reckon for Pension.
8. A break in service caused by a Marine being invalided will not be considered as breaking the continuity of his Very Good character, or of recommendations for Medal and Gratuity, provided should he be eligible for re-entry, he report as soon as the state of his health will permit, and complete the required service.
9. The service of a Marine who reverts to the corps after serving in the Ship's Police or Sick-Birth Staff on probation, will not be considered as broken in continuity with reference to Medal and Gratuity or Pension.
10. Desertion, fraudulent enlistment, reduction to the Second Class for conduct, imprisonment, (when time and pay are forfeited) or the award of character less than Good during any portion of the time which reckons for Pension, shall render a Marine absolutely ineligible for the Medal or Gratuity, except as provided for in clauses 11, 12, and 13.
11. Imprisonment by the Civil Power shall not prejudice a Marine's claim to the Medal or Gratuity unless in the case of a Marine serving at home, it shall have been so directed by the Admiralty, or, if abroad, by the Commander-in-Chief.
12. In order not entirely to exclude from the honour of a Medal, a Marine who may have committed himself in the early part of his service reckoning for Pension, but who may have since been a Very Good character, the Admiralty will consider (with reference to the grant of a Medal without Gratuity) the case of any Marine who can show 15 years of continuous Very Good character, and who has been recommended as prescribed in clauses 2, sub-clause b and 4 of this

Article, notwithstanding anything he may have done or any character which may have been awarded to him, except Bad or Indifferent, in his previous service.

13. The Admiralty will also consider the case of any Marine who would be excluded under the foregoing regulations, but who may be specially recommended on account of his having shown highly Exemplary conduct in action, or otherwise; in such cases, however, a Gratuity will not be awarded.

14. A Marine to whom a Medal has been awarded may be deprived of it summarily for misconduct, by warrant, under the hand of his Captain, subject to the ultimate approval of the Commander-in-Chief, or Officer in command of the Station, or by the Commander of Royal Marines; the deprivation is always to take place publicly, and will carry with it the forfeiture of any claim to Good Conduct Gratuity on discharge. The Medal is to be returned to the Accountant-General.

15. Should a Non-Commissioned Officer holding a Good Conduct Medal be reduced for misconduct he is to be absolutely deprived of his Medal.

16. Desertion, disrating for misconduct, reduction to the 2nd Class for conduct, imprisonment by the Civil Power or otherwise, or the award of a character inferior to Very Good after a Medal has been awarded, entails forfeiture of the Medal, except as provided for in the following Clause 17; but if pensioned within 12 months of his deprivation and before resuming the Medal, the man will be considered in regard to Pension as in possession of the Medal.

17. A Marine may be deprived of his Medal without being deprived of any Good Conduct Badge; and it is left to the discretion of the Captain or the Commandant to take away one Badge without depriving a Marine of his Medal.

Should a Badge be taken away without loss of Medal, the Medal is not to be worn until the Badge is regained.

Should the Badge be not regained within 12 months from the date of deprivation, the Medal is absolutely forfeited, and the deprivation is to take place publicly.

Should two or more Badges be taken away, and not one only, or should a Marine lose a second Badge, his Medal is absolutely forfeited, and the deprivation is to take place publicly.

18. The Good Conduct Medal of a Marine which has been forfeited for misconduct under any of the foregoing clauses may be restored, with the sanction of the Admiralty, on the completion of his time for Pension, provided his character during the last five years of his service has been Very Good.

19. Notations on Parchment Certificates are to be made in all cases of suspension and restoration of Medal in consequence of the loss of a Badge; and also in all cases of absolute forfeiture.

20. The scale for Gratuities shall be as follows:—

Non-Commissioned Officers in Class I. &

Art. 1,232, having served as Staff-Sergeants and Sergeants of Royal Marines for not less than 10 years - - - - 20

Sergeants in Classes II., III., and IV., Art. 1,232, having served as such for not less than 10 years - - - - 16

Corporals and Bombardiers, having served as such for not less than 7 years - - - 10

Gunners, Privates, Musicians, and Buglers - - - 8

Gratuities will not be given to Marines who serve after being pensioned.

21. In cases where the Marine recommended may not have served the full period to entitle him to the Gratuity applicable to his rank, he shall receive such lower rate, with reference to his combined service in several capacities, as may, in the opinion of the Admiralty, be proper to award him.

22. Names of Marines recommended for Medals and Gratuities are to be transmitted to the Admiralty on

the established form, by the Commanders-in-Chief and Senior Officers at Home and Abroad, and the Commandants of Royal Marines, through the Deputy Adjutant-General, as soon as the Marines become eligible for them; and when the approval of the Admiralty has been received, the Medals are to be presented before the Ship's company by the Captain of the Ship, and in the case of Marines on shore, by the Commandants on parade. A complete history of Badges, showing the dates of award, deprivation, and restoration, must be given on the Copies of Certificates sent into office.

23. If, pending the presentation of the Medal, the Marine's conduct has not been satisfactory, it is to be withheld, and the particulars of the case reported to the Admiralty.

24. It must be distinctly understood that Medals are only granted on the condition that the recipients continue to serve for Long-Service Pension, unless invalidated; and that, in the event of a Marine who has been granted a Medal declining to go on serving to complete such time, he shall surrender the Medal on his discharge, unless he shall have completed 15 years of service reckoning for Pension, in which case he may retain it. A Warrant Officer may keep and wear the Medal for Long Service and Good Conduct granted to him before promotion.

25. If it is desired that Marines who have received Medals should also be given Gratuities, separate application must be made for the latter on the men being recommended for Pension.

26. In the case of a man who has served in the Army prior to joining the Royal Marines, and whose former (Army) service after 18 years of age is allowed to reckon towards Naval Pension, only such portion of his Army Service will be allowed as qualifying service for a Good Conduct Medal and Gratuity as would be admitted if the service had been rendered in the Royal Marines instead of in the Army; in determining which, regard must be had to his "Register of Service" in the Army as well as to the character awarded to him on discharge therefrom.

Men who join from the Army must be recommended for Medals and Gratuities for three consecutive years after entry in the Marines before becoming eligible for the award in accordance with Clauses 2 and 4.

27. In the case of Marines in the Service before the 1st July 1876, previous Very Good character will be allowed to reckon for the Medal and the Gratuity, provided their conduct has been such as to render them deserving thereof under these regulations.

28. Between the 1st July 1876 and 30th June 1880 inclusive, Exemplary Character only will reckon towards Medal and Gratuity and not Very Good.

29. If a Marine die after the award of his medal, any gratuity to which he may be entitled will be paid to his widow, or next of kin if dependent upon him, provided he shall have completed time for Long Service Pension.

1,222. A Good Conduct Medal will be awarded to any Marine below the rank of Warrant Officer enlisted after the 31st of December 1884, provided he serves for 15 years with continuous Very Good character, subject to the conditions stated in Clause 2, and provided he has been recommended for the award by the Captain of his Ship, or Commandant of his Division, on his Certificate, for the three consecutive years immediately preceding his application, and is also recommended by the Captain of the Ship, or Commandant of his Division, under whom he is serving when he becomes eligible.

This applies to all Marines who were under the age of 18 on the 31st December 1884.

3. Desertion and Reduction to the Second Class for Conduct (except one reduction within the first five years of man's time provided restoration take place within 6 months in consequence of continued good conduct for 6 months from the date of reduction

under the provisions of Clause 9 of Art. 741) will render a man absolutely ineligible for the award of a Good Conduct Medal, except as provided for in the following clause.

3. While 15 consecutive years of Very Good character, with previous character not inferior to Good in service reckoning for Pension, will thus be necessary to entitle a Marine to a Good Conduct Medal, the Admiralty will nevertheless consider any recommendation which may be made, under special circumstances, on behalf of a Marine who can show 15 years of continuous Very Good character, although he may be disqualified under Clause 2 for the award of a Medal under the ordinary regulations.

4. After a Marine has been awarded 12 years of such continuous Very Good character as will, under these Regulations, count towards the Medal, and should his character continue to be very good, the Captain of his Ship, or the Commandant of his division, should he consider him deserving thereof, is to enter in the column provided for the purpose, whenever he is required to assess the man's character on his Certificate under Art. 765, the letters M.G.R. (Medal and Gratuity Recommended).

When the assessment is entered on the Conduct Sheet, and not on the Certificate, the letters M.G.R. are to be entered thereon.

5. Clauses 6 to 11, 14 to 19, and 22 to 26, inclusive, of Art. 1,221, will be applicable to Marines who enter after the 31st of December 1884.

6. From the date of the award or restoration of a Medal, a Marine, provided his character be maintained, will commence earning a Gratuity at the rate of 1/- a year, not to be paid until pensioned, unless he be invalided in the meantime, when he will be paid the proportion due, viz.:-

If discharged after 1 year from date of award or restoration of Medal	£	s.	d.
" 2 years "	2	0	0
" 3 years "	3	0	0

and so on.

To this will be added for each year's service in the following Ranks after the date of the award of the Medal:-

Non-commissioned Officer in Class I.	£	s.	d.
Sergeant in Classes II., III., and IV.	2	0	0
Corporal and Bombardier	1	0	0

until the maximum is reached, which will be, for a—

Non-commissioned Officer in Class I.	15	0	0
Sergeant in Classes II., III., and IV.	10	0	0
Corporal and Bombardier	7	10	0
Gunner, Private, Musician and Bugler	5	0	0

7. Should a Marine be deprived of his Medal, he will lose all claim to Gratuity, but in the event of the Medal being restored before he is pensioned, not more than the lowest scale of Gratuity, viz. 3/-, will be awarded.

8. After the grant of a Medal, should a Marine be awarded the character of Good, instead of Very Good, the period of service during which the character of Good is awarded, will not count for increase of Gratuity, notwithstanding that the Medal has not been taken away.

9. Should a Marine be invalided after having been awarded the Medal, and before completion of the full time for pension, he will be awarded the amount of Gratuity to which he is then entitled by service.

10. Should a Marine die after the award of his Medal, any Gratuity to which he may be entitled may be paid to his widow, or next of kin if dependent upon him.

11. Any Marine voluntarily quitting the Service before being entitled to a pension will not be entitled to a Gratuity.

Captains and Commanders and Officers of corresponding relative rank	50

In the same manner Medical Officers only will be selected who continue to practise their profession. The nature of their present work as medical men should be stated.

Officers are required to write annually, until they are 55 years of age, on the 1st January, to the Secretary of the Admiralty, stating whether they are still fit to serve. They are to report at once any change in their address, and before proceeding abroad they must obtain the approval of the Admiralty.

Before Officers on the Emergency List enter into any engagement under or on behalf of Foreign Governments or accept any form of employment which may take them away from the United Kingdom, thus rendering them not available for service in H.M. Fleet at short notice, they must first obtain the approval of the Admiralty.

Gentlemen who are invited to place their names on the Emergency List as volunteers to serve in case of emergency will be required to fill up and return a form which may be obtained on application to the Admiralty, showing the nature of the service which they are prepared to offer.

NOTE.—For List of Officers whose Commissions have been restored under these regulations, see p. 721.

Officers of the Reserve called upon to serve in time of war or emergency will receive immediately the rate of pay to which they would have been entitled after four years' service, viz., 17s. a day. If during such period they are injured on duty or lose their lives from causes attributable to the Service, their cases will be dealt with as regards compensation for themselves or pensions and compassionate allowances for their widows and children under the

same Regulations as those for Officers of the same rank on the permanent Active List.

The above Regulations apply to Officers entering the Service after the 1st November, 1903.

RELATIVE RANK OF THE OFFICERS OF THE NAVY AND ARMY.

EXTRACT FROM THE KING'S REGULATIONS.—1892.

The relative rank of Officers of the Navy with each other and with Officers of the Army shall be as laid down in the following Table, and shall in every case take effect according to the dates of their respective commissions, or appointments, except when the relative rank is dependent on the attainment of seniority or completion of service, in which case it shall take effect from such attainment of seniority or completion of service in the particular rank:—

(For Table, as modified by Order in Council of 17th February 1896, see p. 951.)

Nothing contained in these regulations is to give a claim to any Officer of the Navy to assume command of His Majesty's Land Forces on shore, nor to any Officer of the Army to assume command of any of His Majesty's squadrons or ships, or of any of the Officers or men therein belonging, unless under special authority from the Government in England for any particular Service. But when Officers of the Navy are employed on shore on joint service with His Majesty's Land Forces, their relative rank shall carry with it all precedence and advantages attaching to the rank with which it corresponds (except command as aforesaid), and shall regulate the choice of quarters, rates of lodging money, servants, baggage, fuel, and light, or allowances in their stead.

The Precedence of the Naval Commander-in-Chief in the East Indies is regulated by the Royal Warrant of precedence in India.

Under the regulations formerly in force, the precedence of the Officer in command of His Majesty's Forces in any Colony, was dependent on the question whether or not he was entitled to administer the Government of the Colony in the absence of the Governor. But the alteration of circumstances has rendered this arrangement in some cases inconvenient or anomalous, therefore it is His Majesty's pleasure that the following rules be now observed in the Colonies in regard to the precedence of Military and Naval Officers in command of His Majesty's Forces:—

- a. The senior Officer in command of the troops, if of the rank of a General, and the Officer in command of His Majesty's Naval Forces on the Station, if of the rank of an Admiral, are to have precedence next after the Governor, the former relative rank being determined by the Regulations on that subject.
- b. The senior Officer in command of the troops, if of the rank of Colonel or Lieutenant-Colonel, and the Officer in command of His Majesty's Naval Forces on the Station, if of equivalent rank, are to have precedence next after the Bishop and the Chief Justice, their own relative rank being determined by the Regulations on that subject.
- c. If below the rank of Colonel or Lieutenant-Colonel, the senior Officer in command of the Troops, and the Officer in command of His Majesty's Naval Forces on the Station, are to continue to take rank, as has heretofore been the case next after the Solicitor-General.

That the flag officer or officers shall have one-thirtieth part of the whole net proceeds arising from prizes captured from the enemy, and from all other captures and seizures, &c., as aforesaid, made by any of the ships or vessels under his or their command, and of the rewards conferred for the same, according to the following conditions and modifications, save and except as hereinafter provided and directed, that is to say:

When there is but one flag officer he shall have the entire one-thirtieth part; when two flag officers shall be sharing together, the chief shall have two-thirds, and the other flag officer shall have the remaining one-third of the one-thirtieth part; and when there shall be more than two flag officers, the chief shall have one-half of the said one-thirtieth part, and the remaining half shall be equally divided among the junior flag officers; commanders of the first-class and captains of the fleet to share as flag officers; Provided always, That no flag officer, unless actually on board any of our ships or vessels of war, and at the actual taking, sinking, burning, or otherwise destroying any ship or ships of war, privateer or privateers belonging to the enemy, shall share in the distribution of any head money or bounty money granted as a reward for the taking, sinking, burning, or otherwise destroying any such ship or vessel of the enemy.

With reference to flag officers it is to be noted:— That when an inferior flag officer is sent to reinforce a superior officer on any station, the superior flag officer shall not share in any prize taken by the inferior flag officer before he has arrived within the limits of that station, unless the inferior officer shall have received some order directly from, and shall be acting in execution of some order issued by such superior flag officer.

No chief flag officer quitting any station, except upon some definite urgent service, and with the intention of returning to the station as soon as such service is performed, shall share in any prize taken by our ships or vessels left behind after he has passed the limits of the station, or after he has surrendered the command to another flag officer appointed by the Admiralty to command in chief upon such station.

An inferior flag officer quitting any station (except when detached by orders from his commander-in-chief upon a special service, accompanied with orders to return to such station as soon as the service has been performed) shall have no share in prizes taken by the ships and vessels remaining on the station after he has passed the limits thereof.

whether he be or be not within the limits of the station of such flag officer; and in the event of his being directed to join a flag officer on any station he shall be deemed to be under the command of such flag officer from the time when he arrives within the limits of the station, which circumstance is always to be carefully noted in the log-book; and it shall be considered that he continues under the flag officer of such station until he shall have received some order directly from, or be acting in the execution of some order issued by some other flag officer duly authorised, or by the Lord High Admiral, or Our Commissioners for executing the office of Lord High Admiral.

Every commodore of the second class shall share as captain.

SCHEDULE.

A PROCLAMATION.

WHEREAS by an Act passed in the fifty-ninth year of the Reign of His late Majesty King George the third Chapter 25 intituled "An Act to enable His Majesty to fix a rate and direct the disposal of Freight money for the Conveyance of Specie and Jewels on board His Majesty's Ships and Vessels" it is enacted that from and after the eighth day of April one thousand eight hundred and nineteen all freight money to be paid for the Conveyance on board any of the Ships and Vessels of His Majesty his heirs and successors of Gold Silver and Jewels or of any other article which may be by special order received on board the said Ships and Vessels and for which freight shall be payable shall be paid at such rate and distributed and applied for such purposes and divided to and amongst such persons in such proportions and after such manner as His Majesty His Heirs and Successors shall from time to time think fit to order and direct by any Proclamation or Proclamations to be issued for that purpose; and that no freight money or reward shall thereafter be demanded, paid, received, or detained by, to, or for the use or on

account of any person or persons for the Conveyance on board of any of the Ships and Vessels of His Majesty, His Heirs or Successors, of any Gold, Silver, or Jewels, or any other article which may be by Special order received on board the said Ship or Vessel, and for which freight shall be payable, other than for the purposes, and by the person or persons, in the proportion, at the rates, and in the manner to be paid and allowed by Proclamation or Proclamations; and that all bargains, contracts, covenants, and agreements made or entered into for the payment of any freight money, for or in the name or on the account of freight for the conveyance of gold, silver or jewels, or other articles as aforesaid, on board of any of His Majesty's Ships or Vessels, at any rate, or for any other purpose, or by or to any other person or persons or in any other manner or proportions than as aforesaid shall be and the same are by the said Act declared to be utterly void

And whereas by a Royal Proclamation made and issued by His Royal Highness the then Prince Regent in the name and on the behalf of His late Majesty King George the third dated the twelfth day of July one thousand eight hundred and nineteen rates were fixed at which freight should be paid for public and for private treasure respectively and in peace or war and for different voyages as in the said Royal Proclamation were specified.

And whereas by a Royal Proclamation by His late Majesty King William the fourth dated the twenty-third day of April one thousand eight hundred and thirty one the rates of freight fixed by the aforesaid Royal Proclamation dated twelfth July one thousand eight hundred and nineteen were altered.

And whereas by a Royal Proclamation by His late Majesty King William the fourth dated eighth June one thousand eight hundred and thirty one a rate of freight was fixed for the conveyance of gold and silver on board His Majesty's Packets.

And whereas by Our Order in Council dated eighth March one thousand eight hundred and thirty eight: We were graciously pleased to authorise our Commissioners for executing the Office of Lord High Admiral of Our United Kingdom in any special cases which might occur to fix a less sum for the conveyance of Specie and Jewels than is directed by the Royal Proclamations dated respectively twelfth July one thousand eight hundred and nineteen, twenty third April one thousand eight hundred and thirty one, and eighth June one thousand eight hundred and thirty one.

And whereas We have thought fit by and with the advice of Our Privy Council to revoke and annul the aforesaid Royal Proclamations and Order in Council subject as herein-after stated. Now therefore We do hereby revoke and annul the said Royal Proclamations and Order in Council as from and after the thirtieth day of September one thousand eight hundred and eighty eight save and except as to any treasure whether gold, silver, jewels, or other articles which may have been actually shipped before the first day of October one thousand eight hundred and eighty eight, and save and except further than the said Proclamations and Order in Council shall continue to apply as to treasure actually shipped before the said last named date. And We do by this Our Royal Proclamation by and with the advice of Our Privy Council order and direct that on and after the first day of October one thousand eight hundred and eighty eight the rate at which freight shall be paid for the conveyance on board any of Our Ships or Vessels of treasure belonging to parties other than the Crown whether gold, silver, jewels, or other articles which may by special order be received on board any of Our Ships or Vessels shall be one per cent.

And We do hereby further order and direct that the whole amount of the said freight, when received, shall be divided into four parts, and subject to the provision hereinafter mentioned, distributed as follows, that is to say: one fourth to the Flag Officer if any or Flag Officers if more than one on the Station or in the Squadron to which the Ship receiving treasure on board may belong; two fourths to the Captain or Officer commanding such Ship or Vessel, who shall give his receipt or sign the Bill of lading for the treasure; and one fourth to Greenwich Hospital, for the use of that institution.

That when there shall be more than one Flag Officer on a Station, the said one fourth part shall be divided and distributed amongst the several Flag Officers on the Station, in the following proportions, viz:—

If there be but two Flag Officers, the Chief shall have two third parts of the said one fourth, and the other shall have the remaining third part; but if the number of Flag Officers be more than two, the Chief shall have only one half, and the other half shall be equally divided amongst the junior Flag Officers; but if there be no Flag Officer on the Station, or the Ship or Vessel be not under the orders of a Flag Officer then that the Captain or Officer Commanding the Ship or Vessel shall have three fourths, and Greenwich Hospital one fourth.

Provided that such Flag Officer or Flag Officers shall not be entitled to claim his or their respective share or shares in such freight money, otherwise than on condition that he or they shall, before the gold, silver, jewels, treasure, or other articles aforesaid shall be put on board such Ship or Vessel, have entered or caused to be entered in a public order book on board the Ship of the Commander-in-Chief or the Senior Flag Officer commanding on the Station or in the Squadron to which such vessel belongs or delivered to the Captain or Officer commanding such ship or vessel, or in case of a Junior Flag Officer absent from the Commander-in-Chief, unless such junior Flag Officer shall have delivered to the Commander-in-Chief to be entered in the said order book, an engagement in writing, in form or to the effect following:—

I, A.B., am desirous of partaking in the advantages, with the risks attendant thereon, arising out of the conveyance of treasure under a contract of affreightment in any of the ships or vessels in the squadron [or in the particular ship, as the case may be]. And I hereby engage to make good to the Captain or Captain, Officer or Officers, commanding such ships or vessels respectively [or ship or vessel, as the case may be], such part of any loss or damage for which he or they may be liable in respect to the gold, silver, treasure, or other articles so carried on freight, and which he or they respectively shall have actually paid and satisfied, as shall be in proportion to the share or interest in the said freight money to which I may be entitled.

And that such share or shares of the Flag Officer or Flag Officers as aforesaid, to which he or they shall not be entitled under the conditions hereinbefore expressed, shall go and belong to the Captain or Officer commanding the ship or vessel in which the gold, silver, treasure, or other articles shall be carried on freight as aforesaid.

That in the event of loss or damage which may happen to the gold, silver, jewels, or other articles so received for conveyance and which may have been made good or satisfied by the Captain or Officer commanding the ship exceeding the total freight money, Greenwich Hospital shall not be entitled to receive any sum on account of such freight; and in cases in which the said loss so made good or satisfied may not amount to the whole of the freight money, Greenwich Hospital shall be entitled only to its proportion of the balance of freight money over and above such loss or damage.

That Commodores, with Captains under them, and Captains of the Fleet, are to be considered, agreeably to the rules of the service, as Flag Officers; and Commodores, without Captains under them, shall, with respect to freight, be also considered as Flag Officers when in command of a Station.

That when the Captain or Commander, or his agent, shall have received the freight, he shall pay over to the Senior Flag Officer if any and to the Director of Greenwich Hospital, without delay, their respective shares, and the Captain shall be held responsible to both for any loss which may occur through his neglect or delay in receiving or paying the same; but if there be any question or difficulty as to the payment, he is to apprise the Senior Flag Officer if any and the Director of Greenwich Hospital respectively of the causes of such delay.

That the Captain or Officer commanding, on receiving any treasure on board any of Our Ships or Vessels, shall transmit to the Senior Flag Officer, when such Captain or Officer commanding shall be under a Flag Officer, and in every case to the Director of Greenwich Hospital, and to the Secretary of the Admiralty, a return of the amount of such treasure, and of the freight paid or to be paid thereon.

That when the treasure shall, during the voyage, be transhipped into one or more ships, the freight shall be divided, pro rata itinera, among the Flag Officers, and Captains who may be entitled to share therein, according to the services performed by the different ships respectively; and if any difficulty or dispute shall arise respecting such division or distribution, any party interested therein may refer the same to the Commissioners for executing the Office of Lord High Admiral of Our United Kingdom and the decision or orders of the said Commissioners or any two of them, as to such division or distribution, shall be final and conclusive thereon.

That in order to prevent any doubt or misunderstanding as to the rate or distribution of freight on gold, silver, jewels, or other articles, as aforesaid received on board flag ships, or any other of Our ships and vessels, and to prevent any private agreements inconsistent with these regulations, all Flag or other Officers are expressly forbidden to receive on board any of Our ships or vessels any gold, silver, jewels, or other articles as aforesaid, upon any agreement or condition as to freight or the payment or distribution thereof different from these regulations, or to take, demand or receive any sums other than those established by these regulations. Any question, as to freight, loss, damage, or any share thereof, which may arise between any Officers, or between any Officer or Officers, and the Directors of Greenwich Hospital, and upon which they do not agree, shall be submitted to, and decided by, the said Commissioners or any two of them, and their determination shall be final and conclusive upon all persons interested.

That these rules and regulations shall be in force on and after the first day of October aforesaid and shall be thenceforth taken and understood to be the established rules and custom of Our Naval Service, on the several particulars to which they refer, till they shall be revoked or otherwise altered by any Proclamation or Proclamations to be issued by Us.

Given at Our Court at Osborne House, Isle of Wight, this tenth day of August, in the year of Our Lord One thousand eight hundred and eighty eight and in the fifty second year of Our reign

GOD SAVE THE QUEEN

NOTE.—Under former Proclamations the liability of the Commanding Officer in the event of any loss of the treasure was restricted to three fourths of the amount thereof corresponding to the amount of freight received by him and the Flag. If it be desired to preserve this limitation, which however will be matter of bargain with the Shippers of the treasure, the following words should be added to the usual form of Bill of Lading:—

And it is hereby stipulated and agreed between the said and the Shipper and Owners and Consignees of the said that in case of Loss or Damage happening to the said Gold, Silver, Jewels, or other Articles as aforesaid, the Captain or Officer commanding such Ship or Vessel as aforesaid shall not be holden liable or responsible for more than Three fourths of the Amount of such Loss or Damage.
